FOREWORD

This 1953 Year Book of the Christian Churches and their Agencies is made available through the office of The International Convention of Disciples of Christ. Splendid cooperation was received from State and Provincial Secretaries, National Boards, ministers and church secretaries. These and others have joined to make possible this comprehensive volume of the activities of our religious group known in government statistics as Disciples of Christ.

The information contained herein is furnished by the churches and organizations listed, and was up to date at the time the Year Book went to press. All factual data was compiled by the Year Book staff and the book is a monumental task considering the many colleges, state offices, national organizations and churches from which this information was gathered. Every effort has been made to prevent errors in its compilation and to make the book as accurate as possible.

Participation in the Year Book is voluntary and all churches and organizations are invited to cooperate in this annual summary of the Disciples of Christ. We encourage your use of all the reports and statistics contained here. Make this book live in the lives of those who attend our churches to work and worship.

Together We Build.

The Editor.

All-Canada Committee of the Churches of Christ

O. W. McCully, General Secretary
332 Bloor Street, West, Toronto, Ontario, Canada

HISTORY AND PURPOSE

A conference of Canadians in attendance at the International Convention of Disciples of Christ in 1921 expressed a desire for closer unification of the work of the Churches of Christ in Canada.

Later in 1921 a team of four including George H. Stewart of Winnipeg, visited many of the churches across Canada. The idea of an All-Canada Conference was presented and discussed.

The Conference was held late in May, 1922, at Poplar Hill, Ontario. George H. Stewart was elected Chairman of "The All-Canada Continuation Committee."

Listed as purposes the following items were prominent.

1. Greater unity of the Church.
2. Secretarial leadership that would include all of Canada and all phases of the work.
3. A Headquarters office or clearing house for the many and varied activities of the Churches across Canada.
4. Literature—The first move in this way was "The Canadian Disciple" which was first published in January, 1923.
5. Stewardship of Life and Means.

The Committee sponsors an All-Canada Convention once in two years. The Convention appoints the Continuation Committee which carries on the work between Conventions.

ALL CANADA COMMITTEE OF THE
CHURCHES OF CHRIST
ANNUAL REPORT

ANNUAL REPORT

The year 1952-53 was marked by more than ordinary activity in almost all the Churches of Christ in Canada—The Canadian Long Range Program was being launched. The reaction of the Churches to this program has been favorable in almost every way. The Churches have accepted worthy goals and most of them are promoting them effectively with excellent results in attendance, additions, stewardship, leadership training and finances.

Mrs. Geo. H. Stewart served as Chairman till the All-Canada Convention, August 28 to September 1, 1953, at Weymouth, N. S. Mrs. Stewart's deep concern, never failing zeal and high Christian purpose have been a mighty influence among all our people across Canada.

D. R. MacDonald of Halifax, N. S., is the new All-Canada Chairman. He is a layman of real ability and a churchman of wide experience and deep devotion.

During the year the Ontario Convention bought property and are in the process of developing a Conference Ground. It was announced at the Maritime Convention that a very fine property had been donated as a Conference Ground by Mr. and Mrs. R. M. Johnston at South Range, N. S. Mr. Johnston has completed a year of service as Secretary-Evangelist for the Maritime area under the direction of the Maritime Convention.

Mrs. Ronald Hambleton has returned to Canada after two years in Europe and has resumed her work as editor of *The Canadian Disciple*.

One of the constant problems of the Canadian Churches has been to secure and support adequate leadership. We are pleased to report that the College of Churches of Christ has been successful in securing James G. Clague as Principal of the College. He began his work July 1, 1953.

A very successful All-Canada Convention was held at Weymouth, N. S., at the close of the year. The reports were encouraging, attendance and spirit were excellent.

The Churches in Canada are looking forward to the World Convention to be held in Toronto, August 16-21, 1955.

Association for the Promotion of Christian Unity

George Walker Buckner, Jr., Executive Secretary
222 S. Downey Avenue, Indianapolis 7, Indiana

HISTORY AND PURPOSE

At the Topeka Convention in 1910, Peter Ainslie, the Convention's president, called his fellow Disciples to a new commitment to their original plea for Christian unity.

A result of this appeal was the forming of the Association for the Promotion of Christian Unity. The organization in the first few years of its existence was known as the Council on Christian Unity. Its announced purpose was:

"To watch for every indication of Christian unity, and to hasten the time by intercessory prayer, the holding of friendly conferences, and the publication and distribution of Christian unity literature, and to advocate the practice of love and fellowship among Christians."

The Association operates through a governing board of 25 Commissioners. The Commissioners are elected for three-year terms, their election being approved by the International Convention of Disciples of Christ. The Commissioners meet annually at the time of the meeting of the International Convention. One responsibility of the annual meeting is to choose the officers for the coming year. These constitute the executive committee which acts for the Association between annual meetings. The officers are the president, two vice-presidents, the treasurer, and the executive secretary.

While the scene has changed, the Association's purposes remain. Its task is the cultivation of Christian unity through literature, through conferences among Disciples and in the larger fellowship, and through participation in the growing ecumenical movement.

The Association accepts responsibility from the International Convention for confronting the churches with the need for financial support of interdenominational agencies of cooperation on local, state, national and world levels. It helps make possible Disciple participation in many interdenominational assemblies and conferences and in their ongoing efforts to clear away barriers to unity. The Association's continuing purpose is to bring to Disciples and others a deepening sense of the compelling need for a united church.

FORTY-THIRD ANNUAL REPORT

Executive Secretary, George Walker Buckner, Jr.

In its forty-third year of operation the Association for the Promotion of Christian Unity carried on a considerably enlarged program. The work has been conducted on a purely voluntary basis.

Officers: Since the Commissioners of the Association meet only at the time of International Convention assemblies, responsibility for directing the work through the year falls on the officers who form the executive committee. This committee has been particularly active. Especially helpful was a two-day planning conference held jointly with members of the Faith and Order Committee.

Council Relations: The Association continues to accept responsibility from the International Convention for promoting Disciple support of the National and World Councils of Churches. The response has been increasingly generous. In 1952 Disciples gave to the National Council of Churches \$56,211.94, of which \$16,760.40 came from the local churches. Disciples met their full quota of \$15,237.50 to the World Council of Churches, \$10,244.20 of this coming from 370 local churches. The Association also contributed toward the expense of Disciple representatives to meetings of Council executive committees.

Area Representatives: Myron C. Cole of Portland, Oregon, and G. Edwin Osborn of Enid, Oklahoma, have been active throughout the year as Area Representatives of the Association. Three other commissioners stand ready to accept similar responsibilities in other areas as soon as modest expense funds can be provided.

Ainslie Lecture: Basil Holt, our Special Representative in South Africa, continues to be responsible for the Peter Ainslie Memorial Lecture. The Lecture was given this year by the Dutch Reformed pastor, A. M. Meiring, at Witwatersrand University.

Union Negotiations: The Association has expended more than \$1,000 in the past year in making possible Disciple representation at meetings of the Baptist-Disciple commission and of the Conference on Church Union (Greenwich). The Association's executive committee, together with the Executive Secretary of the International Convention, will represent Disciples in future conversations with the American Baptists. It is expected that within the year the Conference on Church Union will release a tentative plan for study by Christian unity commissions and similar groups.

Literature Project: A special committee was appointed two years ago to produce a simple piece of unity literature for use in local churches. The committee has brought out a study book under the authorship of Dr. Howard Elmo Short. This booklet, *Christian Unity Is Our Business*, was published by the Christian Board of Publication and sent by the Association to Disciple pastors and state and national secretaries. It is hoped that it will have wide use among our churches. Other literature distributed included two mailings to ministers and that used in conferences and sent in answer to inquiries.

Committee on Faith and Order: Disciple delegates to the Lund Conference on Faith and Order accepted appointment as the Association's Committee on Faith and Order. Perry E. Gresham is chairman and Ronald E. Osborn is editorial and executive secretary of the committee. Members have written articles for 9 magazines. Addresses by members of the committee include those made at 10 state conventions, 7 ministers' institutes, 6 colleges and seminaries, 3 faculty groups, and over 30 other meetings among Disciples. Committee members have also addressed 11 interdenominational groups. A major project has been the preparation of *A Response to Lund*. This *Response* was presented to the Geneva meeting of the World Council's working committee on Faith and Order in August. It was mailed to all Disciple ministers and educators. Interdenominational leaders have said that no other church has as faithfully and intelligently sought to interpret Lund to its constituency as have Disciples.

Committee on Ecumenical Fellowship and Service: The Association joined The United Christian Missionary Society and the International Convention Committee on Relief Appeals in forming the Committee on Ecumenical Fellowship and Service. Robert Tobias, who has completed his eight years of service with the World Council, has accepted the directorship of the committee. A major purpose is to interpret the work which Disciples and others have been doing in various parts of Europe through the World Council. Mr. Tobias works with an administrative committee made up of two representatives from each supporting group. Throughout the year he will be speaking at conventions, assemblies, and meetings of ministers, colleges and seminaries and other groups, and will do much writing. He continues to serve the World Council as a Special Representative. The Association regards this as a particularly significant program.

Finance: Receipts from Unified Promotion in 1952-53 amounted to \$7,170.04. Offerings from individuals and churches designated as over-and-above percentages amounted to \$750. Expenditures for the year were \$8,841.69. Increased responsibilities, such as the work of the Committee on Faith and Order and the Committee on Ecumenical Fellowship, and obligations related to the 1954 Evanston Assembly of the World Council, make inevitable in 1953-54 spendings of nearly \$4,000 beyond the \$8,000 expected through Unified Promotion. While this will mean a serious reduction in the Association's small reserves, no alternative action seems wise.

CERTIFICATE OF AUDITOR

I have audited the books of the Association for the Promotion of Christian Unity for the year ending June 30, 1953, and find that the annual statement of income and expense is correct.

I find further that all payments by the Association have been properly authorized and charged against specific items in the budget.

Respectfully submitted,
William T. Percy, Indianapolis, Ind.

November 4, 1953.

Board of Church Extension of Disciples of Christ

William T. Percy, Executive Secretary
222 South Downey Avenue, Indianapolis, Indiana

History and Purpose

The Board of Church Extension has 18 members. These members are elected for a 3-year term, therefore, each year 6 are elected for a term of 3 years by the International Convention. Out of the 18 members 9 trustees are elected. The trustees elect the officers. Church Extension reports to the International Convention.

The purpose of the Board is to assist Christian churches and organizations in the planning and financing of church buildings, building sites and parsonages.

The sources of its funds are: Offerings from churches and individuals through Unified Promotion; Annuity gifts; Bequests; Named Fund gifts and Trust Fund deposits.

The Board of Church Extension cooperates with: The national agencies of Disciples of Christ; state and provincial societies; city and area organizations of Christian churches.

The following services are rendered by Church Extension:

Loans to churches for the erection of new churches and educational buildings, the remodeling of existing buildings, the purchase of sites for new buildings, the purchase of new equipment related to buildings (such as pews, heating and cooling, organ, etc.).

Loans to state and city societies for the purchase of parsonages to be used by staff members.

Interest-free loans to mission churches. The emphasis on mission churches clearly highlights the new frontier into which our Brotherhood is moving. It is the frontier of America's rapidly expanding cities and towns.

Trust funds (a depository for building or other investment funds) currently paying 3% interest per annum, compounded semiannually.

Financial counseling with churches concerning the financial implications of their building projects (no charge).

Leadership in financial campaigns and dedications.

Architectural counseling.

How to Secure a Church Extension Loan:

1. Consult the advisory architect of the Board of Church Extension before employing a local architect.
2. Request a visit from a Church Extension staff member for conference on over-all plans—no charge for this service.
3. Employ local architect and secure detailed plans and specifications.
4. Secure bids on your project.
5. Have in hand at least 50% of the total cost of the project before construction begins. An additional 25% of the total cost should be raised during construction and on dedication day.

AUDITOR'S CERTIFICATE

Board of Church Extension of
Disciples of Christ
222 South Downey Avenue
Indianapolis, Indiana

January 28, 1953

Gentlemen:

We have examined the accounting records of the Board of Church Extension of Disciples of Christ, Indianapolis, Indiana, pertaining to its financial position at December 31, 1952, and to its operating results for the year then ended. We have reviewed the accounting procedures of the corporation and have examined or tested accounting records and other supporting evidence to the extent we deemed appropriate.

In our opinion, the accompanying Balance Sheet, Statement of Income and Expense—General Fund, and Statement of Fund Accounts, subject to the notes relative thereto, present fairly the financial position of the Board of Church Extension of Disciples of Christ at December 31, 1952, and the results of its operations for the year then ended.

CARTER, KIRLIN AND MERRILL

Certified Public Accountants

Loans Closed: During 1952, 176 churches received loans totaling \$2,192,104.69. Forty-four of these were, all or in part, for parsonages.

Loans Promised But Not Closed: On December 31, 1952, there were 119 loans promised but not closed totaling \$1,494,854.80. Since that date many of these loans have been closed.

Loans Paid: During 1952, the balances of 97 loans were paid in cash.

Interest-free Loans: During 1952 there were 47 interest-free loans closed totaling \$154,683.34. On December 31, 1952, there were 14 interest-free loans promised but not closed, totaling \$38,540.00.

Bureau of Architecture: During 1952, the Bureau served 421 churches. These churches were served by preliminary sketches, review of architect's drawings, color schemes, conferences, etc.

NAMED FUNDS

The establishment of a Church Extension Named Fund provides a unique method of honoring devoted Christian people. It also provides a method whereby individuals and churches are enabled to express their special interest in the work of Church Extension.

A Named Fund may be established by a gift of \$5,000.00 or more. In case the fund is established by an individual, the annual payments shall be \$500.00 or more until an amount of \$5,000.00 has been paid. When the fund is established by a church, the annual payments shall be \$300.00 or more until \$5,000.00 has been paid.

Board of Higher Education of Disciples of Christ

Harlie L. Smith, President

222 S. Downey Avenue, Indianapolis 7, Indiana

History and Purpose

The Board of Higher Education is a successor organization of a Board of Education which grew out of informal meetings of college presidents and others interested in higher education. This Board of Education was chartered in 1914 and continued in existence until the late thirties when the work of higher education was merged with the United Christian Missionary Society. In 1938 a new Board of Higher Education was chartered and the work of the former department of higher education became the responsibility of the new Board.

The membership of the Board consists of elected members who are laymen, lay women, and ministers, and the heads of member institutions who are ex-officio members. Together these groups total sixty.

The Board is concerned with the education of youth in an atmosphere of Christian influence. This concern is expressed in liberal arts colleges, universities, seminaries, Bible chairs and Bible colleges, and student work foundations. A coordinate concern is the training of young people for vocations of the church, and is expressed through these same institutions.

Since these two concerns are carried on through member institutions, the Board has a responsibility to assist them in making them strong and vital.

The Board also serves in a program of recruitment of leadership. Here again, there is close cooperation with the member institutions and other agencies with recruitment programs.

The Board is the representative of Disciples of Christ in many ecumenical activities as they relate to higher education. For example, the Board represents the Disciples in the National Council of Churches of Christ in the U.S.A. on the Commission on Higher Education and in the Department of Life and Work. It also serves on the Commission on Christian Higher Education in the Association of American Colleges.

It represents the interests of higher education in many conferences for joint planning among the many boards of Disciples, and is the organization through which the institutions of higher education are related to the International Convention.

It is the channel of two-way communication at the national level between the churches and the institutions.

It serves institutions and churches in areas in analytical studies of the needs for new or different means of serving post-high school youth in an educational way.

A small staff makes more activities impossible, desirable as additional services might be.

ANNUAL REPORT

A. INSTITUTIONS

The year 1952-53 was slightly less difficult for Disciple colleges than was the year preceding. This is not to indicate that their problems have been solved but some progress toward solution can be noted.

The deficits experienced were not as large as anticipated. Some slight reductions of operating expenses were possible without materially impairing the quality of the education offered. Further reductions in the future can markedly reduce the quality, however.

In several instances, income was greater than anticipated. There were several factors which combined to account for this more favorable picture. Our institutions are dependent in large measure upon income derived from tuition, and when enrollments change so does this resource. Enrollments did not decline as much as was predicted a year ago. Actually, the decline is too small to be treated statistically. Some of the institutions, therefore, received more from student fees than the year before. We have probably reached the low point in enrollment this year, and a modest but steady increase is predicted for the next six or seven years.

Affecting fiscal operations positively was the increased support of higher education by the church. This is still quite low but it is improved and shows promise of advance in the future.

Another source of income is relatively new but promising. This is the increasing willingness of corporations to grant aid to private and church related colleges through state organizations.

These three factors combine to brighten but not to solve the financial problems of the colleges. Much remains to be done.

B. BOARD OF HIGHER EDUCATION

The Board of Higher Education has just completed a year of emphasis on Christian Higher Education. Many things were done but many more were left undone because of lack of resources in money and personnel.

The Board, at the request of the constituencies, completed the survey of one institution and carried through a survey of the second college.

In cooperation with The College of the Bible, the Board participated in the planning and execution of a ministerial recruitment conference for

ANNUAL REPORT

college juniors and seniors from institutions and all types in a ten-state area.

Further work and plans for recruitment were projected into the next year including a study of the present ministry and recruitment conferences on four or five different campuses.

Studies for the teaching of stewardship and churchmanship as taught in college and seminary were made by the Board.

A study of the seminary student made this year revealed many implications for our programs of recruitment and training of the ministry.

In cooperation with the Foreign Division of the United Christian Missionary Society, plans are being developed for more adequate facilities for the education of nationals of our foreign fields in institutions of America.

The Board continued to carry on ecumenical relationships with various church bodies through two commissions on Christian higher education, one of the National Council of Churches of Christ in the United States of America, and one with the Association of American Colleges.

Brazil Christian Mission

W. O. French, Chairman
Wm. A. Cook, Mission Agent
Guymon, Oklahoma

HISTORY AND PURPOSE

Brazil occupies the major portion of the vast continent of South America which has truly been acclaimed "Christianity's blackest failure." Out of the neglect of this nation, The Brazil Christian Mission received its impetus to organize and send out the first missionaries of the Christian Churches to evangelize Brazil.

First begun as "The Lloyd Sanders Missionary Fund," the Brazil Christian Mission had its genesis at Johnson Bible College in May of 1943 when the 50th Anniversary graduation class organized the fund to send out and support Lloyd David Sanders, their fellow classmate, to Brazil. In August of 1947 it was decided that the "fund" should be reorganized in order to enlarge and stabilize its work. The name was changed to "Brazil Christian Mission."

The mission now functions with a Board of Representatives whose purpose it is to aid the missionaries in every way possible, to insure the continuation of the work, to hold mission property in trust for God, to represent the mission on the home front, and to advise the missionaries as to matters of policy, selection of new recruits, etc. It is in no sense a controlling faction of the mission. Its members are selected by the missionaries, serve without remuneration, and though having a voice in general policy, leave to the missionaries the responsibility "for the ministry of the Word, the establishment of Churches, the recruiting of native evangelists and teachers, and all other such duties as relate primarily to the mission field." A field association of the missionaries of the B.C.M. functions in Brazil to govern all matters pertaining to the field itself.

The missionaries draw support from those who see the merit of the work, who realize the need of the lost in Brazil, and who count it worthy of support. It is entirely dependent on Churches, classes and individuals who voluntarily contribute to the cause. Each missionary seeks Living-Link and Service-Link support, plus support for special projects.

Lloyd David Sanders and wife, Ruth, were the first missionaries of our brotherhood to go to Brazil, landing there in March of 1948. The Ewing family and Miss Ruth Spurgeon joined the work in April, 1950, and Miss Ellen Case in September, 1951.

The purpose of Brazil Christian Mission is evangelistic from beginning to end: To win souls to Jesus Christ, to establish "New Testament" churches, and to form a preacher training school for the education of young nationals who will carry out the complete evangelization of Brazil.

Beginning in, and centered around the new capital city of Goiania, Goias (called "The Heart of Brazil" because of its central location), B. C. M. aims to carry the gospel of Christ to as many as possible in as little time as is feasible using any and all appropriate means. Our aim is that no method shall become an end unto itself but that rather the heart and core of each program inaugurated shall be the conversion of sinners into Sons of God. At present these methods include: evangelistic services with regular and circuit preaching, Daily Vacation Bible Schools, Christian Day School, Preacher Training School, literacy program, medical assistance, printing and distribution of tracts, and a radio ministry.

September, 1951, Miss Ellen Case

The most celebrated victory of the Brazil Christian Mission in the past year has been the erection and dedication of a new house of worship for the congregations of Vila Nova and Botafogo near Goiania. The new building not only serves as a house of worship, but also houses the Christian Day School, a registered school for Christian education for the elementary grades, and the newly established Preacher Training School.

Another milestone has been the opening of work in the city of Silvania. This city, more than a century old and with 20,000 population, had no evangelical work of any kind until the opening of the work there this year by the Brazil Christian Mission. A study group has now been formed and the entire town has been canvassed and approached with the gospel by means of Christian tracts.

"In the beginning was the Word" (John 1:1)

The Word of God has been distributed to the people of interior Brazil through the Christian Day School, preaching, itinerate evangelistic tours, personal canvasses and other personal contacts. In the past year the mission has distributed or sold 121 Bibles and New Testaments, bringing the five-year total to nearly 16,500. 13,965 gospel tracts were distributed in the past year, making the five-year total 38,965. The mission has mimeographed 6,760 copies of various gospel helps.

"Go ye therefore and preach" (Matt. 28:20a)

The missionaries and national workers have made five extensive evangelistic tours in the past year, have held 7 evangelistic meetings, have 5 regular preaching points, have 2 organized congregations and carry on a regular evangelistic program which includes children's work, youth groups, a women's meeting, prayer and study sessions and weekly Bible Schools. A total of over 400 services have been held in the past year. A weekly half-hour radio program which is a Portuguese translation of the American, "Christian's Hour," proclaims the gospel over the most powerful radio station in central Brazil, sending it out over both short wave and stand-

and broadcast. A total of 34 of these programs have been presented in the past year.

"Baptizing them" (Matt. 28:20b)

In 1952 there were 86 baptized believers, located in at least five locations, standing as living epistles known and read of all men. Nineteen of these were added within the past year, 10 by immersion and 9 by transfer of membership.

"Teaching them to observe" (Matt. 28:20c)

Two children attended the first Bible class in September, 1948. Sunday School now meets regularly in five locations. The Christian Day School, which is a registered school for general primary education, teaches practical Christianity and centers life about Christ with daily devotions and a weekly chapel period. The school enrollment averages 69 each semester. It employs three national teachers and is superintended by the missionaries. Adult Christians are taught to read the word of God through the mission's literacy program which is carried on both in classes and individually. The Laubach method is used.

"Jesus went about doing good"

In Christian love and example, homes are set up to teach the way of the Lord in the home life and daily contact. Used clothing from the United States is distributed to the needy through the women's group of the Vila Nova congregation. Medical aid and education in matters of hygiene are given with the compassion of the "Healer." In the past year 727 persons received medical attention from the registered mission nurse.

The Reward: "And he that reapeth receiveth wages, and gathereth fruit until life eternal: that both he that soweth and he that reapeth may rejoice together." (John 4:46.)

Christian Board of Publication

Oreon E. Scott, Chairman of the Board

Wilbur H. Cramblet, President

2700 Pine Blvd., St. Louis 3, Missouri

HISTORY AND PURPOSE

The proposition of a Brotherhood-owned publishing house was first officially brought before our people in the National Convention at Richmond, Virginia, in 1907. At this time a committee was appointed to explore the matter and make a report at the New Orleans Convention in 1908. The committee reported progress at that convention and asked for a continuation of time, which was granted. The committee again reported in the Pittsburgh Convention in 1909, at which time a request was granted for a smaller and more compact committee which could thoroughly explore all the problems involved.

Seven weeks after the Centennial Convention in Pittsburgh in 1909 the committee reported through *The Christian-Evangelist*, the acquirement of the Christian Publishing Company by R. A. Long of Kansas City, who had purchased plant, equipment and publications of the former company which was to become the nucleus of a Brotherhood Publishing House.

The Christian Board of Publication was chartered by the State of Missouri as a nonprofit publishing company in 1911. The original investment, including property, plant, equipment, etc., amounted to \$404,307.95. This investment has now grown to \$2,000,000.00 and another \$1,000,000.00 has been turned back to religious educational, missionary, benevolent and other agencies of Disciples of Christ.

The purpose of this Brotherhood-owned publishing house is to serve the churches of Disciples of Christ by publishing *The Christian-Evangelist*, a journal of information, interpretation and inspiration; by publishing periodicals, books and curriculum materials to propagate and support an effective program of Christian education in the local church, and by providing through convention service and other channels audio-visual materials, Bibles, books and all other supplies which are essential for an ongoing program of Christian teaching, Christian evangelism and Christian stewardship in the local church.

In providing this service to the churches of Disciples of Christ, the Christian Board of Publication cooperates with all state and national agencies of Disciples of Christ, with the National Council of the Churches of Christ in the United States of America, and with educational and publishing boards of other communions.

CHRISTIAN BOARD OF PUBLICATION
ANNUAL REPORT

ANNUAL REPORT

The Christian Board of Publication was established in 1911, a successor to the Christian Publishing Company. Its organization and early development were made possible by gifts from Mr. R. A. Long totaling more than \$404,000. Since its establishment the Directors of the Board have added to the capital account a total of \$1,090,028.43. As of December 31, 1952, the total assets of the Board were \$1,901,793.94.

The net income and surplus of the Christian Board of Publication not needed for extension of the business in accordance with the terms of its charter are "turned over to and paid into the treasury of missionary, benevolent, church extension, educational societies or other agencies of the Christian Church, Disciples of Christ." (See Articles of Association, Section 6, third paragraph, 1911.)

The Board of Directors during 1951 and 1952 made direct contributions as follows:

1951

Special Services

In addition to making direct contributions to various agencies and societies of the Christian Church, the Christian Board of Publication underwrites the cost of various publications and services in support of the total program of the Brotherhood. The cost of these services in 1952 was more than \$150,000.00.

The Christian Board of Publication is contributing to the financial support and training of children's workers in the several states. At the present time it is helping to underwrite the cost of national training schools and area institutes for youth workers. Plans are under way to extend this program to include workers in the intermediate and senior fields.

The Christian-Evangelist

The Christian-Evangelist celebrates this year its ninetieth anniversary, tracing its genealogy back to the first issue of *The Gospel Echo* which appeared in 1863. In October, 1882, under the guidance of James Harvey Garrison and B. W. Johnson, two papers with long genealogies, *The Christian* and *The Evangelist* were merged to form *The Christian-Evangelist* of today.

For nearly a century this journal—including its tributaries—has sought to interpret through editorials and articles the message and mission of our movement in positive and irenic terms. Week by week it records the inspiring events and progress of the local churches as they are established or as they grow strong in service and influence. It undertakes to give encouragement and support to the cooperative agencies of the Brotherhood as they carry on their missions of service.

The Christian-Evangelist endeavors to keep its readers informed of the significant trends in the Brotherhood life and the movements throughout the Christian world. It seeks to keep its readers alive to the essential issues of the day; to instruct them in the cardinal doctrines of the Christian faith and to develop within them the deepest spiritual qualities by devotional articles and a general tone of spiritual earnestness and challenge. *The Christian-Evangelist* begins the celebration of its ninetieth anniversary with the largest circulation in its history.

Church School Publications

In order to serve the churches and church schools of Disciples of Christ, the Christian Board of Publication has cooperated with the curriculum committee of the United Christian Missionary Society. It endeavors to provide curriculum materials that will enable our churches and church schools to plan more effective programs of Christian teaching, Christian stewardship, Christian evangelism and Christian service.

The Third Year Primary Graded Course has been completely rewritten and is available for use in the children's division of the church school. A new edition of the First Year Junior Graded Lessons was published in 1952 and new Second and Third Years will be published in 1953 and 1954, respectively.

PM Pack No. 6 and the Fellowship Manual No. 1, distributed in 1952, were well received. These will be followed in 1953 by PM Pack No. 7 and Fellowship Manual No. 2, planned for the youth program of the church.

The Christian Board of Publication has published, and is in the process of publishing, books for special study groups and daily vacation Bible schools, recommended by the Home and State Missions Planning Council,

requested by the Cooperative Publishing Association, or developed through the curriculum committee.

All Bethany Graded Lessons, Bethany Uniform Lessons, Elective Courses and other texts are in increasing demand by churches of the Disciples of Christ. The sales of these products in 1952 were the largest in the history of the Board. Statistics indicate that churches whose enrollment constitutes more than 68% of the church school enrollment of the Disciples of Christ use Bethany materials.

In order to give churches and church schools the advantage of the latest and best methods and materials your publishing house cooperated with the agencies of the Disciples of Christ and with educational boards and with publishing houses of other communions in the planning of curriculum materials.

Other communions have adopted Bethany teaching materials as their official curriculum, which materials are furnished to them under their own imprint.

Church Supplies

Through its Merchandise Department the Board undertakes to make available to the churches miscellaneous equipment and supplies needed to improve the effectiveness of the total church program. This department is responsible for the distribution of various worship materials, including Bibles, *Christian Worship—A Hymnal* and *Christian Worship—A Service Book*.

Bethany Bookstore

The Bethany Bookstore was established in 1941 to serve ministers and laymen of the Disciples of Christ who may be visiting in or passing through St. Louis and those who live in the metropolitan area. It also serves religious workers of all other communions in the immediate area.

It carries a large and varied stock of religious books and supplies, and while it is not an extremely large store, it is reputed to be the largest exclusively religious store west of the Mississippi River. Its stock of Christian art includes reproductions of the work of many painters, both the Old Masters and those of today. A comprehensive line of communion ware and communion table appointments is maintained.

Bethany Press

Plans are under way for the further development of the book-publishing program of The Bethany Press. In this connection the Board will seek to publish books which will render a service and contribution to the religious life of the Brotherhood of Disciples of Christ, and to a more effective witness of the Christian Church throughout the world.

Buildings and Equipment

During the year, substantial increases were made in plant and equipment. In December, 1952, the Board purchased a new building adjacent to its present property. The building is being remodeled to provide facilities for the executive offices, the editorial department, church school sales and merchandising.

The Bethany Bookstore will occupy the corner of this building on Beaumont and Pine. Facilities will include adequate assembly and conference rooms, which will be made available for church groups meeting in St. Louis. Formal opening is scheduled for December, 1953. A chapel to be located on the third floor, will be made available at a later date.

ACCOUNTANTS' REPORT

To the Board of Directors,
The Christian Foundation,
Columbus, Indiana.

We have examined the balance sheet of The Christian Foundation as at December 31, 1952 and the related statements of fund principal and income for the year then ended. Our examination was made in accordance with generally accepted auditing standards, and accordingly included such tests of the accounting records and such other auditing procedures as we considered necessary in the circumstances.

In our opinion, the accompanying balance sheet and statements of fund principal and income, together with the comments thereon, present fairly, on a cash basis, the financial position of The Christian Foundation at December 31, 1952, and the results of its fund income and expenditures for the year then ended, in conformity with generally accepted accounting principles applied on a basis consistent with that of the preceding year.

S. D. Leidesdorf & Co.

I hereby certify that the above is a true and exact copy of the Accountants' Report as included in the audit of The Christian Foundation prepared by S. D. Leidesdorf & Co., Certified Public Accountants, as at December 31, 1952.

Disciples of Christ Historical Society

Claude E. Spencer, Curator

Joint Universities Library, Nashville, Tennessee

HISTORY AND PURPOSE

The Disciples of Christ Historical Society was established May 7, 1941, in St. Louis, Missouri, with the approval of the International Convention then in session. The organization of the new agency came as a result of the work of the Historical Commission appointed by the 1939 convention which met in Richmond, Virginia.

The first five years were spent largely in surveying the field, correlating the interests of various groups, and making plans. In 1946 the Society accepted the offer of Culver-Stockton College to set up its headquarters and archives there with the privilege of using the Henry Barton Robison Collection as a nucleus around which the Society would build its own collection of materials.

On April 2, 1952, the Society moved to its new location in the Joint University Library, Nashville, Tennessee. This came as a result of a called meeting of the Board of Directors in St. Louis, Missouri, November 29, 1951, when the decision was made to move the headquarters, archives and library to Nashville by the first of June, and to start full-time operation with a staff of three people.

The Society is the only organization among Disciples of Christ whose sole purpose is the locating, collecting, cataloging and arranging for use the historical materials of the brotherhood. The archives, library and museum contain thousands of books, pamphlets, periodicals, manuscripts, documents, letters, church records, photographs, and illustrative materials concerning those religious groups which have grown from the work of Elias Smith, Abner Jones, James O'Kelly, Barton W. Stone, Thomas and Alexander Campbell, and others who revolted from the autocratic sectarianism of the early nineteenth century.

The resources of the Society are open to all persons, regardless of race or creed, and the curator at all times is willing to advise graduate students, research workers, and all who are seeking a knowledge concerning the Disciples of Christ, Churches of Christ, and the Christian Church.

The Society is not an opinion-forming group. Its function is the locating, collecting, cataloging and making available for use historical material.

Hundreds of people, churches, publishers and organizations have contributed thousands of items to the archives and library. Experience has shown that a safe place for the keeping of valuable things, from rare books to bits of museum material, has been welcomed by those who are conscious of the need for the preservation of our religious heritage.

ANNUAL REPORT—1952

During the year the Society became a full-time service agency whose sole purpose is the locating, collecting, processing and cataloging of materials about the Disciples of Christ and related religious groups. This was accomplished because of a subsidy offered the Society by a city-wide committee of Nashville, Tennessee.

The move to Nashville was made April 2, and headquarters, archives and library started operating June 1 with a staff of two members, Claude E. Spencer, curator, and Christine Buder, secretarial assistant. July 1 W. P. Harman came to the staff as general representative, but he resigned October 1.

The receipt of materials has been very satisfactory. At the beginning of the year the custom of sending official receipts was inaugurated, and 408 such receipts were issued to 244 individuals, churches, institutions and organizations for 9,492 items. In addition, 191 books were received through exchange, and a few by purchase.

Outstanding gifts were made by Miss Cora Harris, Macomb, Illinois; Mr. and Mrs. Rees Shanks, Canton, Missouri; and Mrs. William B. Ardery,

Paris, Kentucky, and Miss Evelyn Spencer, Ashland, Virginia, who gave the correspondence and papers of their father, I. J. Spencer, together with books from his library.

Three churches placed their original records with the Society for safe keeping: The Christian Church, Canton, Missouri; The Christian Church, Wellsburg, West Virginia; and the Central Christian Church, Huntington, West Virginia.

Much of the work of the staff during the year has been the processing of materials. Books and pamphlets accessioned and cataloged total 2,851. Catalog cards were made for an additional 1,344 books accessioned previous to the move. More than 15,000 cards have been added to the catalog since June 1. Equipment for binding books, purchased late in 1951, enabled the curator to bind 117 volumes of periodicals during out-of-office hours.

No accurate record has been kept concerning the use of the library and of services rendered. Much of this service was given through the mail. The curator has counselled with graduate students concerning their theses, advised the authors of books, and helped with the indexing of books. Books and other materials have been loaned to individuals and libraries.

Since our organization exists only for the services it gives, a system has been set up beginning January 1, 1953, that will enable an exact statistical report of those services to be made in the future.

At present, we are housed rent-free, with lights and janitor service furnished, in the Joint University Library. In five years it will be necessary for the Society to move to another building. Looking forward to that time, Hart, Freeland, and Roberts, Nashville architects, have been engaged to make plans for our own building. These plans will be released during the coming year.

The only financial support that the Society has is from memberships (individual, congregational, institutional, and organizational) and the Nashville subsidy which decreases each year for the next four years, when it is terminated. In order to continue its work, the Society must have the support of the brotherhood as a whole through memberships and gifts.

Disciples of Christ Historical Society
Nashville, Tennessee

Gentlemen:

We have examined the statement of cash receipts and disbursements of the Disciples of Christ Historical Society for the year ended December 31, 1952.

Cash receipts were verified from duplicate deposit slips and bank statements. Cash disbursements were verified from cancelled checks and classified according to the apparent purpose of the expenditure. The cash balance, December 31, 1952, was satisfactorily reconciled with statements furnished by the depository.

In our opinion, all cash, as recorded on the records of the Disciples of Christ Historical Society, has been properly accounted for.

Respectfully submitted,

The European Evangelistic Society

Dean E. Walker, President

Post Office Box 1010, Indianapolis 6, Indiana

HISTORY AND PURPOSE

The European Evangelistic Society came into existence largely through the efforts of Dr. Ludwig von Gerdell of Berlin, Germany, and those associated with his work in this country and in England. Among the latter were B. A. Abbott, Edwin Errett, R. H. Miller, Will Robinson and Charles Reign Seoville. From its inception the Society has been affiliated with the International Convention.

The work from the beginning has been of an educational character. During its first stage, seminars were conducted in European universities in an attempt to awaken university students to the dangers to the Church latent in those forces ultimately converging in Nazism.

The intervention of World War II made work in Europe impossible for a number of years. Meanwhile, plans were laid for the re-entry of the Society into Europe as soon as conditions warranted.

To this end Professor Earl Stuckenbruck, after completing his work at Butler University, went to England for further study of European university life.

The Distinctive Character of Our Work

It was and is the purpose of the Society to establish a college adjacent to and ultimately to be affiliated with a university. After extensive investigation Tubingen was selected as the most suitable location.

The purpose of this college is to present within the framework of European university scholarship the ideals and experience of Disciples of Christ in their attempt to realize for themselves and share with the Church universal the genius of New Testament Christianity.

Our basic purpose is expressed in the light of a fundamental conviction: that our apprehension of Christian truth and life can best influence the Church universal *by introducing it into the intellectual and theological framework of European academic life.*

Refugees from Eastern Europe are now pouring into Germany. Many come from homes which have been previously touched by movements similar to Disciples of Christ. They differ from us in some degree yet are our kinfolk.

We may anticipate a day when the Church will again be free to proclaim the Gospel in Eastern Europe. If we are to have a share in the redemption of those oppressed peoples it will be necessary for us to have a ministry through which we may work. The educational program to which the Society is committed lends itself to the accomplishment of that end. Some denominations have sought to meet the emergency by the creation of special training schools. Our program has envisioned the education of a ministry within the best theological and academic tradition in order to give distinction and academic soundness to the ministry representing us. We believe this approach to be in harmony with our own history and commensurate with the character of Christianity.

ANNUAL REPORT

It was and is the purpose of the Society to establish a college adjacent to, and ultimately to be affiliated with, a university. After extensive investigation, Tübingen was selected as the most suitable location.

The purpose of this college is to present within the framework of European university scholarship the ideals and experience of Disciples of Christ in their attempt to realize for themselves and share with the Church universal the genius of New Testament Christianity.

It is our conviction that these experiences, gathered over more than a century and a half, have disclosed values which we ought to share with others. As we have so large a debt to European Christians, so we must not be reluctant to share with Europe that residue of truth which we have been led to cherish.

Our basic purpose is expressed in the light of a fundamental conviction: that our apprehension of Christian truth and life can best influence

the Church universal *by introducing it into the intellectual and theological framework of European academic life.*

It is perhaps important to call attention to the tremendous increase in refugees from Eastern Europe now pouring into Germany.

Many of them come from homes which have been previously touched by movements similar to our own. They differ from us in some degree yet are our kinfolk.

We may anticipate a day when the Church will again be free to proclaim the gospel in Eastern Europe. If we are to have a share in the redemption of those oppressed peoples it will be necessary for us to have a ministry through which we may work. The educational program to which the Society is committed lends itself to the accomplishment of that end. Some denominations have sought to meet the emergency by the creation of special training schools. Our program has envisioned the education of a ministry within the best theological and academic tradition in order to give distinction and academic soundness to the ministry representing us. We believe this approach to be in harmony with our own history and commensurate with the character of Christianity.

We are neither unaware nor unappreciative of the contributions being made to ecumenical Christianity by other agencies and enterprises. We have no desire to be in competition with these efforts. Rather, ours is a specific and limited mission, seeking to provide a supplement to work otherwise accomplished.

The funds accruing to the Society from the Crusade made possible opening this new work in Tübingen and the purchase of a site for the college. This land lies in the south side of the city of Tübingen between two major highways.

The building has been approved by the necessary authorities in the city of Tübingen and plans have been drawn by an eminent architect.

Clearance for the first step to secure \$15,000 for the building campaign has been given by the Commission on Budgets and Promotional Relationships. Mr. and Mrs. Stuckenbruck have now resumed their labors in Tübingen, Germany, after a two-year furlough in the United States and confidently anticipate further successful witness to New Testament Christianity in Europe.

International Convention of Disciples of Christ

Gaines M. Cook, Executive Secretary

620 K of P Building, Indianapolis 4, Indiana

HISTORY AND PURPOSE

The International Convention of Disciples of Christ is the outgrowth of our first General Convention held in Cincinnati, Ohio, October, 1849. The present organization of the International Convention (serving churches in United States and Canada) dates to 1917. The Convention office with a full-time staff was opened on October 1, 1946. The incorporation of the Convention was approved at the Cincinnati Assembly in October, 1949.

The Convention office coordinates the commissions and committees appointed each year at the International Convention Assembly and compiles the annual Year Book of Disciples of Christ. Its major task is to efficiently organize and present the annual International Convention Assembly. The office regularly contacts all railroads, airlines and bus companies concerning the transportation problems of our Brotherhood.

The Convention office attempts to coordinate the Public Relations Department of the various member agencies so that we meet the problem with a united front. Press service is provided at each annual assembly for promoting the actions taken during the business sessions. Important issues are publicized through newspapers and radio releases.

The Preamble to the present Constitution states clearly the purposes of the International Convention and its relationship to the local churches and to member service agencies.

“Whereas, There is a widespread feeling among Disciples of Christ that a closer cooperation among their various missionary, education, benevolent and other agencies, and a more general fellowship in their common efforts for the extension of the Kingdom of God in the world would result in greater efficiency;

“Therefore, We, members of Churches of Disciples of Christ in convention assembled, reaffirming our steadfast adherence to the independence and autonomy of the local churches and disavowing any control over our congregations or missionary, educational, and benevolent agencies other than that which is advisory, and inviting the fellowship of all brethren in the accomplishment of these ends, do hereby adopt the following: . . .”

The Portland Assembly

The Portland Assembly was held after the close of the year. However, the entire task of preparation, including promotion and program arrangements, was made during the year closing June 30. Total registered attendance was 8,402, plus 700 children enrolled in the program arranged for them.

Assistant Secretary

Robert L. Lewis, who began his first full year of service on July 1, has been of invaluable help in securing budget underwriting with the largest receipts, \$49,796.45, and largest number of churches, 1,507, participating in our history. Mr. Lewis gave months of service in publicizing the Portland Assembly and was responsible for publicity releases at the Assembly, assisted by Ralph Neill, Local Chairman. He edited the 1952 Year Book, assisted by Mrs. Lucille Funke and staff. As Transportation Secretary, he has assisted the entire Brotherhood through information and arrangements for travel. In addition to these responsibilities he has assisted the Executive Secretary in the general program of Convention administration.

Recording Secretary

Miss Gertrude Dimke, faithfully records the minutes of each Assembly and is responsible for disseminating information regarding actions taken by each Annual Assembly. In addition to this, she is the personal secretary to the Executive Secretary and records the financial transactions of the Convention office.

Convention Relationships

Sixteen national boards reporting to the International Convention of Disciples of Christ constitute a relationship known as "organized work." Each affiliated organization is autonomous. However, these boards serve in behalf of the entire Brotherhood and secure their support from the local churches. The International Convention is a medium through which annual reports are made to the entire Brotherhood through the Year Book and the Annual Assembly. The Assembly is a mass meeting made up of those who register and attend and whose function is to commend, endorse, and make constructive suggestions for the service of these units of work. The philosophy of the International Convention is that of enlisting voluntary cooperation and of establishing responsibility.

The entire budget of the International Convention is underwritten by local congregations through annual appropriations to the treasury. We submit our annual audited report in the Year Book.

Respectfully submitted,

Gaines M. Cook, Executive Secretary

Board of Directors
International Convention of Disciples of Christ
Indianapolis, Indiana

Gentlemen:

We have examined the cash records of the International Convention of Disciples of Christ for the year ended June 30, 1953, for the purpose of verifying the receipts and disbursements for the year.

In our opinion, the attached statement of financial condition and the related statements of income and expense and net balances present fairly the result of the year's transactions.

The working balance in the Year Book Fund represents only a temporary balance, which will be absorbed as a reduction of costs of the 1953 Year Book when its net cost is assessed to participating organizations after issuance.

Yours very truly,

Action—VOTED to approve the appointment.

Report of the Committee on Time and Place

The report was presented by Executive Secretary Gaines M. Cook as follows:

The Committee on Time and Place confirms, with commendation, arrangements authorized by the Board of Directors of the International Convention to hold the 1954 Assembly at Miami, Florida, October 26-31, and recommends approval by the 1953 Assembly.

The Committee on Time and Place recommends that because of the fact that the World Convention of Churches of Christ is scheduled in Toronto, Canada, August, 1955, no general Assembly of the International Convention be scheduled during the year of 1955. It is further recommended that a limited number of Area Assemblies be held by the International Convention in October, 1955.

It was the consensus of opinion of the Time and Place Committee that the International Convention and affiliated agencies mutually assume responsibility for arrangements for group meetings and housing.

Action—VOTED to approve the report as submitted.

Mrs. Edna Matthews, Superintendent of the Florida Christian Home for the Aged, sent a communication with greetings to the friends of Miss Mary Kelly. She reported Miss Kelly's continuing interest in the Convention and the Causes reporting to it.

A unanimous vote approved the sending of greetings in behalf of the Convention to Miss Mary Kelly.

The report of the Committee on Necrology was presented by James L. Sandlin, Chairman, referring to the list of deceased ministers and educators as shown on pages 5, 6, 7, of the Portland Assembly Program Book, 1953. The Chairman conducted a brief Memorial Service in connection with the report.

No. 32

A Proposal to Amend Article V, Sections 1 and 3 "Committees," of the By-Laws of the International Convention of Disciples of Christ

Submitted to the Chicago Assembly of the International Convention of Disciples of Christ as Resolution No. 65 amended by Resolution 70, and accepted May 23, 1952, for action at the next Annual Assembly.

It is proposed that to Article V, Section 1 of the constitution of the International Convention there be added a sub-section (e) to read as follows:

"(e) Subject to confirmation by the Convention the Committee on Recommendations shall elect a committee of fifteen to nominate officers of the Convention and members of the Board of Directors for election by the Convention; that no officer of the Convention, or member of the Board of Directors, shall be a member of this Committee; that as far as possible the members be chosen from different territorial sections of our Brotherhood; that this Committee shall serve from one Assembly to the next; and that it be financed by the Convention."

Signed,

Vere H. Rogers, William A. Knight, Paul E. Hubele,
Bruce B. Matthews, C. W. Long, Ralph E. Bureman,
Truce Lewellyn, Lloyd V. Channels, Floyd B. McCarthy,
A. Garnett Day, Stanley H. Dysart, B. C. Bobbitt,
William F. Pitman, Cromwell C. Cleveland,
George R. Whipple, David L. Kratz, Harry Owens,
Thomas C. Polk

Note: 1. If this amendment is adopted, the procedure in the Committee on Recommendations would be:

In its first session each year it would appoint its committee to bring in names for nomination to membership on the Convention Nominating Committee; this committee would bring in its report to the Committee on Recommendations in sufficient time to allow for election by the Committee and confirmation by the Convention, so that the newly elected Nominating Committee could meet and organize before the Convention Assembly adjourned. The Nominating Committee would then have the full period between Assemblies to make its study and prepare its report.

INTERNATIONAL CONVENTION BUSINESS RESOLUTIONS

Note: 2. If this amendment is approved, it is understood that Section 3, Article V, would be rewritten to bring it into conformity with the new provision, i.e., deleting from functions of the Convention President the duty of appointing a Nominating Committee.

The Committee on Recommendations recommends the receiving and filing of this proposal for amendment to the constitution and by-laws subject to the constitutional provision for voting on the said proposal at the next regular Assembly.

Action—VOTED approval by the Convention Assembly of the recommendation of the Committee on Recommendations re the receiving and filing of proposed amendment as submitted.

Note: Reference should be made to proposed amendment submitted in Business Item No. 65 for which No. 70 is to be considered as a substitute.

The Committee on Recommendations recommended approval of the amended sections as shown above. It was noted that the proposed amendment had been filed at the Chicago Assembly in 1952 in accordance with the By-Laws of the Convention.

Action—VOTED approval of the revision as recommended by the Convention Assembly. The Chair declared the amendment adopted by a two-thirds vote, or more.

No. 33

Application for Membership in the International Convention of Disciples of Christ from the National Christian Missionary Convention, Disciples of Christ

Submitted to the Chicago Assembly of the International Convention of Disciples of Christ as Resolution No. 67 and accepted May 23, 1952 for action at the next Annual Assembly.

To The International Convention of Disciples of Christ assembled in Chicago, May 19, 1952
Greetings:

The National Christian Missionary Convention is a non-profit corporation chartered in the state of Tennessee with general headquarters at 222 South Downey Avenue, Indianapolis, Indiana. The purpose is to co-operate in the preaching of the Gospel of Jesus Christ; to promote the cause of evangelism; to foster and maintain a program of Christian Education, Missions, and Benevolence among the Christian churches of the Brotherhood, to perform such general supervisory functions as the best interest the work may require; and to cooperate with the International Convention, the United Christian Missionary Society, Unified Promotion and other Brotherhood agencies and boards and movements for the furthering of the world program of the church, and to work with other religious movements chosen by the Brotherhood.

By order of the trustees and officers of the National Christian Missionary Convention, we hereby make application to become a reporting and cooperating member agency of the International Convention of Disciples of Christ, according to Article VI of the constitution of the International Convention or any other resolutions pertaining to membership.

Whatever constitutional changes are necessary to meet the requirements for membership will be presented to the annual assembly of the National Christian Missionary Convention in Los Angeles, California, August 1952, and will follow provisions made by the constitution for its amendment with a pledge of membership.

Signed,

Blair T. Hunt, President

Emmett J. Dickson, Executive Secretary

R. L. Saunders, Secretary of Corporation

The Committee on Recommendations recommends that the application for membership in the International Convention of Disciples of Christ by the National Christian Missionary Convention be received and filed in accordance with provisions of the constitution of the International Convention.

Action—VOTED approval by the International Convention Assembly of the recommendation to receive and file the application of the National Christian Missionary Convention.

REPORT FROM THE BOARD OF DIRECTORS, INTERNATIONAL CONVENTION OF DISCIPLES OF CHRIST ON APPLICATION OF THE NATIONAL CHRISTIAN MISSIONARY CONVENTION FOR MEMBERSHIP IN THE INTERNATIONAL CONVENTION OF DISCIPLES OF CHRIST

A committee appointed by the Board of Directors of the International Convention conducted a hearing on the application of the National Christian Missionary Convention for membership in the International Convention of Disciples of Christ, March 19, 1953. All member agencies reporting to the International Convention were notified of the hearing and many of them were represented. Those present from the National Christian Missionary Convention were: Emmett J. Dickson, Executive Secretary of the Convention, R. H. Peoples, Mrs. Berniece A. Holmes and Richard L. Saunders.

Opportunity was given for a complete statement regarding the organization and work of the applying agency and questions were raised by International Convention representatives and agencies, all of which were satisfactorily answered.

The reasons for membership application were summarized as follows:

1. There is a desire to be part of the general Brotherhood and to establish responsible relationship thereto.
2. Smaller churches of this group need to take their fair share in Brotherhood life and it is felt that Convention membership will make it possible for the Brotherhood program to be channeled to every church.
3. A wider outreach in evangelism is needed and it is felt that Negro churches can make a stronger claim in evangelistic appeals if they can be more closely identified with the entire Brotherhood.

The hearing brought out the complete story of the struggle of our Negro churches and revealed the heroic leadership of the past. It was pointed out that democratic procedures have developed to the place that members of Negro churches desire to share more fully in the creative work of the Brotherhood rather than to be considered as a mission field.

One of the pertinent questions discussed was regarding the eligibility of one Convention having membership in another. The fact was established that the National Christian Missionary Convention is in effect an agency of the Brotherhood dealing with a particular constituency; that while it has elements of a Convention, it is largely an agency set up and designed to administer programs in various fields.

Consideration was given to ways and means of providing for Negro representation on the Committee on Recommendations. This is a problem which will need to be faced, but it was the consensus of the conference that this could be worked out. Membership in the International Convention, if approved, will call for further consideration of this problem. It was voted

That the investigating committee recommend to the Board of Directors of the International Convention that the National Christian Missionary Convention in its agency aspects be admitted into the International Convention of Disciples of Christ and that the Board of Directors be requested to present a favorable recommendation to the Portland Convention Assembly.

Signed: G. Gerald Sias
James A. Stuart
Gaines M. Cook

The Committee on Recommendations approved the report on the application as shown above and recommended the National Christian Missionary Convention for membership in the International Convention of Disciples of Christ.

Action—VOTED approval of the application as recommended, by the Convention Assembly. The Chair declared the application approved by a two-thirds vote, or more.

No. 34

Report of Study Committee on Week of Compassion

I. Introductory Statement

The Board of Directors of the International Convention of Disciples of Christ presented a resolution to the Convention Assembly at its meeting in Chicago, Illinois, in May, 1952, concerning a study of the Week of Compassion effort. This resolution, known as Resolution 62, recited certain facts and then made the following proposal:

THEREFORE, BE IT RESOLVED:

1. That the Disciples of Christ meeting in Convention Assembly at Chicago, May, 1952, hereby endorse the observance of the Week of Compassion in 1953.

INTERNATIONAL CONVENTION BUSINESS RESOLUTIONS

2. That the Committee on the Week of Compassion, now jointly constituted, be requested to study the whole problem of the future of the Week of Compassion, and to explore the possibilities of integrating these causes and emphases more fully into the promotional life of the Brotherhood, and that the said committee report its findings at the next regular Assembly of the International Convention of Disciples of Christ.

When this resolution came before the Committee on Recommendations it proposed the following modification:

"The Committee on Recommendations recommends approval of Resolution No. 62 with an amendment inserted in the second clause of the resolution, causing it to read, 'That the Week of Compassion Committee, now jointly constituted, be increased by four more members at large from the Brotherhood, two men and two women, and be requested to study the whole problem of the future of the Week of Compassion.'"

The Convention Assembly voted approval of Resolution No. 62 as amended by the Committee on Recommendations, complete text page 79, 1952 Year Book.

The Committee on the Week of Compassion for 1952-53 consisted of the following persons:

Representing Committee on Relief Appeals

G. Gerald Sias
C. O. Hawley
Gaines M. Cook

Representing Committee on Military and Veterans Services

Willard M. Wickizer
Carl M. Boyd
Spencer P. Austin

Representing Pension Fund of Disciples of Christ

John L. H. Fuller
Hollis L. Turley
D. Ervin Sheets

Representing International Convention Assembly

Forrest L. King
Waymon Parsons
Mrs. W. Elbert Starn

The additional four persons authorized by the Assembly and appointed by the Board of Directors to serve as members of the study committee were

Mrs. Jo M. Riley
Ephraim D. Lowe
Mrs. Ernest P. Baker
G. Curtis Jones

The study committee met in Indianapolis, Indiana, on February 19, 1953, and spent the entire day reviewing the history of the Week of Compassion, considering and evaluating objections that have been raised to it, exploring possible alternatives in the event the Week of Compassion was discontinued or seriously modified as to purpose, and, finally, in the light of the day's considerations, drafting certain tentative conclusions. A drafting committee of four members was appointed to formulate a report, which report was to be circulated by mail to all members of the committee for their further consideration and recommendation. In the light of the suggestions thus received the report was redrafted and is herewith presented to the International Convention Assembly meeting in Portland, Oregon.

II. What Is Compassion?

Because the Week of Compassion effort has been criticized on the grounds that it includes causes that do not truly represent compassion, the committee first examined the concept of compassion.

It found that the dictionary defines *compassion* as being, "Sorrow or pity, with desire to help or spare; sympathy with pain or sorrow that prompts to relieve." An examination of those portions of the Gospels where Jesus is reported to have shown compassion show the following motivating causes: ignorance, sickness, physical blindness, hunger, bereavement, sinfulness and spiritual blindness. In each instance where Jesus is reported to have felt compassion the narrative reports curative action on his part.

Thus it will be seen that *compassion* involves more than merely feeling. It is not only an emotion, it is action as well. Compassion calls for an effort on the part of him who

is compassionate to relieve the distress of the one toward whom he feels compassion. In other words, the concept of *compassion* is not just psychologically definitive; it is also ethically and spiritually dynamic. In this the Week of Compassion is true to the definition of *compassion*, for it not only seeks to make us aware of great human needs, but it also provides a channel whereby our Brotherhood can meet many of these recognized needs.

As to the situations which it can legitimately be said call for or justify compassion on our part the listing taken from the life of Christ seems to be so broad as to hardly be definitive. Almost any human need—physical or spiritual—should evoke compassion in the heart of the Christian. If, therefore, the name “Week of Compassion” is to be criticized at all it would seem that it should be that the title connotes too much, not that it is too narrow to embrace the causes now being supported through it.

III. History of the Week of Compassion and the Causes It Has Supported

1. *The Week of Compassion.* The Week of Compassion stemmed from the Brotherhood Dinner observance. The first Brotherhood Dinner was held in 1938. For the first three years no offering was promoted, the dinner being only for fellowship. At the Brotherhood Dinner in 1941 the churches were urged to make offerings for the work of the Churches of Christ Missionary Committee of Great Britain to be used for their foreign mission work because our British brethren, because of war conditions, were finding it difficult to maintain their missionaries. Five thousand dollars was suggested as the goal. The offering totaled \$13,009.66. In 1943 the Committee on Relief Appeals of the International Convention promoted an offering on the occasion of the Brotherhood Dinner to the end that the following causes might be aided: The American Friends Service Committee, the Y. M. C. A. War Prisoners' Aid, the American Bible Society, the Church Committee for China Relief, the Y. W. C. A. World Emergency Fund, the American Committee for Christian Refugees, the Central Bureau for Inter-church Aid and the International Missionary Council Orphaned Missions Fund. The offering totaled \$36,728.47.

Sensing the necessity of continuing and expanding the work of the Committee on War Services, covering the 8% pension dues of Disciple chaplains serving in the Armed Forces and the inadequacy of our Brotherhood's response to the emergency causes cleared through the Committee on Relief Appeals, the Commission on Budgets and Promotional Relationships of the International Convention authorized an effort, to be known as the War-time Service Fund, to raise \$250,000.00 for these causes. As a part of this effort the first Week of Compassion was held in February, 1944, with the Brotherhood Dinner as a part of the week's observance. Allocations within the total were made as follows:

Committee on War Services -----	\$100,000.00
Chaplains' Pension Dues -----	25,000.00
Foreign Relief and Reconstruction -----	75,000.00
Expenses and Unassigned -----	50,000.00
	<hr/>
	\$250,000.00

The total amount received as a result of this first War-time Service Fund effort was \$322,702.85. At the request of the Committee on War Services, the Pension Fund and the Committee on Relief Appeals, and with the approval of the Commission on Budgets and Promotional Relationships, Unified Promotion made its facilities available to promote this offering and continued as the promotional agent of the fund in subsequent years. In 1945 the War-time Service Fund offering totaled \$456,234.82. In 1946 it totaled \$507,902.34.

In 1947 the Crusade for a Christian World became responsible for promoting the Week of Compassion. It continued this responsibility through 1951. Receipts for these years were as follows:

1947-----	\$596,293.29
1948-----	582,467.74
1949-----	557,651.72
1950-----	705,487.33
1951-----	464,444.60

It should be noted that these receipts include certain Crusade monies as well as relief appeals support.

The Crusade having come to an end but with world relief and emergency needs continuing, the three causes that sponsored the Week of Compassion prior to the Crusade (Committee on War Services now known as the Committee on Military and Veterans Services, the Pension Fund and the Committee on Relief Appeals) formed a Week of Compassion Committee and invited Unified Promotion to promote for them a Week of Compassion in 1952. This Unified Promotion agreed to do. The Commission on Budgets and

INTERNATIONAL CONVENTION BUSINESS RESOLUTIONS

Promotional Relationships approved an appeal for \$500,000.00 The offering in 1952 totaled \$372,727.56. Distribution of this amount was as follows:

Committee on Relief Appeals -----	\$222,037.53
Committee on Military and Veterans Services -----	95,950.68
Pension Fund (Pensions for Chaplains) -----	30,529.76
Kansas Flood Relief -----	8,722.79
Promotional Expenses -----	15,486.80
	<hr/>
	\$372,727.56

At the time the Week of Compassion Committee requested the Board of Directors of Unified Promotion to make available the promotional facilities of Unified Promotion in connection with the 1952 Week of Compassion effort certain questions were raised concerning the Week of Compassion by several members of the Board of Directors. These questions had to do not so much with the merit of causes being supported through the Week of Compassion as with the organizational structure of the cause participating in the Week of Compassion and procedures followed in connection with the raising of money through the Week of Compassion.

As a result of this questioning the Week of Compassion Committee re-examined both structure and procedures and submitted to the Board of Directors of the International Convention, the Board of Trustees of The United Christian Missionary Society and the Board of Trustees of the Pension Fund of Disciples of Christ the following "Articles of Agreement":

ARTICLES OF AGREEMENT COVERING COMMITTEE ON WEEK OF COMPASSION

This agreement is entered into by the Board of Directors of the International Convention of Disciples of Christ, the Board of Trustees of The United Christian Missionary Society and the Board of Trustees of the Pension Fund of Disciples of Christ and covers the organization, functioning and responsibilities of the Committee on the Week of Compassion.

I.

The membership of the Committee on the Week of Compassion shall be made up as follows:

(a) Two members of the Commission on Relief Appeals of the International Convention nominated annually by the commission and elected by the Board of Directors of the International Convention, and the executive secretary of the International Convention.

(b) Two members of the Committee on Military and Veterans Services nominated annually by the Committee and elected by the Board of Trustees of the United Society, and one member nominated annually by the president of the United Society and elected by the Board of Trustees of the United Society.

(c) Two members of the staff and one member of the Board of Trustees of the Pension Fund elected annually by the Board of Trustees of the Pension Fund.

(d) Three members to represent the brotherhood-at-large—the president of the National Association of State Secretaries ex-officio and a man and a woman nominated annually by the nominating committee of the International Convention and elected in the convention session.

II.

The Committee on the Week of Compassion shall organize annually by electing a chairman, a vice-chairman, a recording secretary and, if necessary, a treasurer.

The organizational year of the committee shall be from July 1 to June 30.

III.

The Committee on the Week of Compassion is created for the primary purpose of raising funds from the Brotherhood through an annual Week of Compassion (or similarly named week) in support of—

(a) World relief and rehabilitation causes as approved by the Commission on Relief Appeals of the International Convention.

(b) Service to Disciple chaplains, men and women in the Armed Services, camp and industrial defense communities as these are carried on by the Committee on Military and Veterans Services.

(c) 8% pension dues for Disciple chaplains while serving with the Armed Forces as pensions for such chaplains may be continued in force by the Pension Fund.

Additional *non-recurring* emergency appeals, such as flood and other disaster relief, may from time to time be included in the annual appeal of the committee as the committee may determine.

INTERNATIONAL CONVENTION

63

Additional *recurring* national and/or world relief, emergency or special service appeals, including membership on the Committee on the Week of Compassion on the part of the sponsoring agency, may be added upon recommendation by the Committee on the Week of Compassion and approval by the Commission on Budgets and Promotional Relationships.

Requests to the Committee on the Week of Compassion from the Committee on Relief Appeals, the Committee on Military and Veterans Services and the Pension Fund for amounts to be included in the annual Week of Compassion effort shall bear the endorsement of the Board of Directors of the International Convention, the Board of Trustees of the United Society and the Board of Trustees of the Pension Fund, respectively.

All appeals for funds made to the brotherhood shall be regularly cleared by the Committee on the Week of Compassion through the Commission on Budgets and Promotional Relationships of the International Convention.

IV.

Expenses of the Committee on the Week of Compassion, promotional and otherwise, shall be paid out of funds raised by the committee. Distribution of funds received by the committee shall be made to the causes cooperating in the appeal on the basis of the ratio of the amount each cause was assigned in any given effort to the total amount raised.

V.

The Committee on the Week of Compassion shall be empowered to directly promote an annual Week of Compassion (or similarly named effort), or, if it seems wise to the committee, to secure the services of another agency or agencies to promote such a week in its behalf.

VI.

The Committee on the Week of Compassion shall make an annual report to the agencies sponsoring the committee and to the brotherhood-at-large.

The Board of Trustees of the United Society and the Board of Trustees of the Pension Fund approved this agreement. When the matter came to the Board of Directors of the International Convention it approved cooperation on this basis for the 1953 Week of Compassion and then introduced the resolution into the International Convention Assembly quoted in part in Section I of this report. The first Week of Compassion Committee constituted under these Articles of Agreement met in Indianapolis on July 24, 1952, and organized by electing G. Gerald Sias as chairman, Gaines M. Cook as vice-chairman, and Carl M. Boyd as secretary. The committee then proceeded to lay plans for the observance of the Week of Compassion in February, 1953. The following allocation of the funds to be received was approved:

Committee on Relief Appeals	\$300,000.00
Committee on Military and Veterans Services	110,000.00
Pension Fund (Pensions for Chaplains)	35,000.00
Promotional Expenses	20,000.00

At a meeting held in February, 1953, the amount of \$10,000.00 was added for flood relief in Holland.

2. *The Committee on Relief Appeals.* The Committee on Relief Appeals of the International Convention of Disciples of Christ was created by action of the Assembly meeting in Richmond, Virginia, in October, 1939. It exists for the purpose of screening world emergency, relief and reconstruction appeals that come to the brotherhood. It is not an administrative body in the sense that under its own aegis it administers programs of relief. Rather it encourages the raising of funds for emergency and relief purposes and makes allocations of such funds as may be made available to it.

The first funds received by the Committee on Relief Appeals came to it in 1943 from the Brotherhood Dinner offering. It was a party to the War-time Service Fund efforts in 1944, 1945, and 1946. It was included by the Crusade for a Christian World in the Week of Compassion observance from 1947 through 1951. In 1952 it joined with the Committee on Military and Veterans Services and the Pension Fund in promoting the Week of Compassion. Its 1952 distribution aided the following causes:

Central Department of Church World Service

Administration
Resettlement Program
Material Aid Program

World Council, Geneva

Inter-church Aid, Service to Refugees
Ecumenical Institute
Geneva Budget for Ecumenical Projects and Staff

Each year all requests for support are carefully scrutinized by the committee and the list changes both as to the amount of aid given and the causes included.

3. *Committee on Military and Veterans Services.* In 1940, in view of the build-up of military forces in connection with national defense, The United Christian Missionary Society created in the division of home missions a committee to be known as "Committee on Religious Work Among Men Engaged in National Defense." This committee held its first meeting on January 27, 1941. In the beginning the committee had a twofold function, namely, to minister to men in the Armed Services and to assist churches in camp communities to serve military personnel. The committee at its inception had no chaplaincy function since the 1936 International Convention resolution calling on the Disciples of Christ to dissociate themselves from the military chaplaincy was still operative.

In May, 1941, the International Convention meeting in St. Louis, Missouri, adopted an extended resolution on "War." Among other things this resolution recognized that under present conditions the only method of providing a religious ministry to men in the Armed Forces was through Army and Navy chaplains. It therefore instructed the executive committee of the International Convention to establish a commission of five persons to investigate and pass on the qualifications and fitness of Disciple ministers applying for the chaplaincy. The resolution also endorsed the United Society's committee and called upon it to extend its ministry to include service to Disciple chaplains. It also authorized it to cooperate with the Christian Commission for Camp and Defense Communities of the Federal Council of Churches of Christ and with the General Commission on Army and Navy Chaplains.

The Committee on Religious Work Among Men Engaged in National Defense was renamed to become the Committee on War Services of the Disciples of Christ. Following the St. Louis International Convention action, considerable attention was given by the United Society and members of the committee to the relationship of the Committee to the United Society. Out of extended discussions it was agreed that the committee would function as a standing committee of the United Society, reporting directly to the Board of Trustees. It was further agreed that in electing the membership of the committee the Board of Trustees would seek to keep the committee broadly representative of the brotherhood in its personnel. The committee has through the years been accorded broad freedom in the development of its program and the management of its affairs.

Neither the Committee on Religious Work Among Men Engaged in National Defense nor any of its successor committees has been the recipient of any regular budget support. On June 22, 1941, the United Society endeavored to raise a special emergency fund of \$100,000.00 and it allocated \$10,000.00 of this fund to the committee. The committee was included in Emergency Million for the amount of \$45,000.00. Later the division of home missions of the United Society transferred to the committee the sum of \$30,000.00 out of its Emergency Million receipts, the sum being designated for industrial defense community services. This made a total of \$85,000.00 which was all the committee had available during the earlier years of its functioning. As has elsewhere been recorded the Committee on War Services shared in the War-time Service Fund appeals of 1944, 1945, and 1946. Its operations from 1947 to 1950 were minimal and were financed by a small balance of funds carried over from the war period. In 1951, the Crusade for a Christian World agreed to include the committee again in the Week of Compassion for the sum of \$30,000.00. The committee actually received \$19,249.66. In 1952, the committee joined with the Committee on Relief Appeals and the Pension Fund in sponsoring the Week of Compassion and received from this week the sum of \$95,950.68. This is the first sizable income the committee has received since the days of World War II.

Currently the Committee on Military and Veterans Services (The Committee on War Services having been so renamed in 1947) is carrying forward the following services:

- Chaplaincy recruitment
- Service to Disciple chaplains on active duty
- Relocation of chaplains released from active duty
- Service to men and women in the Armed Forces
- Service to Camp Community churches
- Ministeries in industrial defense communities

The Committee cooperates with, has membership on, and gives financial support to the following interdenominational agencies:

- General Commission on Chaplains
- Committee on Ministry to Defense Communities of the Division of Home Missions of the National Council of Churches of Christ in the U.S.A.
- Committee on Ministry to Service Personnel of the National Council of Churches of Christ in the U.S.A.

4. *Pensions for Disciple Chaplains.* Early in the period of World War II, when large numbers of our ministers were resigning their pulpits to enter military service as chaplains, the question forcibly arose as to whether these men would be continued in the Pension Fund or whether their participation would have to lapse for the period of their service with the Armed Forces.

There were those who argued that the Armed Forces made generous provision for retirement of military personnel and chaplains would benefit by these provisions and would not be seriously affected if there was a gap in the build-up of their Pension Fund benefits. On the other hand there were those who maintained that these men were still ministers of the Disciples of Christ, that they were performing a sacrificial service to leave their civilian pulpits to serve as chaplains with the Armed Forces, and that they should not be forced, even for a few years, out of the Pension Fund.

There was also the practical fact that unless a man serves with the Armed Forces for at least twenty years he receives no retirement benefit from his military service. Very few men entering service as reserve chaplains expect to maintain their commissions over a twenty-year period. Furthermore, at any time up to nineteen years of service, the Armed Forces can discharge at their discretion any reserve chaplain. This means that very few reserve chaplains ever benefit by the "generous" retirement provisions of the military.

Chaplains holding regular commissions in the Armed Forces, and who are thus making a life career out of the chaplaincy, have only been covered in the Pension Fund as they themselves have paid the entire 10½% dues. It was decided early in the period of World War II, however, that reserve chaplains entering service for a limited time should be continued in Pension Fund membership if they so desired and if they were willing to pay the 2½% minister's dues. The Pension Fund therefore undertook to pay the 8% normally paid by the local church, but it undertook such payment only on a minimal salary basis.

Having no financial resources to meet this obligation, the Pension Fund was included in the War-time Service Fund in 1944 for the amount of \$27,500.00, and continued to be included in 1945 and 1946. It received no funds from 1947 through 1950 but was included by the Crusade in the Week of Compassion effort in 1951 for the amount of \$12,843.20. In 1952 it joined with the Committee on Relief Appeals and the Committee on Military and Veterans Services in sponsoring the Week of Compassion and received the sum of \$30,529.76.

IV. Observations and Conclusions

After careful study of the current situation your committee would make the following observations and offer the following conclusions related thereto:

1. *Continuing Need*

When the first War-time Service Fund was launched and the first Week of Compassion was held it was thought by all who participated that the needs included in the effort were directly related to the war and that with the ending of the war the needs would disappear. Originally, therefore, the observance of a Week of Compassion was a temporary expedient to raise certain emergency funds.

An examination of the current world situation can leave no one in doubt that the needs recognized in the period of World War II continue to exist and still challenge the Church to action and service.

While some of the people who were starving, homeless, ill and imprisoned in 1944 are now living under improved conditions and do not require the ministry of Christian people in favored America, there are still vast numbers of people in various parts of the world who do call for a manifestation of Christian compassion. The Committee on Relief

INTERNATIONAL CONVENTION BUSINESS RESOLUTIONS

Appeals has been alert through the years to shift the resources made available to it to those peoples and areas where the need is currently the greatest.

Three million, six hundred Americans are in military service today. Our nation is still under a "military economy" and this condition is likely to prevail for years to come. The millions of young people in military service are away from their homes, schools and churches. They face loneliness, insecurity and uncertainty as to their future. They are exposed to greater moral temptations than at home. Between 1941 and 1961 at least 26,000,000 men will have gone in and out of our armed services. Approximately 3,000 ministers, priests and rabbis are currently serving as chaplains with the Armed Forces and this number will be increased in the near future. These men cannot be "orphaned" by the Church nor left to serve without active assistance by the Church. Our churches in camp and industrial defense communities face overwhelming responsibilities and opportunities. They cannot be left to face their unparalleled situations alone. There is a broad responsibility resting upon the whole Church to see that Christian ministry and Christian witness is maintained at a high level in these communities. The service which our brotherhood seeks to render through the Committee on Military and Veterans Services is part and parcel of the general world emergency situation and thus justifies inclusion in any effort to alleviate conditions growing out of the disturbed world state. The inclusion of reserve chaplains in our Pension Fund while they are on active duty is also a justifiable "emergency" situation.

The committee would observe that the causes now being supported through the Week of Compassion should and must be supported by our brotherhood, if not through a Week of Compassion, then in some other way, unless, indeed, we are to be unfaithful to our commitment as Christians.

2. Alternatives to Week of Compassion Observance

The committee faced the question, if not the Week of Compassion, what? It has been suggested that the causes now supported through the Week of Compassion should simply be included in the regular budgets of various agencies. Such could be done, however, only as these agencies robbed other causes to support these emergency services or as new resources were supplied to these agencies. Furthermore, many of the emergency causes supported through the Committee on Relief Appeals have no organizational counterpart in our brotherhood's life and so would be without aid from us in the event assignments were made through regular budget channels.

Your committee believes that there is no valid alternative for the Week of Compassion. All possible alternatives examined seemed to raise more problems than they solved. The causes supported through the Week of Compassion are of an emergency character. They are highly "fluid" in character, shifting from year to year as to amount and character. For the most part they represent unselfish sharing on the part of our brotherhood and are not directly related to the ongoing program within the brotherhood itself.

3. Acceptability of Week of Compassion to the Churches

Your committee faced the question of the acceptability of the Week of Compassion as far as local churches are concerned and would observe that it seems to be one of the most popular and widely observed special periods in the calendar of the local church. Twenty-three hundred forty churches observed the Week of Compassion in 1952 and made remittance of offerings. In 1953 both the number of churches observing the week and the offerings received will exceed that of 1952. We believe that it is the desire of many of our churches to present the claims of the emergency needs of the world to their congregations each year in a special week and to ask for offerings that will go directly to the meeting of these world needs.

4. Articles of Agreement Covering Week of Compassion

Your committee studied carefully the Articles of Agreement covering the organization and operation of the Week of Compassion that have been worked out by the Board of Directors of the International Convention, the Board of Trustees of the United Society and the Board of Trustees of the Pension Fund. It is our conviction that these Articles of Agreement will provide organizational stability and in their operation will answer several criticisms that have been offered in the past concerning the Week of Compassion setup.

5. Utilization of Resources of Unified Promotion for the Promotion of the Week of Compassion

In the past the Week of Compassion has been promoted through the channels of Unified Promotion except for the years during which it was sponsored by the Crusade for a Christian World. Your committee recognizes that the funds raised through the Week of Compassion effort do not benefit directly the agencies cooperating in Unified Promotion but it feels that Unified Promotion is amply justified in rendering this unselfish

service. It furthermore feels that for Unified Promotion to continue to promote the Week of Compassion will serve as a guarantee that the promotional efforts relating to the Week of Compassion will be integrated in the total promotional efforts of the brotherhood.

6. Integration of Week of Compassion With One Great Hour of Sharing

Your committee faced the problem of integrating the Week of Compassion with One Great Hour of Sharing. It regretfully came to the conclusion that this was impossible since the date fixed for the observance of One Great Hour of Sharing is so close to Easter. To observe our Week of Compassion at that time would put it in the period when our churches are involved in their most intensive evangelistic efforts and would bring it so close to Easter as to seriously affect the special Easter offering. Your committee suggests that the Committee on the Week of Compassion give serious consideration to merging the Week of Compassion effort with One Great Hour of Sharing if the date for the latter is moved to an earlier date on the calendar.

V. Recommendations

1. That in the light of the continuing world needs that make claims on the Disciples of Christ the Week of Compassion be continued as an annual observance.
2. That the Articles of Agreement (found in Section III of this report) covering the functioning of the Committee on the Week of Compassion be approved and that the Board of Directors and the Committee on Relief Appeals of the International Convention be empowered to cooperate in and through this committee.
3. That we register it as our consensus that Unified Promotion should continue to make its services available in the promotion of an annual Week of Compassion.
4. That we call upon the churches of our brotherhood to give unselfish and generous support to the causes cooperating in the Week of Compassion.

The Committee on Recommendations recommended approval of the report as shown above, with specific recommendation for approval of the four recommendations shown under Section V.

Report of the Year Book Committee Re Resolution No. 56 and Substitute No. 56 from the Chicago Assembly of the International Convention of Disciples of Christ*

At the Chicago Assembly of the International Convention of Disciples of Christ there was presented a resolution (No. 56) defining criteria for the listing of ministers' names in the Year Book, setting forth minimum standards for such listing.

A subcommittee of the Committee on Recommendations proposed a substitute resolution (known as Substitute No. 56) similar in intent but containing some revisions as to procedure.

The Committee on Recommendations made the following recommendation to the Convention Assembly:

"Inasmuch as the Board of Directors has established a Committee on the Publication of the Year Book, and inasmuch as the said Committee is not ready to give a final decision now, the Committee on Recommendations recommends that this matter be referred to the Committee on the Publication of the Year Book, and that a report on their decision regarding the above proposals be made to the Convention Assembly at its next meeting."

The Year Book Committee has carefully considered the text of both Resolution No. 56 and Substitute No. 56, and after consultation with the Board of Directors of the International Convention recommend the following statement of policy regarding the listing of ministers' names in the Year Book of Disciples of Christ:

"All known ministers recognized by local churches of the Disciples of Christ (known locally as Christian Church, Church of Christ, or Disciples of Christ) shall be listed in the Ministers' List in the Disciples of Christ Year Book.

"The name of a minister will be listed for the first time upon his ordination to the ministry of the Disciples of Christ, or upon assuming the ministry of a local congregation of the Disciples of Christ, and with his consent.

"A minister's name will be omitted from the Year Book upon his written request to the International Convention Year Book Office. Such deletion shall be made from the Ministers' List but such name will continue to be carried in the statistical table opposite the church he serves at the time the Year Book goes to press, as a matter of factual information concerning the church."

The Committee on Recommendations recommended approval of this report as shown above, with the suggestion that the Committee on Effective Ministry of the Home and State Missions Planning Council give further study with a view to establishing and maintaining more adequate safe-guards for ministerial standards, to be reported at the next Assembly of the International Convention.

No. 36

Report of the Special Committee Appointed to Appraise Present Activities and to Explore Alternate Possibilities for Christian Care of Dependent Children and Aged

The Committee, appointed by authority of the 1952 (Chicago) Assembly of the International Convention of Disciples of Christ by adoption of Resolution No. 45* to study the various methods in caring for dependent children and aged through church aid, met in St. Louis, Missouri, February 11 and 12, 1953. The Committee discussed the present program of The National Benevolent Association in these areas of service. Careful consideration was given to the developing trends in these fields throughout the nation. The alternate programs with their related costs were reviewed. The Committee was unanimous in its conclusions and recommendations.

Commendation is expressed by the Committee to The National Benevolent Association for the cooperation received in making this study. The Committee notes with satisfaction that The National Benevolent Association has already initiated its own study of these problems by appointing a committee of ten on policy.

The Convention Committee makes the following recommendations:

I. Aid to Children

The National Benevolent Association program of institutional care for children should be continued and should be maintained at high standards.

The development and utilization of social services for restoration of family homes, and adoptive and foster placements permit optimum use of institutional services, and permit extension of services to more children at less per capita expenditure by the institution. Such a program requires trained case work personnel to serve the staff and the children within the home, rehabilitate families, secure adoptive and foster home placements, and supervise these placements.

II. Aid to Aged

In the light of the increased need for care of the expanding aged population, evidenced by long waiting lists at each of our benevolent homes, the Committee recommends that auxiliary services for the aged be developed to supplement our institutional care to the end that a variety of services may be provided which will appropriately meet the needs of a greater number at a relatively decreased per capita expenditure. Institutional care is essential at some stage in the care of many aging persons, but is relatively expensive to the institution. The available institutional facilities should be used primarily for those in greatest need of institutional care.

Experience has demonstrated that with auxiliary services many aged persons can be assisted to remain satisfactorily in non-institutional living arrangements.

The Committee recommends that steps should be taken to develop auxiliary services such as the following:

- 1—Case work services to assist the aged in finding a suitable living arrangement and to make the necessary adjustments.
- 2—To develop a program of foster home care. This would require the enlistment of Christian homes to provide care for aged persons in cooperation with the social services of The National Benevolent Association.

- 3—Recruitment and training of leadership. The Committee recommends that The National Benevolent Association, through cooperation with Higher Education and recruitment channels, seek to provide a trained leadership for the homes and our program of social services; that some brotherhood university, in a city with a social service program, set up a school of social work; or that we seek to provide a working arrangement with an acceptable, established school of social work whereby trained workers can be obtained.

The Committee on Recommendations recommended approval of this report as shown above, with the following revision:

Under Section II, line 11, after "be taken" insert the "National Benevolent Association" and after the word "services" these words "and that the National Benevolent Association assist individual congregations in" making the sentence to read: "The Committee recommends that steps should be taken by the National Benevolent Association to develop auxiliary services, and that the National Benevolent Association assist individual congregations in such as the following:"

REPORT OF THE COMMISSION OF THE INTERNATIONAL CONVENTION OF DISCIPLES OF CHRIST APPOINTED TO CONSIDER
RESOLUTION NO. 49 ADOPTED AT OKLAHOMA CITY,
OCTOBER, 1950

(The Board of Directors of the International Convention of Disciples of Christ appointed the following members of a special commission to consider Resolution No. 49, attached, created in accordance with the provisions of the said resolution: Clarence E. Lemmon, Chairman, Willis DeBoer, Mrs. Kenneth B. Bowen, Mrs. H. B. Marx, Charles B. Tupper, Warren Grafton, *H. L. Bump, John Rogers, W. Jackson Jarman, Miss Norma C. Brown, Cleveland Kleihauer, M. E. Sadler. The Commission met in St. Louis, Missouri, February 27-28, 1952, with all members present except Miss Norma C. Brown, W. Jackson Jarman and Cleveland Kleihauer.)

A progress report of this Commission was presented at the Chicago Convention Assembly, May, 1952 (Report No. 38). The Chicago Convention approved the report submitted as an interim report and recommended that the Commission be continued for further study and report. Following the directive of this action your Commission submits the following revised report. We are grateful for suggestions which have come from many sources and have faithfully tried to incorporate such items as seem to be consistent with the judgment and agreements of the Commission.

We note with regret that Howard L. Bump, one of the original members of this Commission, has departed this life during the past year.

Introduction

The International Convention of Disciples of Christ is the largest and most representative Convention fellowship of the Disciples of Christ. Its prestige as a deliberative assembly of the Brotherhood has been determined by its performance, and as such has had wide influence on the thinking and strategy of the entire Brotherhood. It conforms to the basic principles of the beliefs and practices of our churches, especially with regard to self-determination, voluntary cooperation, freedom and democracy.

The cooperative administrative units in the fields of missions, education, and benevolence have attained fuller recognition and support by the Brotherhood through the International Convention.

INTERNATIONAL CONVENTION BUSINESS RESOLUTIONS

A permanent office and staff of the International Convention was established in 1946 whereby better facilities are available for the implementation of the functions provided for in the Constitution of the Convention. From the beginning, the churches have been asked to finance this permanent office and staff. Approximately 1,500 congregations are now making annual appropriations for budget support. These churches are representative from the standpoint of type and geography.

The Convention is, as defined by the Constitution, composed of members of the Disciples of Christ. The requirement for registration at the Annual Assembly is an orderly procedure that members may be properly identified. We note that the annual Convention Assembly, through registration fees and reimbursement for services rendered on a cost basis, is normally a self-liquidating project.

In recent years the attendance at the Annual Assembly has increased by 50%. The Committee on Recommendations, representative of our churches through state and provincial organizations, has grown in effectiveness as a deliberative group which gives careful attention to the business of the Brotherhood and brings to the Convention Assembly well-considered and thoroughly debated recommendations. The business of the Convention is conducted with an awareness of the broad implications for the welfare of the entire Brotherhood. Convention actions, consequently, give influence which is respected and generally followed.

I. The Basic Character of the International Convention

The basic character of the International Convention rests in the opportunity which it provides to the members of the Brotherhood of the Disciples of Christ to have a voice in the creation, development and operation of the various agencies of the Brotherhood.

These facts are set forth in Article II of the Articles of Incorporation of the International Convention of Disciples of Christ adopted October 28, 1949, as follows:

"To promote cooperation, economy and efficiency among the various general agencies of the religious body known as Disciples of Christ . . . : to afford facilities for auditing their accounts; to arrange for an annual assembly of its membership and to obtain a substantial representation of the membership of the churches of said religious body at such annual assembly, which said assembly shall consider all reports submitted to it and be advisory to the missionary, educational and philanthropic interests of said religious body known as Disciples of Christ . . . and in all legitimate ways to promote a closer fellowship in the Kingdom of God."

The services of the Convention are rendered in behalf of both local churches and agencies. An effort is made to secure a representative cross section of Brotherhood opinion, and through appropriate processes to advise local churches and agencies of recommendations growing out of such findings. In the performance of this service, the International Convention does not seek to take over the functions of any of its affiliated agencies, but rather to channel to them such advice as has been agreed upon through regular Convention processes.

We note with gratitude the fact that the Disciples of Christ have had a substantial share in the formation and program of the Federal Council of the Churches of Christ in America (now a constituent part of the National Council of the Churches of Christ in the U.S.A.); that we were the first communion in America to approve through Convention action the formation of the World Council of Churches; furthermore, we recognize the International Convention as the responsible representative of the Disciples of Christ in relationships with the National and World Councils, sharing such representation with those agencies reporting to the Convention whose work participates specifically in some ecumenical cause or causes; and that the Convention is available to the Brotherhood for such other ecumenical representation as may from time to time be assigned to it.

This Commission observes the fact that the International Convention in conformity with its constitution has served the agencies in bringing their work to the attention of the Brotherhood, in securing the approval of the Brotherhood for their several services—budgets and needs—thereby giving assurance to the local churches that though the International Convention is not itself responsible for the administration of these agencies, it serves as a channel through which the churches of the Brotherhood may confirm, commend and advise regarding their work.

II. Eligibility of Reporting Agencies

In a growing Brotherhood it is natural to suppose that groups of Disciples wanting to express themselves in various activities or organizations may desire to apply for affiliation with the Convention. The Commission recognizes this situation and suggests the following:

1. An organization seeking admission as an agency of the Brotherhood through the International Convention should satisfy the Convention as to the merits of its work and indicate it to be of more than temporary significance; that it is not

- unnecessarily duplicating a work already being done by an agency affiliated with the Convention; that it is not expecting support which will draw off the support of an affiliated agency; and as to the directives it sets up for its leadership and program, with respect to spiritual, educational, ethical, or personal qualifications.
2. If an organization applies for admission as an agency of the Brotherhood through the International Convention, the Executive Secretary of the Convention shall notify the existing affiliated agencies in order that they have an opportunity to express their reactions to the said application to the Board of Directors of the Convention.
 3. The Commission respectfully calls attention to the Oklahoma City Resolution No. 31 titled "A Proposal for Amending Article VI of the By-Laws of the International Convention on the Admission of Cooperating Agencies," which was approved by the Chicago Convention. The resolution reads as follows:

"BE IT RESOLVED, That Article VI, 'Admission of Cooperating Organizations,' of the Constitution of the International Convention of Disciples of Christ be amended to read as follows:

"Any general Brotherhood missionary, educational or philanthropic organization may present its application for membership to a regular Assembly of the International Convention. Such application will be filed and acted upon at the next Annual Convention Assembly. During the intervening year the application will be studied by the Board of Directors of the Convention. Interested groups, including the applicant, will be consulted as to the eligibility of the said organization for membership in the Convention. At the next annual Assembly the application will be presented to the Convention together with the recommendation of the Board of Directors, and the same being favorably reported by the Committee on Recommendations and approved by a two-thirds vote of the Convention, the said applicant will become a cooperating organization, provided it will agree to insert in its Constitution or By-Laws a provision to submit its reports to the Convention and to hold its books, accounts, and all its records open to the inspection of the Committee on Recommendations or of the Board of Directors of the Convention between annual meetings of the Convention wherever such inspection is desired either by the Convention or by either of these bodies. The Convention will in every way within its power, under its Articles of Incorporation and By-Laws, aid in promoting the work of its cooperating organizations. Cooperation between the Convention and a cooperating organization may be terminated at the expiration of one year after written notice of a desire to terminate such cooperation shall have been given by one or the other."

III. Reciprocal Obligations Between Agencies and Convention

The Commission expresses the judgment that in view of the central position of the Convention in the life of our Brotherhood, and of the support which the Convention brings to the work of the agencies, that the agencies ought to:

1. Feel a sense of obligation to follow the advice and counsel of the Convention or to make appropriate response indicating why it cannot do so,
2. Recognize that each agency affiliated with the Convention, while definitely responsible for the promotion of the work committed to it, is by virtue of its affiliation pledged to work in fellowship, cooperation, and harmony, with all the other so affiliated agencies, and that each affiliated agency shall participate in the Council of Agencies established by the Convention,
3. Express, as affiliated agencies, their support of the total program of our Brotherhood by indicating on their publications that they are "Affiliated with the International Convention of Disciples of Christ."

The Commission recognizes the importance of a clearer understanding of the relationships, functions and activities of the agencies, and believes that the International Convention should assist, so far as possible, the Brotherhood by disseminating information as to these agencies and their relationship to each other.

IV. Cooperation With Agencies in Preparation of Annual Assembly Program

The Commission recognizes the importance to the Brotherhood and the agencies of the program of the Annual Assembly of the International Convention. Inasmuch as the program includes the interests of the agencies, we recommend that representatives of the agencies be called into consultation with the Program Committee of the International Convention, and that the program be worked out so far as possible by mutual agreement. The final determination of the program shall rest with the Program Committee of the

INTERNATIONAL CONVENTION BUSINESS RESOLUTIONS

International Convention which shall include a representative of the agencies, chosen by the Advisory Section, composed of representatives from all agencies reporting to the Convention.

The Committee on Recommendations recommended approval of this report as shown above.

Action—VOTED approval of the report by the Convention Assembly.

PENSION FUND OF DISCIPLES OF CHRIST THE FAMILY PROTECTION PROGRAM

The Pension Fund of Disciples of Christ presents the following recommendation to the International Convention of the Disciples of Christ meeting at Portland, Oregon, July 4 to 9.

RESOLVED: That the International Convention of Disciples of Christ in assembly at Portland, Oregon, ratifies the Family Protection Program approved and presented by the Trustees of the Pension Fund of Disciples of Christ as outlined below and instructs the Trustees to amend the Pension Plan accordingly.

The offer of new benefits to members of the Pension Plan comes in response to the many requests of members and participating churches to increase the benefits of the Pension Plan.

HERE IS THE PROGRAM:

A. Death Benefit Payable upon the Death of an Active Dues-Paying Member: The amount of the Death Benefit will vary according to the age of the member at death and the salary basis upon which the dues were paid during the twelve months preceding the date of death as follows:

Age at Death (Age Last Birthday)	Amount of Death Benefit		
	Basic	Maximum	Minimum
Through 64	1 year's salary	\$6,000	\$1,000
65-69	9 months' salary	4,500	750
70-74	6 months' salary	3,000	500
75 and over	3 months' salary	1,500	500

Note: This benefit is additional to the regular Cash Death Benefit under the Pension Plan.

B. Death Benefit Payable upon the Death of a Member Retired on Age or Disability: The amount of the Pensioner Death Benefit will be \$500 for all those who enroll in the Program when it goes into effect July 1, 1954. For any member who enters the Program at a later date, the Pensioner Death Benefit will be \$500, but not in excess of the annual amount of the Age Retirement or Disability Pension of the member.

C. Disability Pension: The amount of the additional Disability Pension will be \$300 a year maximum which will increase the regular Disability Pension from a maximum of \$600 to \$900 a year. (Where the salary basis limits the regular pension to less than \$600, the additional pension will be 50% of the regular Disability Pension.) The additional Disability Pension will be on the single-life basis with no corresponding additional pension to the widow.

D. Full Orphan Pension: For the minor child of a member, where the child is a full orphan, or minor children are full orphans, the additional benefit will be the continuance of the Widow Pension in addition to and subject to the provisions relating to the regular Minor Child Pension.

E. Dues Required: The dues required are a total of 1½% in addition to the regular Pension Plan dues, ½% to be paid by the member and 1% to be paid by the church or organization.

F. Beginning Date for Family Protection Program: July 1, 1954, will be the beginning date for the payment of dues and benefits under the Family Protection Program if two-thirds of present members have enrolled; or, at such time as approved by the Trustees.

G. Participation: Inclusion in the Family Protection Program will be optional for all who are members of the Pension Plan when the Family Protection Program goes

into effect. After the effective date of the Family Protection Program, all new members will automatically be covered by both the Pension Plan and the Family Protection Program.

Hollis L. Turley, Executive Secretary

The Committee on Recommendations recommended the approval of this resolution as shown above, and further recommended that congregations be urged to vote their participation during the Week of the Ministry, 1953, or prior thereto.

Action—following a five-minute interpretative statement by Hollis L. Turley, Executive Secretary of the Pension Fund,

VOTED to approve the resolution, by the Convention Assembly.

THE MESSAGE AND MISSION OF THE DISCIPLES OF CHRIST

The following document is submitted by a special committee appointed by the Board of Directors of the International Convention of Disciples of Christ to give consideration to a widespread request for a restatement of the place of the Disciples of Christ at the present time and to interpret our message and mission as a means of education for our own Brotherhood and to clarify our relationship to other Christians. The members of the committee have authorized the attaching of their signatures to this report. It is submitted for consideration by the Portland International Convention Assembly.

Preamble

WHEREAS there is a clear call from our Brotherhood to know and share our heritage and position as a timely Christian movement in the light of urgent 20th Century needs and conditions, we Disciples of Christ, in the International Convention now assembled, review and reaffirm the lasting historic witness and principles for the following purposes:

(a) To re-educate our brotherhood, now, in the last half of the 20th Century, in the timeless Christian ideals and faith of our early 19th Century spiritual fathers and their successors;

(b) To challenge the minds and the hearts of our generation and to promote the fullest possible development of Christian life and graces in the light of the whole Gospel for all men in the whole of society in terms of 20th Century changes and trends:

(c) To witness firmly, but humbly, to the abiding essentials in our movement which we wish to share widely among ourselves and all Christian movements and communions today.

In this self-critical and prophetic spirit, therefore, we rejoice over the transforming changes and achievements which have added new hope and urgency for Christian cooperation, liberty, and unity today. We confess with shame our own weaknesses and sins which have tended to obscure the clear light of the full gospel of Christ and to magnify the divisiveness of Christians among ourselves and other members of the Body of Christ on earth. And we humbly share the lasting witness which we believe is urgently needed to hasten the day when all Christians shall be one in obedience, loyalty, love and fellowship, with Jesus Christ as divine Lord and Savior; to extend His spirit and mind, and to share His redemptive mission among all creatures.

SECTION I. WE REJOICE OVER CHANGES AND ACHIEVEMENTS

WHEREAS sectarian rivalry, intolerance, and corruptions have been greatly reduced and transcended since the days of Alexander and Thomas Campbell, Barton W. Stone, and Walter Scott, we rejoice. We rejoice with our Christian neighbors in the growing spirit and concern for Christian unity, love, and cooperative understanding which have emerged by the end of the first half of the 20th Century. We gladly note that many conditions and barriers which divided Christians in the early 19th Century have been recognized and modified by the Christian conscience and reform of many denominations. We welcome the deepening self-criticism and Christian witness of many Christian groups which now are a part of a new "Ecumenical Reformation," which promises to become more revolutionary than the 16th Century Reformation.

We rejoice over the steps that have been, and are being taken among Christian communions kindred in type and teaching to encourage closer fellowship and, as in several instances, to unite forces for more effective service and a more emphatic witness to the desirability of unity.

We rejoice also at the growing trends and effectiveness of interdenominational movements and ecumenical causes which did not exist when our chief historic documents, "The Last Will and Testament" and "The Declaration and Address" were written nearly one hundred and fifty years ago. These trends toward increased Christian reform, self-criti-

cism, and unity would have warmed the hearts of our frontier pioneers as urgent steps toward our ultimate goal of Christian union.

We rejoice that such new cooperation and desire to obey and love Christ, and to share closer fellowship with all Christians, have helped to produce vastly more Christian sharing and mutual good will than our spiritual fathers knew in their day. These trends have helped to produce more accurate texts and translations of the Holy Scriptures, a purer faith, and more Christ-centered loyalty among Christians. These trends have helped to make more effective common efforts and aids for private and social worship, Christian education, evangelism, missionary programs, and applications of the Christian Gospel to daily personal and social life. Christian thought, scholarship, and devotion have become more Christ-centered and Bible-inspired. We take heart in the renewed concern to apply the Christian calling to all useful occupations of society, and to revive lay interest and leadership in Christian faith, life, and daily work.

These, and many other trends and movements, are new resources for the Christian hope of unity, liberty, and love through Christ which were scarcely emerging during the early 19th Century. But we rejoice that Alexander Campbell, and others among our own pioneers, lived long enough to take part and leadership in such trends as they began to appear. We take pride in recalling that Alexander Campbell promoted the American Bible Society, Sunday School Associations, the Evangelical Alliance, and such other interdenominational movements as "great initiatory institutions" and as necessary intermediate "steps" toward the ultimate goal of Christian union. We are glad that the Disciples of Christ have continued this example to provide their share, and more, of the leadership of such movements of cooperation and fellowship on the changing scene of growing Christian reform and unity. We rejoice that other prophets and movements are witnessing with our own in behalf of Christian unity, liberty, and the revolutionary implications of the Gospel. And we especially rejoice that new voices have been added to our own in behalf of ultimate Christian union as a goal beyond greater steps toward Christian unity.

We rejoice that we, Disciples of Christ, now need to restate the lasting ideals in terms of the encouraging reforms and other new Christian resources for unity and union which our pioneer fathers hardly knew when theirs was a lonely voice in the American wilderness of sectarianism. We rejoice that we do not need to retreat from the heritage of our fathers, but need rather to be pioneers in the last half of the 20th Century as our fathers were in the first half of the 19th Century. We rejoice in our new opportunities to extend, complete, and fulfill the New Testament principles in our day which they stressed according to the peculiar and changing needs of their day. We need to raise Christ above all the creeds and the traditions of men in a 20th Century wilderness of spiritual and moral confusion and strife. We, too, rejoice over the urgent call to obey the lasting divine demands of Christ in the light of changing human response to his changeless Gospel.

As we rejoice in the growing spirit of confession of sins and the need of God's guidance among our Christian neighbors, we, too, would be among the first to bow and confess our sins before we rise anew to witness to Christ in the power of the Holy Spirit in this new day. Increasingly, we realize, as do our Christian neighbors, that we, as well as they, need to change and to be changed by the grace of Jesus Christ our Lord.

SECTION II. WE CONFESS WITH SHAME OUR OWN SINS

WHEREAS our Brotherhood has preached and promoted the supremacy of Jesus Christ, oneness in Christ and liberty in Christ, we have often failed to practice these ideals among ourselves and others. We confess with shame our own weaknesses and sins which further divide the Body of Christ, suppress His free spirit, and dwarf the Christ-like growth of many individuals. At times we have been too harsh and self-righteous in condemning the sectarianism and provincialism of our Protestant and Roman neighbors, but too proud and apologetic in condoning our own sectarian and provincial tendencies. We have stood to boast that we were not as others are, when we needed to pray and repent as others did. We often have been too ready to chasten and deride other followers of Jesus. But too often we have been slow to learn from our Lord and Master to use His towel to wash the feet of others in sharing His humility.

We have claimed to preach only Christ and His pure Word. But we now confess with shame our tendency to idolize Alexander Campbell and to quote his words with finality, instead of exalting the Christ whose servant he was. We acknowledge Christ as our only authority and universal Head of the Church. But we often ignore Christ and are guilty of human idolatry when we blindly follow heroes of our own divided camps. We have those who tend to imply, "I am of Paul; and I of Apollos; and I of Cephas; and I of Christ." We dislike being called "Campbellites," but often deserve the name. Too often we have shared Campbell's love for religious debate without sharing his faith in free and open religious discussion in the honest search for truth. Therefore, at times, we have stilled the prophetic voice for Christian unity, evangelism, and liberty by toning down the essential Christian message, mission, and program of our own brotherhood. We do

not honor Christ when we appease the most intolerant controversialists and leaders of factions and hatred among our fellow Disciples of Christ. We often have tried to preserve our own peace and identity at any price when we have been too timid, too diplomatic, and too fearful to risk being crucified for Christ.

We have too long spoken harshly where the Bible never speaks at all. And we have too long been silent where the Bible always speaks with love to all. We have called ourselves "a New Testament people," but have often been arbitrary in our interpretation of the New Testament. We are known for our love of the New Testament, but are not known by our New Testament love. We have been strong to stress "the New Testament plan of salvation," but weak to neglect the New Testament graces of love, forgiveness, kindness, meekness, and other fruits of the Holy Spirit. We have stressed the "gift of the Holy Spirit" without being possessed enough by the Holy Spirit to be blessed by its holy fruit. We pride ourselves as "the New Testament Church," but have produced generations who know as little of the New Testament as their Protestant and Roman neighbors. We confess with shame that we often promote Christ's plea "that they all may be one" as though it were "Our Own Plea," and not His; and as though it were an argument of ours, and not a prayer of our Lord's.

We have proclaimed "no creed but Christ," but have quoted certain phrases and words of our own historic writings and documents with creedlike precision and emphasis. We have advocated the plain timeless language of the Bible. Yet many of our favorite words and slogans, still often used by us, are now lifeless 19th Century ways of speaking, and today are frequently vague and seldom Biblical. We would preach a full Gospel from the whole Bible in the light of Christ. But we have tended to stress certain parts of Acts, and other favorite few verses, neglecting weightier matters of "judgment, mercy and faith."

The fathers of our movement laid special emphasis on the honored saying, "In faith unity, in opinions liberty, in all things charity." Yet have we, among ourselves, engaged in rancorous controversy over methods of work and questions not clearly taught in the Scriptures, belonging therefore in the field of opinion and expediency.

Too often in our appeal to the New Testament we have represented it as a law book to be taken literally in this generation, and to be slavishly followed, instead of a book of principles, which indeed it is. Such resort to legalism has tended to represent the movement as a lifeboat to which all must come or be lost, instead of a lighthouse, which, from the Declaration and Address onward, it was meant to be.

Our evangelistic passion has resulted in the planting of thousands of congregations with no adequate provision for training and development and no definite arrangement for the close association of such churches for mutual benefit.

We have been stronger to tell others how to become like us than to show them how to become disciples of Christ. We have been more critical of the universal sins of other Christians than self-critical of our own peculiar sins as a Christian movement. We have been more concerned to restore a New Testament blueprint for all churches than to extend Christ's saving imprint among the lives of all men and society. We often are confused and confusing, not because other Christian movements are so weak, but because we have failed to be so strong in Christ as to witness fully to the whole Gospel among ourselves and all others.

SECTION III. WE HUMBLY SHARE OUR WITNESS FOR CHRIST

WHEREAS we rejoice over the growing Ecumenical Reformation and its 20th Century gains; and we confess with shame our own sectarian weaknesses; we hereby humbly share the essential witness for Christ today. As we witness to the lasting Christian ideals of our heritage, we recognize that our strength is within an informal Christian movement, and not from any formal pronouncements. Ours is a dynamic fellowship of Christian movements, incorporating various points of view, not a static organization with inflexible official beliefs. We all share freedom, variety, and democratic emphases, typical of our common heritage and diversity as followers of Christ. We are called forth prophetically to promote a "new order of society" through Christ in the light of the New Testament, not to defend a passing order of society and conventional religion.

We share with other Protestant neighbors the faith that we all are accountable to God only through Christ, and that we are called to witness to the whole Gospel in the whole of society. We share the Biblical emphases of Protestants, that every person, equally with all, is his own high priest before God, and is saved by grace through faith in Jesus Christ as the Son of God and Savior of the World. The whole Gospel is our teaching with the saving message that God loves and forgives us in our repentance for sins, and that we should love and forgive in order to become sons of God. And we, too, affirm that the Church is the Body of Christ in which all Christians are members with distinctive missions according to God's particular gifts.

INTERNATIONAL CONVENTION BUSINESS RESOLUTIONS

We proudly share all these common convictions, and more, with many Christian denominations. But we humbly share some distinctive principles which we firmly believe are essential for both Christian unity and Christian union. Regardless of frequent corruptions of our own ideals, we shall seek to re-educate our people and share with Christendom in the lasting witness of our Brotherhood. We reaffirm that the three basic historic principles are now more timely and urgently needed than ever before. They are not 19th Century in origin and spiritual concern; they are timeless New Testament standards for essential Christian faith, order, and worship in any age. These three lasting principles of the Disciples of Christ are, as follows: *The Supremacy of Jesus Christ, the oneness of all Christians in Christ, and the liberty of all Christians in Christ.*

(a) THE SUPREMACY OF JESUS CHRIST

This is at the heart of our understanding of the Bible, yesterday and today. Our early slogan, "No Creed But Christ," is as urgent and vital now as ever. Our only "Confession of Faith" is the timeless, simple, Biblical confession of the Christ as "the Son of the living God" and as one's personal "Savior." This is the only test of faith for church membership which all Disciples of Christ have held in common, historically and now. This simple doctrine is profound enough, basic enough, and flexible enough to meet all changing conditions and lasting needs of all free and sinful men.

This principle guides our faith in the supreme authority of Jesus Christ in teaching, example, and evangelism. This principle of the supremacy of Christ involves the New Testament standard for congregational church government and cooperation with all Christians. This principle is the standard of our personal and social lives as Christians. We hold that the supreme revelation of God through the Holy Scriptures is Jesus Christ and His new creation of the Church, which is His Body of which He is the sole Head and Lord.

(b) THE ONENESS OF ALL CHRISTIANS IN CHRIST

This is what our spiritual fathers of the 19th Century meant by the slogan, "The Union of All Christians in Christ." Today this principle is more timely than ever. Even Christian unity now is not possible through uniform agreements in theology, scholarship, doctrines and creeds. Christian unity is growing from a common sense of need and oneness in Jesus Christ. Oneness in Christ is increasingly urgent and essential as a living experience before the ultimate goal of Christian union is reached.

We humbly reaffirm the faith of our fathers that the "church of Christ upon earth is essentially, intentionally, and constitutionally one." We cannot unite ourselves for long, but Christ alone can unite all Christians when we make Him central in our fellowship and surrender ourselves fully in loyalty and obedience to Him.

(c) THE LIBERTY OF ALL CHRISTIANS IN CHRIST

This is what our 19th Century fathers meant by slogans in behalf of "freedom in the realm of human opinions, theology, and philosophy." We have long stressed absolute freedom of individual discussion, belief, method, doctrine, and the Christian quest for new and fuller truth in every realm of life. Only loyal devotion to Christ can free modern Christians from the slavery of sin, prejudice, legalism, fear, and death. One of our early documents thus stated the principle "no man can be *judged* for his brother, so no man can *judge* for his brother: every man must be allowed to judge for himself, as every man must bear his own judgment;—must give account of himself to God."

In spite of our own tensions and differences of opinion, our Brotherhood is a movement of free Christian movements partly because of its ideal of Christian liberty. We, as a whole, try to practice this liberty in Christ by reforming Christianity of its corruptions of Christ's teachings and missions as did the New Testament letter writers. We observe and practice Christ's only two new ordinances or institutions, holy baptism and the Lord's Supper. We teach and stress immersion only, in New Testament tradition, witnessing to the death, burial, and resurrection of our Lord. We are united at the Lord's Table weekly as were Christians during New Testament days, each examining himself. In confronting the Living Christ through weekly communion, although our forms often differ, we Disciples of Christ are more free and yet united together in Christ-centered devotion than in any other experience.

As our spiritual fathers of the 19th Century witnessed for Christ in a sectarian-minded world, so shall we witness for Him today in an ecumenically minded world. As they shared the New Testament spirit in a bitter sectarian age, we shall share the New Testament spirit in a divided secularized world. Our purpose is not to destroy, but to fulfill our heritage. We must go beyond what has been said and done in keeping with the genius and calling of our movement. Therefore, we reaffirm the high and lasting purpose to seek in humility and deep loyalty to Christ to restore the union, liberty, and supremacy of Christ's Church among all Christians everywhere.

We humbly wish to share our witness through a Christ-centered Church with freedom for the development of more Christlike persons in a more Christlike world. In spite of our own apparent tendencies to become a new denomination, we humbly share our witness as the one Christian movement in constant protest against all denominationalism among ourselves and all others. As did our fathers, so shall we continue to witness for Christ as fully as possible in our day for "the sole purpose of promoting simple evangelical Christianity . . . to the utmost of its power," "that the world may believe" with the confidence that "thus saith the Lord."

The Committee on Recommendations recommended that the resolution as shown above be received and used, over the signatures of its authors, as a basis for investigation and study of our Disciple movement and position.

It is recommended that the title be amended to read: "The Disciples of Christ Today: A Study of Our Historic Message and Mission." It is further recommended that the document be referred to the Board of Directors of the International Convention for circulation in our publications, among the peoples of our churches, our colleges, our youth conferences, our agencies and other Brotherhood groups.

Action—VOTED to approve the recommendation of the Committee on Recommendations, both as to the revised title and the implementation of the document, by the Convention Assembly.

Requesting an Amendment to the By-Laws of the International Convention on 30 Day Limit for Filing Convention Resolutions

WHEREAS, resolutions considered by the Assembly of the International Convention of Disciples of Christ have significance for our entire Brotherhood and therefore should be carefully studied and considered before action is taken, and

WHEREAS, members of local churches and the Committee on Recommendations need a reasonable period to make such study, and to secure widespread judgment regarding issues contained in resolutions, and

WHEREAS, the present By-Laws permit filing of resolutions within 24 hours of the final Business Session of each Assembly, thereby often limiting thorough consideration,

THEREFORE, BE IT RESOLVED, that the International Convention, through its officers, request all resolutions to be filed 30 days prior to the beginning of the Convention Assembly, and that an effort be made to secure discussion on all resolutions by local congregations and the Committee on Recommendations insofar as possible in advance of the Convention Assembly, and

BE IT FURTHER RESOLVED, that no resolution be considered at an Annual Assembly of the International Convention unless it has been filed at least 30 days in advance, except in cases of emergency (the Committee on Recommendations itself shall determine, by vote of those present in any regularly convened session of the Committee, whether any resolution filed later than 30 days prior to the Convention Assembly is of an emergency nature),

FURTHERMORE, that each and every resolution be signed by a recognized church group, or by an organization affiliated with the International Convention of Disciples of Christ, or by ten members of a church or churches of the Disciples of Christ.

Calling for Temperance Education

The Annual Convention of Christian Churches meeting in Billings, Montana, June 18-20, 1952, requests consideration of the following resolution by the International Convention of Disciples of Christ meeting in Portland, Oregon, July, 1953.

"That we call upon the Department of Social Action of The United Christian Missionary Society of the Disciples of Christ to initiate and conduct a vigorous campaign of education and promotion in favor of temperance and against the use of alcoholic beverages throughout our nation."

Signed:

Convention of Christian Churches of Montana

The Committee on Recommendations recommended that Resolution No. 41 as shown above be approved.

Action—VOTED approval of the recommendation by the Convention Assembly.

No. 42

On the Alcohol Problem

WHEREAS: This Convention notes with deepening concern the tragic effects of the use of alcoholic beverages upon the people of this nation as indicated by the number of arrests for drunkenness among women and young people, the incidence of liquor and crime and in traffic accidents and fatalities, and the rapidly increasing number of drinkers who are classed as confirmed alcoholics. We are aware that not all drinkers become chronic alcoholics, but careful studies have shown that a majority of chronic alcoholics became such through beginning as moderate drinkers. It is our conviction that to legalize the manufacture and sale of a product which has such disastrous consequences for so many persons is in itself an anti-social and evil policy.

THEREFORE, BE IT RESOLVED: That this International Convention of Disciples of Christ, meeting in Portland, Oregon, July 4-9, 1953, recommends the following steps to our churches and to our brotherhood agencies.

1. That increased attention be given to alcohol education in our church schools through all age levels.
2. That through family life education the need be stressed for members of the family to set an example of sobriety and temperance by abstaining from the use of alcoholic beverages in the home and by members of the family.
3. That we as a brotherhood commend efforts to discover scientific information concerning the nature of alcohol, its effects upon the individual and society and the personality factors which cause individuals to become alcohol addicts. We point out, however, that no program of research can be truly scientific which does not take into account the existence of an organized alcoholic beverage industry which uses all the modern means of advertising, the press, the radio, the movies and television, to promote the sale and use of liquor.
4. That all legitimate efforts to eliminate the advertising of alcoholic beverages in radio, television, newspapers, magazines, and movies be supported and encouraged.
5. That we stress the need for wider use of scientifically accurate and credible audio-visual aids in the field of alcohol education and urge that the churches make use of the department of audio-visual services of The United Christian Missionary Society and other agencies in this field.
6. That in view of the nature of the alcoholic beverage industry, we are convinced that increasingly effective local, state and national legislation and enforcement are required for its control. We believe in the democratic right of the people to express themselves at the ballot box on the question of the manufacture and sale of alcoholic beverages. We believe in the right of the people to prohibit the manufacture and sale of alcoholic beverages in any area from the precinct to the nation itself and urge our people to support such legislation whenever the opportunity is offered.
7. That we recognize and approve the constructive work being done by Alcoholics Anonymous and other voluntary organizations toward rehabilitating alcoholics and urge our churches to cooperate and assist in this work.

8. That since specialists in abnormal psychology and authorities in the field of delinquency and crime tell us that resort to alcohol and other anti-social acts is frequently a symptom of a spiritual disorder whose roots lie deep in early childhood experiences or in the recesses of the inner life, we therefore urge our churches, in their programs of Christian education, to give careful attention to personal counselling of families and young people at the points where these frustrations in normal developmental patterns arise.
9. That we urge upon our churches the importance of developing a community consciousness with regard to the dangers and moral issues involved in social drinking, and in the manufacture and sale of alcoholic beverages.

No. 43

On Indian Treaty Rights

WHEREAS: It has come to the attention of this Convention that the Corps of Engineers of the United States Army is engaged in building a dam on the Columbia River at The Dalles, Oregon, which will inundate Celilo Falls on that river, and

WHEREAS: Certain Indian tribes of that region, particularly the Yakima Umatilla and Warm Springs tribes claim perpetual fishing rights under a treaty negotiated with the United States government in 1855 through the then Governor of the Northwest Territory, ratified by the Senate on June 9, 1855, and subsequently upheld by the courts, which rights they claim to have held long before the coming of the white man to this continent and which they claim are now being violated by the construction of this dam, and

WHEREAS: These tribes claim that Celilo Falls is the only such fishing place on the Columbia River remaining to them, that fishing at this point is one of the important means of livelihood for large numbers of their people; that the inundation of the Falls will deprive them of this means of livelihood, and will submerge certain historic shrines located there, and

WHEREAS: Representatives of these tribes claim that they have been unable to negotiate a settlement with the United States Government and that such settlements as have been offered have been made unilaterally; that cash payments proffered do not adequately compensate them for the loss of fishing rights; that the money allotted will go not to individuals but to tribal funds; and that ten per cent of any monies so paid will go to attorneys for fees:

THEREFORE, BE IT RESOLVED:

1. That the International Convention of Disciples of Christ in Assembly at Portland, Oregon, July 4-9, 1953, requests the President of the United States to initiate an investigation of the claim of these Indian tribes that their treaty rights are being violated by the construction of the dam at The Dalles, on the Columbia River, and that pending the outcome of such investigation construction of the dam be suspended.
2. That we respectfully urge the United States Government through its proper officials to enter into negotiations with the Indian tribes whose treaty rights are involved looking toward a settlement which will meet their just claims and offer adequate compensation for any losses suffered.

We further urge that in event the study called for in the preceding section and negotiations with these tribes as recommended herein results in a decision to continue construction of this dam, the United States undertake a program of rehabilitation of those Indians who have been deprived of a substantial portion of their livelihood thereby.

3. That while we recognize that river control irrigation and power production are essential to the economic development of our country, we hold that such projects should be planned and executed with scrupulous regard for the rights of persons and groups whose interests are affected by them.

INTERNATIONAL CONVENTION BUSINESS RESOLUTIONS

4. That we record our belief that the United States Government as guardian of the Indian tribes has an obligation to protect them from excessive legal fees arising from the settlement of claims against the Government.
5. That a copy of this resolution be sent to the President of the United States, to the Commissioner of Indian Affairs of the Department of the Interior, and to the Senators and Representatives from the states of Washington and Oregon.

The Committee on Recommendations recommended approval of Resolution No. 43 as shown above with revisions as follows:

- A. In view of fuller information and recent changes in the situation since the writing of the resolution, that the following words in the 4th "Whereas" be deleted:
"that the money allotted will not go to individuals but to tribal funds; and that ten percent of any monies so paid will go to attorneys for fees."
- B. That there be added a 5th "Whereas"
"5. WHEREAS, the Disciples of Christ have for more than 30 years conducted mission work among the Yakima Nation and are, therefore, vitally concerned with their welfare,
- C. Add to the "Resolution" a Section No. 6 as follows:
"6. And that the Department of Social Welfare be asked to implement this resolution by appropriate action."

Action—VOTED by the Convention Assembly to approve Resolution No. 43 as amended above by the Committee on Recommendations.

No. 44

On Dependent Areas and Peoples

WHEREAS: The historic position of the United States has been that of encouragement of groups seeking liberty and the right of self-determination; and

WHEREAS: In many parts of the world peoples who have for generations and even centuries been subject to foreign powers are now demanding freedom and self-government; and

WHEREAS: Recently there have been some indications that our representatives in the United Nations have compromised our traditional policy and have thus weakened our testimony among dependent and colonial peoples on behalf of freedom and independence;

THEREFORE, BE IT RESOLVED:

1. That this International Convention of Disciples of Christ, meeting in Portland, Oregon, July 4-9, 1953, urge our government to support requests of dependent and colonial peoples for a hearing before the United Nations for freedom and independence or to a greater degree of participation in their own affairs.
2. Recognizing that not all groups seeking freedom and independence may not now be able to carry the responsibilities involved, we urge our representatives in the United Nations to propose a program involving a series of definite steps whereby such groups can hope to achieve this goal.
3. That the executive secretary of this convention be requested to transmit this resolution to the President, the Secretary of State and the United States Ambassador to the United Nations.

No. 45

**On International Convention Accommodations and the Achievement of
Christian Brotherhood**

WHEREAS: The International Convention of Disciples of Christ has within the past 20 years made substantial progress toward equality of treatment of all Christians in its assemblies regardless of race and color, and

WHEREAS: Discriminations on account of race and color still exist in many communities in all sections of our country which make difficult the practice of full Christian brotherhood in these matters by the convention and which violate the conscience of many Christians, and

WHEREAS: We believe that it is incumbent upon this Convention to continue its efforts to bring its practices into harmony with the ideal of full equality and brotherhood;

THEREFORE, BE IT RESOLVED, by this International Convention of Disciples of Christ in Convention Assembly at Portland, Oregon, July 4-9, 1953:

1. That we support the General Board of the National Council of Churches of Christ in the United States of America in its decision to hold its meetings only where there are facilities in hotels and other places of meeting that are open to all participants without discrimination on account of race and color in the matter of housing, hotel accommodations, room assignments and dining facilities.
2. That we call upon the officers of the International Convention, its board of directors, its time and place committees and convention arrangement committees to press unremittingly for the achievement of the goal of a completely non-segregated convention without discrimination in any of its phases at the earliest possible moment and that all communities submitting invitations to the convention be advised of this policy.

No. 46

On United Nations International Children's Emergency Fund

WHEREAS: The needs and welfare of the children of the world are matters of deep concern to all Christians; and

WHEREAS: There are in the world today millions of children whose only hope for escape from starvation, for an opportunity for even the most elementary education and medical care lies in the work of the United Nations Children's Emergency Fund; and

WHEREAS: The future work of this organization is gravely endangered by inadequate support at the present time;

THEREFORE, BE IT RESOLVED:

1. That the International Convention of the Disciples of Christ assembled at Portland, Oregon, July 4-9, 1953, encourages our churches and church members to give earnest consideration to the work and needs of this organization; and
2. That since the Congress has authorized the giving of \$16,481,000, to UNICEF for the period ending December 31, 1953, but has so far appropriated only \$6,666,667, we urge Congress that it appropriate the balance of \$9,814,333, so that the practical work of love and mercy for "these little ones" may continue; and

No. 47

On Human Rights

WHEREAS: Christians with their belief in the fundamental dignity of man and in his possession of inherent God-given rights are inevitably concerned in all attempts to state effectively and actualize in concrete situations conceptions of the nature of these rights; and

WHEREAS: The nations of the world, including our own, have been working for a number of years through the Human Rights Commission of the United Nations in an effort to arrive at a satisfactory statement of some of these rights which might serve as a basis for agreement and action in extending and guaranteeing these rights around the world; and

WHEREAS: The decision of the Department of State not to sign the Covenants on Human Rights, the Convention on Genocide and the Convention on Political Rights for Women appears to other peoples as a repudiation of these principles,

THEREFORE, BE IT RESOLVED by this International Convention of Disciples of Christ in Assembly at Portland, Oregon, July 4-9, 1953:

1. That we express appreciation for President Eisenhower's statements concerning the importance of the work of the Human Rights Commission.
2. That we look with concern upon the decision of the Department of State not to sign the Covenants on Human Rights or the Conventions on Genocide and on Political Rights for Women and strongly urge that the way be left open for their future consideration.

No. 48

On the Bricker Amendment

WHEREAS: A number of measures have been introduced in Congress (Senate Resolutions 1 and 43, and House Joint Resolutions 376 and 390) to amend the Constitution of the United States to require that all treaties and executive agreements negotiated by the President be ratified by the Senate and the House of Representatives, and

WHEREAS: Adoption of this proposed amendment would radically change the historic policy of the United States whereby the President is authorized to negotiate

treaties with other nations subject to ratification by a two-thirds majority of the Senate and would limit our ability as a nation to make executive agreements with other nations in regard to such matters as international trade, navigation, extradition, collection of foreign debts, making or implementing common agreements relating to mutual disarmament, improving health conditions and international economic conditions and, in general, handicap us in taking cooperatively our place in the family of nations;

THEREFORE, BE IT RESOLVED by this International Convention of Disciples of Christ in Assembly at Portland, Oregon, July 4-9, 1953:

1. That it is our conviction that adoption of this proposed amendment would do serious harm to the stability of the world by compelling the United States to withdraw from the United Nations.
2. That its adoption would seriously handicap the executive branch of the government in the discharge of the responsibilities placed upon it by the Constitution and would involve the Congress in a heavy burden of legislation on matters that are essentially administrative in character, and in case of a national emergency, might do serious harm to the country.
3. That we urge the members of our churches to study this proposal carefully and to express to their representatives in Congress their convictions concerning it.

Signed:

Department of Social Welfare
The United Christian Missionary Society

The Committee on Recommendations recommended that Resolution No. 48 as shown above be revised as follows:

Paragraph 1 on page 220 be changed to read: "That it is our conviction that adoption of this proposed amendment would jeopardize the stability of the world by limiting the participation of the United States in the United Nations."

With this revision, it is recommended that this resolution be received by the Convention as a most thoughtful and carefully prepared statement on a very vital issue; that it be accepted as an urgent invitation to all Disciples of Christ to give it exceedingly careful study leading to intelligent action; and that this resolution be referred to the Department of Social Welfare for continued study and recommendation to the churches.

Action—VOTED by the Convention Assembly to approve the recommendation of the Committee on Recommendations on Resolution No. 48.

No. 49

On Need for Emergency Immigration Legislation

WHEREAS: The Christian Conscience cannot rest as long as there are homeless people in the world, and

WHEREAS: There are many people in various parts of the world whose need to emigrate is critical and who cannot wait for long-term revisions of our immigration laws, and

WHEREAS: The expiration of Displaced Persons' legislation in June, 1952, has left many of these people virtually without hope,

THEREFORE, BE IT RESOLVED:

1. That this International Convention of Disciples of Christ, meeting at Portland, Oregon, July 4-9, 1953, go on record as supporting emergency legislation which would provide for the admission to the U. S. of (a) those who were processed under the Displaced Persons Act, but who could not enter the United States because the quota provided in the Act was full, and (b) our fair share of refugees, expellees and escapees from behind the Iron Curtain.
2. That on the basis of the recommendations of the former Displaced Persons Commission and the recommendation of the General Board of the National Council of Churches of Christ in the U. S. A. and the recommendation of the President of the United States, the International Convention urges that legislation be passed to admit from 250,000 to 300,000 refugees in a period of approximately three (3) years.

No. 50

On The United Nations

WHEREAS: The churches of the United States through their influence and participation contributed greatly to the establishment and strengthening of the United Nations; and

WHEREAS: The United Nations under the terms of its Charter, adopted at San Francisco in 1945, will have before it the question of possible charter revision not later than 1955; and

WHEREAS: Eight years of experience have revealed not only an enviable record of achievement of both the United Nations and its specialized agencies but has also revealed certain points at which the organization needs further study and strengthening; and

WHEREAS: It is our conviction that the task of improvement of this valuable international organization should be approached constructively in the spirit of Christian concern and helpfulness; and

WHEREAS: The National Council of the Churches of Christ in the U. S. A. has called a national study conference on the responsibilities of the United States in world affairs in the light of the Christian faith, at which conference our relationship as a nation and as Christians to the United Nations will be under consideration:

THEREFORE, BE IT RESOLVED:

1. That this International Convention of Disciples of Christ meeting in Portland, Oregon, July 4-9, 1953, reaffirms its support of the United Nations as the best present instrument for bringing together the nations of the world to seek solutions of the problems of international relationships.
2. That we urge our churches and our people to study the work of the United Nations, using the study materials provided by the national study conference of the National Council of the Churches of Christ in the U. S. A. and by other organizations and groups.
3. That we urge such study groups to report their conclusions and opinions to the Department of Social Welfare for compilation and transmission to the National Council of the Churches of Christ in the U. S. A., to the Department of State and to appropriate agencies of the United Nations.

On Material Aid

WHEREAS: There are millions of refugees in the world today who have been uprooted from their homes and native land; and

WHEREAS: Urgent requests for clothing for destitute refugees in Korea, the Near East and Central Europe continue to pour into relief agencies; and

WHEREAS: Appeals for service gifts continue to come from our mission fields around the world;

THEREFORE, BE IT RESOLVED:

1. That this International Convention of the Disciples of Christ, meeting in assembly at Portland, Oregon, July 4-9, 1953, reaffirm its support of appeals to the Brotherhood for material aid under the direction of the department of social welfare of The United Christian Missionary Society in mutual agreement with the Committee on Relief Appeals; and
2. That cooperative relationships continue to be maintained with CROP, CARE and the Heifer Project for the encouragement of appeals for food and animals for devastated areas; and

3. That we urge the people of our churches to increase their contributions of clothing, food and animals to recognized relief agencies and to the missionary work of the Brotherhood.

Action—VOTED approval of Resolution No. 51 by the Convention Assembly.

No. 52 On Christian Unity

WHEREAS, We Disciples of Christ began in an intense desire for Christian unity, were nurtured by our insistent efforts for unity, and have come to be characterized by a concern for, as well as an appreciative awareness of, a world-wide interest in unity; and,

WHEREAS, We Disciples of Christ recognize that there are various stages in the advance toward the goal of Christian unity, such as cooperative enterprises, experiments in ecumenical fellowship, and ventures in organic union, and that they are accompanied by ever growing understanding, conciliatory attitude, and brotherly spirit transcending sectarian emphases and denominational variations; and,

WHEREAS, We Disciples of Christ rejoice at every sign of advance, whether by efforts in which we engage or by those apart from our participation, and are glad for whatever furthers Christendom toward the answering of our Lord's prayer that all his people may be one, as giving added significance to our continued witness for unity; therefore,

BE IT RESOLVED,

That we Disciples of Christ, assembled in the International Convention in Portland, July 4-9, 1953, note with gratitude some of the steps taken toward unity this past year, commend such progress, and make three series of relevant recommendations to our churches:

I. RECOMMENDATIONS ON BEHALF OF THE VARIOUS COUNCILS OF CHURCHES:

1. Appreciating their enlisting of denominational cooperation without infringing upon doctrinal beliefs, we recommend a hearty support of the various Councils of Churches (World, National, State, and Local), and ask our Association for the Promotion of Christian Unity to urge our churches to a more generous maintenance of the Councils.

2. We recommend to our congregations a careful study of the subjects engaging the forthcoming Assembly of the World Council (August, 1954) in Evanston, as well as of the significant Reply to the Lund Report drafted by the Faith and Order Committee of the Association for the Promotion of Christian Unity, and especially urge the churches' consideration of the "Suggestions for Action" in the Lund Report.

3. We note with considerable pride the outstanding contribution made to the World Council of Churches, during the past eight years, by our European representative, Robert Tobias, and we commend the United Christian Missionary Society, the Committee on Relief Appeals, and the Association for the Promotion of Christian Unity for their cooperation in making Mr. Tobias available to our churches for the next year for an interpretative ministry on behalf of the ecumenical fellowship.

II. RECOMMENDATIONS ON BEHALF OF EFFORTS TOWARD ORGANIC UNION:

In keeping with the action of former International Conventions:

1. We recommend that we continue our interest in cultivating closer relations with the American Baptists, and to this end request the Association for the Promotion of Christian Unity in cooperation with the Executive Secretary of the International Convention to represent the Disciples of Christ in any possible contacts with the American Baptists.

2. We recommend a studied interest in and a prayerful concern for the possibility of organic union of certain denominational groups as being considered by the Conference on Church Union (recently meeting in Cincinnati and Greenwich).

INTERNATIONAL CONVENTION BUSINESS RESOLUTIONS

III. RECOMMENDATIONS WITH REFERENCE TO SIGNIFICANT PUBLICATIONS IN THE AREA OF CHRISTIAN UNITY AND THE ECUMENICAL FELLOWSHIP DURING THE YEAR:

1. We commend the publication of the *Ecumenical History* under the editorship of Miss Ruth Rouse and Bishop Stephen Neill, registering our sense of satisfaction that we Disciples of Christ were privileged to share in the support of the Ecumenical Institute which has made possible this important document, and note with approval the honors of recognition bestowed upon the editors by Culver-Stockton College.

2. We call attention to, and commend the important publications in this field under the authorship of Disciples of Christ, namely, Winfred Ernest Garrison's *A Protestant Manifesto*, *The Unfinished Reformation* by Charles Clayton Morrison, and the study book prepared for the Association for the Promotion of Christian Unity by Howard Elmo Short.

Signed:

G. Edwin Osborn, Ivan H. Dugan, Hampton Adams,
O. L. Shelton, Ronald E. Osborn

The Committee on Recommendations recommended approval of Resolution No. 52 as shown above with the following changes and additions:

Under "Recommendations" I, paragraph 2: at the end of line 4 and beginning of line 5 delete the phrase "the churches" and substitute the phrase "that all ministers lead their churches in a" consideration of the Suggestions for Action in the Lund Report.

In line 5 following the phrase "Suggestions for Action," insert the words "pages 22-25, 34 and 35."

Action—VOTED approval of Resolution No. 52 by the Convention Assembly with revisions recommended by the Committee on Recommendations.

No. 53

Concerning Future Baptist-Disciple Relations

WHEREAS, the American Baptist Convention at its meeting in Chicago in May, 1952, passed a resolution asking that the Baptist Section of the Baptist-Disciple Commission be dismissed and that future negotiations with the Disciples be carried on by their Commission on Relations with Other Denominations, and,

WHEREAS, at a review meeting of the Baptist-Disciple Commission in Cleveland in December, 1952, Baptist members of the Commission expressed their desire to review Baptist-Disciple relations at least once a year for the next five years,

BE IT RESOLVED, that the International Convention of the Disciples of Christ dismiss the Disciple Section of the Baptist-Disciple Commission and request The Association for the Promotion of Christian Unity to carry on further negotiations with American Baptists.

Signed:

Hampton Adams, Chairman of the Disciple Section
Of the Baptist-Disciple Commission

The Committee on Recommendations recommended approval of Resolution No. 53 as shown above and recommended the addition of the following phrase at the end of the resolution: "in cooperation with the Executive Secretary of the International Convention."

Action—VOTED approval of Resolution No. 53 by the Convention Assembly with the addition of the phrase recommended by the Committee on Recommendations.

No. 54

Recommending Uniform Church Signs to Identify Disciples of Christ Churches

At the 1952 Convention of the Churches of Christ (Disciples) of the Capital Area a resolution was passed to the effect that:

"Inasmuch as the American public spends much time in traveling the highways of the United States, and the Churches of our Brotherhood are so often secluded in off-the-highway sections of villages and cities:

"We recommend that our Brotherhood of the Disciples of Christ publicize and direct the passing motorist to such Churches by creating a dignified, uniform sign that could be recognized by the public and used by the local churches of such villages and cities.

"It is recommended that this recommendation be sent to the International Convention for their consideration."

Signed:

The District of Columbia Christian Women's
Fellowship
Mrs. Dwight Shytle, President
The Maryland Christian Women's Fellowship
Mrs. Albert C. Hofrichter

The Committee on Recommendations recommended that Resolution No. 54 as shown above be recommended to the Home and State Missions Planning Council for consideration and that a uniform road sign be developed that could be used by our churches across the nation. It is suggested that when using the words "Christian Church" or "Church of Christ" that there be placed below in small letters the words "Disciples of Christ," our Federal Census designation.

Action—VOTED by the Convention Assembly, that the recommendation of the Committee on Recommendations on Resolution No. 54 be approved.

No. 55

Request for Reconsideration of 1954 Convention City

WHEREAS, the International Convention of the Disciples of Christ has the established policy of not holding its annual session in cities where members of a minority group are segregated because of race or color, and

WHEREAS, this position was affirmed at the Oklahoma City, Oklahoma, Convention in 1950 and reaffirmed at the Chicago, Illinois, meeting, in 1952, and

WHEREAS, information has been received from an official source that the arrangements for entertaining the 1954 Convention in Miami, Florida, will not provide for the Negro delegates to stay in the headquarters hotels, and

WHEREAS, accepting such a practice will reverse a long-standing policy of the International Convention;

BE IT RESOLVED, that the Portland, Oregon, Assembly, convening July 4 through 9, 1953, reconsider its plan for holding the 1954 Convention in Miami, Florida.

Signed:

Trustees of the
National Christian Missionary Convention
L. L. Dickerson, President
Richard L. Saunders, Secretary

The Committee on Recommendations recommended that Resolution No. 55, as shown above, be *not* approved in light of action taken on Resolution No. 45, which carries out the intent of No. 55; and it is further recommended that insofar as possible the action called for in Resolution No. 45 be carried out in arrangements at Miami.

Action—VOTED by the Convention Assembly to sustain the recommendation that Resolution No. 55 be *not* approved for the reason given.

Standard Designed Signs

From the State Board of the Florida Christian Missionary Society:

Upon the recommendation of Mr. Lanier Dasher, of Miami, at the 1952 State Convention assembled in Gainesville, that a uniform church sign be adopted and used by our churches,

The State Board of the Florida Christian Missionary Society wishes to make the following recommendation to the Committee on Recommendations of the International Convention of Disciples of Christ, meeting in Portland, Oregon, 1953:

BE IT RESOLVED, that the Home and State Missions Planning Council be requested to study the feasibility of adopting a uniform sign or symbol to be used universally by our churches; and

No. 57

Pattern of International Conventions

From the Recommendations Committee of the 62nd Annual Convention of the Florida Christian Churches; to the Recommendations Committee of the International Convention of the Disciples of Christ, Portland, Oregon: July 4-9, 1953;

The 62nd Annual Convention of the Florida Christian Churches of the Disciples of Christ, meeting in Miami, April 30 to May 3, 1953, wishes to submit the following recommendations:

That the Board of Directors of the International Convention of the Disciples of Christ give serious study to, and place in operation as soon as possible, the following pattern of conventions for the future, beginning not later than 1956:

1. That a biennial convention and an area assembly schedule be set up, i.e., a full convention every other year and area assemblies on alternate years. The area assemblies to be purely promotional, informative, and inspirational, and that the full convention transact all business.

2. That the states be encouraged to set up state conventions on a biennial basis on alternate years from the International Convention. On the off years of the State Conventions, that strong district conventions be emphasized, perhaps of two-day duration, starting, for example, on Saturday afternoon and continuing through Sunday.

It is felt that this type of Convention procedure will encourage more long-range program planning, and will free convention expense dollars to do the missionary and benevolent work of the Brotherhood.

Respectfully submitted,
David S. McNelly, Chairman, State Board
Florida Christian Missionary Society

“Action: approved by the 62nd Annual State Convention at the business session on Saturday, May 2, 1953.”

The Committee on Recommendations recommended that Resolution No. 57 as shown above be referred to the Board of Directors of the International Convention of Disciples of Christ for a one-year study, and that the results of this study be reported to the next Assembly of the International Convention.

Action—VOTED approval by the Convention Assembly of the recommendation of the Committee on Recommendations on Resolution No. 57.

Drive-In Church Services

WHEREAS: The State Board of the Florida Christian Missionary Society, in session in the 62nd Annual Convention of Disciples of Christ, in Miami, Florida, on April 30, 1953, recommended that the following resolution, approved by the Florida State Convention, be presented to the International Convention of Disciples of Christ in session in Portland, Oregon, July 4-9, 1953.

THEREFORE, BE IT RESOLVED THAT:

1. The International Convention of Disciples of Christ recognizes the need of reaching a larger number of unchurched people with the Christian message, and we recommend that the International Convention, through its Executive Office, shall encourage ministers of the Disciples of Christ, and other recognized leaders of the Disciples of Christ, to conduct Drive-In Church Services in Drive-In Theatres, that will not conflict with regularly scheduled services in the established churches;

2. The International Convention encourages the program of local church-sponsored Drive-In Church Services in Drive-In Theatres in every available place in the area served by the International Convention;

3. Standards for such services should conform to minimum standards adopted by the Florida Association of Drive-In Church Services, Inc., Orlando, Florida; and that the Executive Committee of the International Convention appoint a committee to organize a National Association of Drive-In Church Services, the purpose of which shall be to set minimum standards and policies relative to the conduct of Drive-In Church Services.

The Committee on Recommendations recommended approval of Resolution No. 59, as shown above, with the following change:

In paragraph No. 3, "Standards for such services should be *similar* to minimum standards adopted by the Florida Association of Drive-In Church Services, Inc., Orlando, Florida."

Because of the interdenominational character of such Drive-In Services, it was recommended that this resolution be referred to the Joint Department of Evangelism of the National Council of Churches of Christ in the USA for further study and implementation.

Historical Anniversaries in 1954

WHEREAS, The year 1954 will mark the sesquicentennial anniversary of *The Last Will and Testament of the Springfield Presbytery* (1804) and the centennial anniversary of the death of Thomas Campbell (1854); and

WHEREAS, A resolution adopted by the Oklahoma City Assembly of the International Convention of Disciples of Christ called to the attention of the Brotherhood the importance of these anniversaries;

INTERNATIONAL CONVENTION BUSINESS RESOLUTIONS

THEREFORE BE IT RESOLVED by this Portland Assembly of the International Convention of Disciples of Christ, in session July 4-9, 1953, that

1. We call once again to the attention of the churches the opportunity which these anniversaries present for a consideration of our heritage and of the relevance of our plea for the life of today; and that
2. We remind the program committees of the International Convention and of our state conventions, as well as the editors of our journals and the officers of our educational institutions concerning the importance of giving due recognition to these anniversaries; and that
3. We especially commend the Kentucky State Convention and the national agencies cooperating with it for their plans to hold appropriate anniversary celebrations in and near Cane Ridge in June of 1954.

Calling for Acceptance of Obligation for the Work of the American Bible Society

WHEREAS, the Bible is the Book through which the good news of God's redemption of men through Jesus Christ is made known,

WHEREAS, men desperately need the Bible that through its message they may learn to do justly, to love mercy, to walk humbly with their God, and eventually to establish peace and righteousness in the world,

WHEREAS, the churches of our brotherhood hold the Bible, especially the New Testament, as an indispensable guide for Christian faith and church procedure,

WHEREAS, our Brotherhood is not equipped to prepare the Scriptures in the many languages in which we promote the Gospel at home and abroad,

WHEREAS, Bible lovers of many fellowships, denominations, and churches have joined in accepting the American Bible Society to serve them in the translation, publication, and distribution of God's Holy Word,

WHEREAS, the Society through its Advisory Council has set financial goals for the church groups which it serves, the goal for our Brotherhood being \$51,000.00 or about 2½¢ per member.

THEREFORE, BE IT RESOLVED: That we call upon all the churches of our brotherhood to make gifts to the American Bible Society annually as a regular missionary obligation according to their ability, in order that the Word of God may be printed in the languages of the peoples, and may run and have free course and be glorified.

Concerning Recognition of the Disciples of Christ Historical Society Services

WHEREAS, the Disciples of Christ Historical Society is the only agency in the Brotherhood whose sole responsibility is the locating, collecting, and making available for use the historical materials of our movement, and

WHEREAS, the Historical Society is now in its second year as a full-time service agency with headquarters in Nashville, Tennessee; which full-time operation has been made possible by a generous five-year subsidy granted by a group of interested Nashville citizens and by the generous donation of temporary housing facilities by the Joint University Library in Nashville, and

WHEREAS, the work of the Historical Society has been approved as a part of the long-range program of the Brotherhood, and

WHEREAS, support for the program of the Historical Society is derived solely from memberships and individuals gifts,

THEREFORE, BE IT RESOLVED: That the Disciples of Christ, now in convention assembled, do recognize the services being rendered by the Historical Society to local churches, individuals, and institutions of the Brotherhood, and that we commend the directors and officers of the Society for their efforts to preserve and make available for use the historical materials of our movement, and that this Convention endorse the work of the Society and recommend consideration of membership in the Society by individuals, churches, and institutions represented at this Convention. Further, this Convention recognizes the contribution of the citizens of Nashville in the establishment of the Historical Society as a full-time service agency of the Brotherhood and takes this opportunity to express appreciation to the Nashville Planning and Finance Committees and to the Joint University Library.

Concerning Christian Treatment for Veterans

WHEREAS, International Convention of Disciples of Christ meet in 1953, and

WHEREAS, "The program is planned to better inform the average member of the total work of our Brotherhood in all phases of its influence," and

WHEREAS, "The Uplifted Christ Lifts Men," and

WHEREAS, Christianity, not war, has the best answer to world problems as well as domestic policy, and

WHEREAS, Disciples of Christ strive to do the will of God upon earth as exemplified by Jesus Christ, and

WHEREAS, Individuals who served in the Armed Forces of the United States of America in time of war deserve Christian treatment, and

WHEREAS, Any delay in properly processing a veteran's claim usually is a hardship upon the veteran and his (or her) loved ones, and

WHEREAS, There is no suitable place for a veteran to lodge a justified complaint against the Veterans' Administration or its employees to receive adequate and swift action regarding same, and

WHEREAS, It is our responsibility to uphold Christian ideals and principles in all walks of life, and

WHEREAS, We realize that no individual or organization in the world today is absolutely perfect,

THEREFORE, BE IT RESOLVED:

1. That the International Convention of Disciples of Christ go on record as requesting the United States Government and those directly concerned with veterans to continually strive to see that veterans receive Christian treatment with particular concern at this time upon: (a) Establishing a practical, workable system of properly processing a veteran's claim within a few days; (b) Establishing an office (or agency) with authority to receive and act upon justified complaints by the veteran against the Veterans' Administration or its employees; and (c) Permitting recourse to the courts by the veteran on any Veterans' Administration denial of benefits following a final and completed Veterans' Administration action.

2. That this resolution be transmitted to the President, to members of the United States Congress, and to the Administrator of Veterans' Affairs.

BUSINESS RESOLUTIONS

93

WHEREAS, A mood of questioning and confusion has been created in the minds of some by the attacks made upon the Revised Standard Version by a small but vocal minority within American Christendom;

THEREFORE, BE IT RESOLVED, by this Assembly of the International Convention of Disciples of Christ, in session at Portland, Oregon, July 4-9, 1953, THAT:

1. We express our satisfaction with the Revised Standard Version as a reliable, reverent, and readable translation of the Holy Bible into the language of our day, which people throughout the English-speaking world may read with confidence and with spiritual profit, and that we so commend it to Christians everywhere;
2. We commend to our churches the use of the Revised Standard Version for public reading in the various services of worship; we commend the editor and publishers of *Christian Worship—A Service Book* for using the Revised Standard Version throughout that work, and we also commend the Program Committee of this Assembly for providing each day the period known as "The Bible Speaks" during which the readings from the Revised Standard Version have contributed greatly to our spiritual uplift;
3. We commend to our churches the use of the Revised Stanard Version in their program of Christian education—for study in the church school, for presentation to new members, to children, and young people, and in the promotion of daily Bible readings on the part of persons of all ages who have not, by reason of long familiarity, become attached to some older version; we commend the Christian Board of Publication for its use of the Revised Standard Version in the curricular materials issued under the Bethany imprint; and we commend the American Bible Society for the beginning it has made in publishing some portions of the Scripture according to the Revised Standard Version, expressing our hope that the Society's use of this version will increase;
4. While we recognize the legitimacy of honest criticism by competent scholars, we greatly deplore the scandalous attacks upon the Revised Standard Version, especially those accompanied by indignities practiced upon copies of the Bible, which call to our mind earlier dark eras of religious repression when ecclesiastics destroyed honest vernacular translations which they did not consider to be in accord with their dogmas;
5. At this our first Assembly since the appearance of the complete Bible in the Revised Standard Version, we express our appreciation to the Division of Christian Education of the National Council of the Churches of Christ in America, under whose auspices this version appeared; to the translators for their long and painstaking service, their faithful stewardship as scholars, and their continuing purpose to correct every error; to Thomas Nelson and Sons for the large investment of capital necessary in making two million copies of this version available to the public within a year of its publication; and to all who in any way have had a part in this noble venture of bringing to the people of our day "the Word of Life in a living language."

REPORT OF THE STUDY COMMITTEE ON PREACHER
PLACEMENT

Introductory Statement

At the International Convention which met at Oklahoma City, Oklahoma, October, 1950, a resolution (No. 58) concerning preacher placement was passed. The resolution authorized that the board of directors of the International Convention appoint a committee to study the present plan of ministerial placement and make a report at a subsequent meeting of the International Convention.

INTERNATIONAL CONVENTION BUSINESS RESOLUTIONS

At the meeting of the board of directors on January, 1951, the following action was taken:

"Voted that we implement the action of the Oklahoma City Convention in Resolution No. 58 concerning a Ministerial Placement Commission by requesting the Administrative Committee to make the appointment from the personnel of the Committee on Effective Ministry of the Home and State Missions Planning Council.

"Note: The reason for this action was that the above committee from the Home and State Missions Planning Council is already dealing with the problem and it was felt to be desirable that the Convention give administrative responsibility to the same personnel. It is understood that this committee will report to the Board of Directors before making their report to the Convention."

Report and Recommendation

In accordance with this assignment, the Committee on Effective Ministry at its meetings in connection with the December, 1952, and May, 1953, sessions of the Home and State Missions Planning Council gave careful consideration to the request and now makes the following report and recommendation:

Upon the basis of our study of the present program of ministerial placement procedure which has been in use for more than ten years and administered through the office of the director of ministerial services we recommend that ministers, agencies and institutions be encouraged and urged to refer inquiring ministers and inquiring churches to these services and procedures.

These procedures are presently understood to be:

A. WHEN A MINISTER SEEKS A CHANGE OF PASTORATE:

1. The minister writes to the state or provincial secretary or the national director of ministerial services setting forth his desire to make a change.
2. The state or provincial secretary or the national director of ministerial services sends a copy of the "Minister's Information Blank" to the minister. He fills this out and returns it to the office from which secured.
3. This information is then distributed to those states, provinces or areas in which the minister desires to be considered.
4. These three steps bring the information into the hands of the state or provincial secretary, who is in the position best to assist the minister in making a satisfactory change of pastorate.

B. WHEN A CHURCH SEEKS A MINISTER:

1. The church confers with the state or provincial secretary or the national director of ministerial services setting forth its need for a minister.
2. The state or provincial secretary or the national director of ministerial services requests the local church to provide information to allow adequate appraisal of the church's needs, opportunities and resources.
3. In view of this information the state or provincial secretary or the national director of ministerial services suggests certain men for consideration by the local church. We view this procedure as a cooperative and helpful means of assisting ministers and churches in establishing a mutually satisfactory relationship.

In relationship to the above, and in addition thereto, we commend for consideration the following:

- A. That the churches and the ministers make the largest possible use of the office of the state or provincial secretary in connection with ministerial placement.
- B. That there be established in every state or province a representative committee (the state committee on the ministry), which shall, among other functions, counsel with the state or provincial secretary in matters of ministerial placement and co-ordinate all placement activities within the state or province.
- C. That the colleges and seminaries work out their program of student ministries in co-operation with state or provincial offices; and that colleges and seminaries have representation on the state or provincial committee on the ministry.
- D. That all national agencies recognize and cooperate with the office of the director of ministerial services in following the established procedures herein outlined in matters of ministerial placement.
- E. That men entering the ministry be encouraged to file with the state secretary or the director of ministerial services personal ministerial data and that colleges and seminaries be urged to lend their cooperation in this matter.

F. That we commend the growing practice of our churches in the use of ad interim ministers to allow for a more deliberate approach to the selection of a permanent pastor.

Approved by Committee on Effective Ministry, May 20, 1953.

SAMUEL F. PUGH, Secretary

Approved by Executive Committee of Home and State Missions Planning Council, May 20, 1953.

WAYMON PARSONS, Chairman

The Committee on Recommendations recommended that Report No. 66 as shown above be approved, and further recommended that we highly commend the excellent program of ministerial placement being developed by the Home and State Missions Planning Council and the National Director of Ministerial Services. The Committee felt that they are developing a constructive program of ministerial placement. It is recommended, however, that a minimum period of 90 days be suggested to both the minister and church for the termination of a pastorate. Further, it was suggested that both the churches and ministers seek to deal with this difficult period in a manner that will be Christian and fair to all concerned.

Action—VOTED approval of the report, including the recommendation of the Committee on Recommendations regarding additional suggestions, by the Convention Assembly.

**Concerning the Observance of the Year of Stewardship Emphasis in the
Local Church, 1954-1955**

WHEREAS, the Council of Agencies has designated 1954-1955 as the Year of Stewardship Emphasis in the Local Church, and

WHEREAS, stewardship is recognized as one of the most urgent needs of Disciples of Christ, and

WHEREAS, the Year of Stewardship will logically follow the Year of Evangelism in the training and commitment of all church members as Christian stewards,

THEREFORE, BE IT RESOLVED, That the International Convention of Disciples of Christ commend the Year of Stewardship as an opportunity for the most universal and aggressive program of stewardship ever undertaken by Disciples of Christ, and

That thorough planning and preparation be made by the Director of Stewardship of Unified Promotion, and the Stewardship Committee of the Home and State Missions Planning Council, and

That full cooperation be urged in every area of brotherhood life, national, state, and local church, and

That the Year of Stewardship should challenge every church and every Disciple with the principles and privileges of Christian stewardship, and as far as possible to commit every Disciple to the full stewardship of life, time, talent and treasure, including major consideration to tithing.

Gilbert G. Martin, Secretary of Official Board

The Committee on Recommendations recommended that Resolution No. 68 as shown above be recommended to the Home and State Missions Planning Council for consideration and that a uniform road sign be developed that could be used by our churches across the nation. It is suggested that when using the words "Christian Church" or "Church of Christ" that there be placed below in small letters the words "Disciples of Christ," our Federal Census designation.

Action—VOTED by the Convention Assembly that the recommendation of the Committee on Recommendations on Resolution No. 68 be approved.

No. 69

Report on Resolution No. 44 Referred by the Cincinnati Convention, 1949

This resolution was referred to the department of social welfare for study and subsequent presentation to the International Convention. This reference to the department was continued by the Oklahoma City Convention in 1950 (Resolution No. 30) and by the Chicago Convention in 1952 (Report No. 39).

Efforts by the department to enlist a graduate seminary student to make a study of the membership practices of our churches with respect to reception of persons of other than Caucasian origin have not met with success. Since it is essential to know the extent to which persons of other races and cultures are being received into our churches this survey is regarded as basic to the problem. It has been decided, therefore, to have such a survey made as soon as possible, either by a member of the department staff, or by enlisting a graduate student in the field of social group work.

As a further result of the reference to the department the application of the National Christian Missionary Convention for membership in the International Convention will be up for final action by this Assembly of the International Convention.

A resolution dealing with policy in respect to future International Conventions now before this Assembly is submitted by the department as a part of this reference.

The department requests continuance of the reference.

No. 70

Report on Resolution No. 52 Referred by the Chicago Convention, 1952

This resolution entitled, "Encouraging Deferred Retirement of Persons who are Mentally and Physically Capable" was referred to the department of social welfare for further study and report. In conformity with this reference the following partial report is submitted:

1. This resolution deals with a long-range program for which no easy or hasty solution has been found.

2. Investigation reveals that a number of agencies and groups, both public and private, are giving attention to problems relating to retention of capable persons on employment beyond the usual retirement years, re-employment of retired persons and guidance of older and retired persons into productive, remunerative and satisfying activities. The department is gathering available material on these developments and proposes to make its findings available.

3. Since local churches and general church agencies are also "Christian employers"; this resolution has implications for them as well as for business and in-

dustry. Has a Christian organization met its full responsibility when it provides a retired employee with a pension? Does it have an obligation to assist employees approaching retirement to make adjustments that will minimize or prevent a sense of "amputation" from the job? Should a program of counselling and assistance be provided whereby retired employees are enabled to enter some form of productive activity that will prolong the feeling of usefulness to society?

4. The department recommends that reference to the department be continued pending gathering of further data with a view to making its conclusions available to the International Convention and to the brotherhood.

Respectfully submitted,
Department of Social Welfare

On Religious Freedom

WHEREAS: In the United States one of our most cherished traditions has been that of the freedom of the pulpit and religion; and

WHEREAS: We believe that this fundamental concept is now gravely endangered by the expressed purpose of certain individuals and groups to investigate church groups and ministers; and

WHEREAS: The methods that are being used in these investigations tend to create conditions of suspicion and fear which tend to intimidate the ministry in the discharge of its responsibilities; and

WHEREAS: The Christian church, while it must always hold itself open to honest criticism, dare not abdicate its responsibility to God as His spokesman and as the conscience of the nations. It must therefore reject without equivocation all efforts of outside groups to restrain its pulpit utterances or the statements of its assemblies except for the restraint which comes from its own dedication to the ethical and spiritual principles of the Christian faith:

THEREFORE BE IT RESOLVED:

1. That this International Convention of Disciples of Christ meeting in Portland, Oregon, July 5-9, 1953, concur in the following statements of the National Council of Churches of Christ in the United States of America, that:

"As Christian Americans we are dedicated to maintaining the freedom of all Americans and American institutions. No body of citizens is more alert to the threat of communist thought and conspiracy both to the Christian faith and to the freedom of the Christian churches.

Free ministers in free pulpits, preaching to free people the liberating truth of Christ, are a chief bulwark of American freedom and the best guarantee of its future. This freedom must be maintained."

2. That we call upon both laymen and ministers to guard jealously the freedom of the pulpit and to support one another in the expressions of honest opinions.

3. That while we recognize the right and duty of Congress to investigate evidences of subversion and disloyalty, and the responsibility of ministers of the gospel to the laws of the land along with other citizens, we further affirm our conviction that all investigations should be carried on under established American procedures which protect the rights of all persons accused or suspected of crimes, including the right to know of what he is accused, who his accuser is, to have all evidence against him substantiated under law, and the right to enter evidence on his own behalf. We emphatically reject the right of any committee to conduct investigations except under these conditions.

Recommendation from the Board of Directors of the International Convention to Amend Proposed Amendment Article V, Section 1, of the Constitution of the International Convention

VOTED that in line 1, "Board of Directors" be substituted for "Committee on Recommendations";

That in line 2 the word "nine" be substituted for the word "fifteen";

That under "Note 1" the text would be, "If this amendment is adopted, the procedure would be:

"At its mid-year session each year the Board of Directors would select a proposed list of nine members to serve as the Nominating Committee for the International Convention for the year following the next Annual Assembly. This report would be presented to the Committee on Recommendations in sufficient time to allow for ratification by the Committee on Recommendations and election by the Convention."

Proposal to Amend By-Laws of the International Convention of Disciples of Christ, Article VI "Admission of Cooperating Organizations," as Amended, Chicago, May, 1952

The Board of Directors of the International Convention of Disciples of Christ recommends that the words,

"and that it will agree to maintain membership in the Council of Agencies" be inserted to follow the clause:

"provided it will agree to insert in its constitution or by-laws a provision to submit its reports to the Convention and to hold its books, accounts, and all of its records open to the inspection of the Committee on Recommendations or of the Board of Directors of the Convention between annual meetings of the Convention whenever such inspection is desired either by the Convention or by either of these bodies."

It is further recommended that all present member agencies of the International Convention take the proper action to become members of the Council of Agencies as a condition of maintaining membership in the International Convention.

Board of Directors

International Convention of Disciples of Christ

The Committee on Recommendations recommended that this proposed amendment, as shown above, be received and filed, to be voted upon at the next Assembly of the International Convention.

Action—VOTED to receive, file, and present this proposed amendment for subsequent action as recommended by the Committee on Recommendations, by the Convention Assembly.

Proposal for Study of Disciples of Christ Participation in Broadcasting, Films and Television Through the National Council of Churches of Christ in the U.S.A.

WHEREAS, the Department of Broadcasting and Films of the National Council of the Churches of Christ in the USA has in process of development a program, which if it is to be effective, must have adequate financial support from participating member religious bodies; and

WHEREAS, there has never been developed through the International Convention nor affiliated agencies, ways and means of providing these funds; and

WHEREAS, other religious bodies of comparable strength have been providing financial support far in excess of our token contributions,

THEREFORE BE IT RESOLVED, that the Council of Agencies be urged to study the matter of adequate participation by the Disciples of Christ in the program of the Department of Broadcasting and Films of the National Council and that the Council recommend to the proper units of our cooperative Brotherhood agencies that funds be allocated, making possible a representative share of support by the Disciples of Christ.

On Point Four and the Technical Assistance Program

WHEREAS, the Point Four Program of our own government and the Technical Assistance Program of the United Nations have been among the most successful international projects of the post-war period in lifting the level of human welfare among the peoples of underdeveloped areas of the world, thus reducing the danger of war, and

WHEREAS, these programs are now operating in thirty-five countries under mutual agreements with the governments of these countries, and

WHEREAS, these programs have been among the least expensive of our international ventures in the field of relief and rehabilitation, and

WHEREAS, the governments of the receiving countries are contributing approximately two-fifths of the cost of these programs, and

WHEREAS, reports indicate that efforts will be made to induce Congress to eliminate appropriations for these causes or greatly to reduce such appropriations, THEREFORE, BE IT RESOLVED, that this International Convention of Disciples of Christ—

1. Earnestly appeals to the Congress of the United States to continue appropriations for the Point Four and Technical Assistance Programs of the United Nations in such amounts as will permit these causes to function effectively in rebuilding the human and material resources of such underdeveloped areas as desire such assistance.
2. That we request the Department of Social Welfare to take such action as it may be possible to secure favorable action by Congress.

To Consider Ways and Means of Training Leadership to Serve Handicapped Persons

Inasmuch as there is a great need for special pastoral and mission service to handicapped persons all over the nation, and internationally, particularly those who are both deaf and mute, those who are blind and others who cannot readily be reached by routine pastoral service; and that,

WHEREAS, other religious organizations have taken it upon themselves to train personnel to function in these fields, the Disciples have not done so.

THEREFORE BE IT RESOLVED, that the International Convention set up a commission to explore the feasibility and advisability of instituting special training within the denomination of pastors and missionaries in the use of sign language, braille and other manner of communication necessary to reach and serve all persons not normally served by routine pastoral preparation. And that persons interested in serving in these fields be sought out and encouraged to develop their talents for such service, and that, where necessary, some manner of financial aid to the accomplishment of missions to the handicapped be developed and provided.

The Committee on Recommendations recommended that the word "denomination," occurring in the first sentence of the 3rd paragraph, as shown above, be changed to "Brotherhood." With this revision, the Committee on Recommendations recommended that this resolution be referred to the Home and State Missions Planning Council for further study.

Action—VOTED by the Convention Assembly, to approve the proposal of the Committee on Recommendations regarding the disposition of Resolution No. 77.

No. 78

Calling for the Holding of Conventions in Cities Offering Equal Accommodations to All Members

WHEREAS, we have in this International Convention meeting in Portland adopted the policy of the National Council of Churches of Christ of holding our meetings only where there are facilities in hotels and other places of meeting that are open to all delegates or participants without discrimination on account of race or color in the matter of housing, hotel accommodations, room assignments and dining facilities;

THEREFORE BE IT RESOLVED, by this International Convention of Disciples of Christ in Convention assembly at Portland, Oregon, that beginning in 1955 all International Conventions be held in cities where there are facilities in hotels and other places of meeting that are open to all participants without discrimination on account of race and color in the matter of housing, hotel accommodations, room assignments and dining facilities.

The Committee on Recommendations has received and considered Resolution No. 78 as shown above. It is the judgment of the Committee that the International Convention in session July 8, 1953, at 10:40 A.M., in Portland, Oregon, led by R. H. Peoples in his discussion of Resolution No. 55, came to a common mind and spirit on the issues contained in Resolution No. 78. It is our further judgment that the Convention expressed a deep concern that every elected Officer, Agency, Committee and all others

responsible for Convention Assemblies, at any time, use every facility to avoid every kind of situation wherein any person would be embarrassed or excluded because of race or color.

Since we doubt that in so short a time an adequate statement can be formulated, we recommend that a committee be appointed by the Board of Directors of the International Convention, made up of five (5) of its own members and five (5) signers or supporters of Resolution No. 78, who shall seek to discover God's will for us in prayer and conference, and to express it in a resolution to the 1954 Convention.

Action—VOTED to approve the recommendation of the Committee on Recommendations re Resolution No. 78.

No. 79

Revision of By-Laws of the International Convention of Disciples of Christ Re Nominating Committee Appointment

BE IT RESOLVED, that Article V, Section 3, titled "Other Commissions and Committees" line two; that the word four, be changed to three; and that the words be deleted beginning in line 3 which read (a committee to nominate officers and members of the Board of Directors for election by the Convention); and further that a section No. 4 be added, titled "The Nominating Committee," to read as follows:
Section No. 4—The Nominating Committee

The Nominating Committee of the International Convention shall be elected in the following manner, as described herein to nominate officers and members of the Board of Directors for election by the Convention.

A) That each state or provincial Convention represented on the Recommendations Committee of the International Convention shall designate one of its delegates or his alternate to the Committee on Recommendations, to serve as a member of a special committee separate and apart from the Committee on Recommendations. The sole responsibility of this special committee shall be to choose a Nominating Committee of fifteen (15). The above mentioned special committee is to be convened by the Executive Secretary of the International Convention to serve as its convener, until the committee shall select its own Chairman. Said meeting to be prior to the first meeting of the Committee on Recommendations at each Convention held.

This special committee shall present to the Convention, through the regular procedure of the Committee on Recommendations, its selection of a Nominating Committee, for approval by the Convention (this matter of business being an exception to the 30 day rule governing the presentation of recommendations).

A quorum of this special committee shall be those delegates chosen (or their designated alternates) who are present after written notice of the time and place of this committee's meeting has been set by the Executive Secretary of the Convention. Each state or province is responsible to notify the Executive Secretary as to the person selected by his state or province to serve and the alternate thereto.

B) The Committee on Nominations (15) shall be widely representative of the states and provinces served by the International Convention. Not more than one member from any state or province may serve. This Committee shall serve for one year (or until it has completed its work). No member of this committee can be a member of the Recommendations Committee, or an officer or member of the Board of Directors of the International Convention, nor can any member of the staff of any agency reporting to the International Convention be elected to serve as a member of this Committee on Nominations.

The Nominating Committee when elected, shall be convened by the President of the International Convention through the Executive Secretary. The President shall serve as the convener until the Committee has selected from its body a Chairman. The President and the Executive Secretary shall serve as ex officio and advisory members to the Committee on Nominations at all meetings.

The Committee on Nominations shall be convened at such time and place as is necessary in order that it may fulfill its obligation to the Convention and perform its function according to the by-laws of the International Convention as defined in said by-laws, and in keeping with all accepted practice of the Convention Nominating Committee.

The Committee on Nominations elected by the Convention, shall present its nominees for election at the next Convention in regular Assembly.

Vacancies on the Committee from any cause, must be filled by the Board of Directors of the International Convention at the earliest possible date, and the person or

No. 80

On Indian Rights

WHEREAS, it is the duty of Christians who have been uplifted by Christ to aid and assist those, who because of their race or creed, remain suppressed from their God-given rights; and

WHEREAS, the American Indian today on the Indian reservation is a citizen of the United States, but does not enjoy full citizenship benefits that all other citizens of this country enjoy; and

WHEREAS, these "first citizens" of our country have been looked down upon by our society for many years because of their race and creed, and have become demoralized, have felt degraded, and have needed rehabilitation;

NOW, THEREFORE, BE IT RESOLVED, THAT

1. The International Convention of Disciples of Christ appoint a commission of not less than 12 people to study the citizenship status of the American Indian on the reservation;

2. That following their investigation, this committee report their findings to the 1954 International Convention of the Disciples of Christ suggesting a positive program on how the American Indian on the basis of equality can best be assimilated into our present day society.

Chaplaincy Endorsement Commission of the International Convention of Disciples of Christ

Frederick W. Helfer, Chairman, Baltimore, Maryland
620 K of P Building, Indianapolis, Indiana

PURPOSE

The various sections of the military chaplaincy, Army, Navy and Air Forces, with the Veterans Administration Chaplaincy, assign each denomination or communion a quota, based on that communion's strength in the U. S. A. and the required needs of additional chaplains. Standards are set by these organizations such as age, education and training, and general fitness. Our Commission is asked to endorse only such men as shall be representative of the highest quality of the spiritual and moral integrity of our ministry, and to retain such relationships with our chaplains as to be able to withdraw endorsement should any prove unworthy, or be found undesirable for such duty.

Committee on Selective Service Status of Ministerial Students

Report for the Year Closing June 30, 1953

Benton B. Miller, Chairman
E. K. Higdon
Ephraim D. Lowe
Harlie L. Smith
Samuel F. Pugh, Secretary

The Committee on Selective Service Status of Ministerial Students is an International Convention Committee of five members established to give guidance and assistance to ministerial students as they seek to meet the requirements for deferment as established by the Selective Service System.

During the fiscal year this committee corresponded with 106 young men in regard to securing their 4-D status.

This committee recommends the following procedure for deferment which is based on the requirements of the selective Service System:

1. That the candidate sign a Life Commitment card stating his intention to go into full-time Christian service.
2. That he obtain three copies of the following statements: (a) one from his local church recommending him for deferment, (b) another from the college he intends to attend or is attending stating that he is pre-enrolled or enrolled as a student, (c) a statement from a recognized graduate school of religion stating that the candidate is pre-registered.

The candidate should give the first copies of each of these statements to his draft board, the second copies of each should be sent to this committee, and the third copies are for the candidate's own file. On receiving the three statements and the Life Commitment card two copies of the Certificate of Recognition are given the young man—one for his draft board and the other for himself.

In emergency cases the committee stands ready to appeal to Selective Service for young men who have met these requirements and for some reason have not been granted the 4-D status.

A leaflet entitled "Selective Service Requirements for Young Men Planning to Enter the Ministry" was sent to all churches this last year. Additional copies may be secured without cost from the International Convention.

ANNUAL REPORT

Voted approval of the above budgets for 1953-54 totaling \$3,463,600 as allocated.

Voted approval of the above distribution of 1952-53 overages in the total amount of \$983,075 as allocated.

Actions on Reports From National Agencies Not in Unified Promotion

Voted that the report of the National Benevolent Association be approved and that the askings for the next year be approved in an amount of 5% increase, computed on the actual receipts of 1952, \$895,422.

Voted commendation of the Committee to Restudy Benevolence for their study and report with the consensus of the Commission that the report is in line with the convictions of the members of the Commission.

Note: The text of this report under the title **Report of the Special Committee Appointed to Appraise Present Activities and to Explore Alternate Possibilities for Christian Care of Dependent Children and Aged** is presented in the business docket for the Portland Convention Assembly.

The Commission wishes to express its understanding of the problem faced by the National Benevolent Association in light of the probable new program to be approved at the Portland Convention. Through its Executive Committee the Commission will take cognizance of any emergencies which may arise in budget making. We respectfully request that when the program is known, a budget for the ensuing year be presented.

Observations:

1. The Commission desires to express its thanks to the National Benevolent Association for their fine cooperation in working through the special committee to establish a more complete program for the Christian care of dependent children and aged.

2. The Commission expresses hope to the National Benevolent Association that within their executive group they meet with success in organizing for their new program.

3. The Commission expresses concern regarding the high proportion of expenditures by the National Benevolent Association in promotional costs.

Voted to approve the request of the National Benevolent Association to present their annual report hereafter as of June 30.

Voted approval of the report of the Brazil Christian Mission with total askings of \$30,000 for the year 1953-54.

It is requested that the Brazil Christian Mission report the number of churches contributing and that a statement be made on what proportion of support comes from individuals, Bible Schools, Missionary Societies, etc.

Voted to receive the report of the Christian Board of Publication, to approve its financial statement, and to commend services in connection with their expanding program.

Voted approval of the operating budget of approximately \$7,000 of the European Evangelistic Society.

Note: It is recommended that the source of receipts from the European Evangelistic Society be itemized, giving the number of contributing churches, individuals, plus a statement of other sources of income.

Voted approval of the report of the International Convention of Disciples of Christ with budget askings of \$49,600 for the year beginning July 1, 1953.

Voted that the total budget askings of the Disciples of Christ Historical Society be approved in the amount of \$22,162. This amount is to be solicited by memberships of church groups and individuals.

Voted that the report and budget requests of the National Christian Missionary Convention be approved.

Voted that the Southeastern Christian Assembly operating budget of \$15,000 be approved and that the Assembly be cautioned regarding its heavy overhead costs, which now involve \$7,800 in salaries and \$2,500 in travel. Furthermore, we recommend that the proceeds from lots sold be placed into fixed assets as part of the capital funds of the Assembly.

Actions on Reports From Colleges Not in Unified Promotion

Voted that the report of the Butler School of Religion with a budget askings of \$59,000 be approved.

Voted that the report of the Butler School of Religion with a budget of \$162,735 be approved including askings of \$12,000 from church sources.

Voted that the report from Chapman College be received and that a communication be sent to the administration of the college asking for clarification of the report.

Voted that the report of Christian College, Columbia, Missouri, with budget askings of \$20,000 from church sources to apply on its total budget be approved.

Voted that the report of the Christian College of Georgia with askings of \$12,000 be approved with a request that the sources of income be indicated. Inasmuch as mention was made in the report of a possible capital investment, it is suggested that if a campaign for such funds is contemplated that a request be sent to this Commission.

Voted that the report from Culver-Stockton College be received and that a communication be sent asking for clarification of the report.

Voted approval of the report of the Disciples Divinity House including the budget for 1953-54 in the amount of \$51,811.70 approving the continuation of the solicitation of funds from churches. Appreciation was expressed for the excellent statement by Dean W. B. Blakemore giving an analysis of costs.

Voted approval of the report of the Disciples Divinity House of Vanderbilt University including a budget of \$13,000 for the year 1953-54.

Voted approval of the report of Drake University College of the Bible including askings of \$35,000 from the churches for current expenses.

Note: Notice was given of the excellent progress being made toward the campaign for funds to erect a new Bible College building.

Voted that the report and askings of Drury College School of Religion be approved with askings of \$10,000 from church sources.

Voted that the report and askings of Kansas Bible Chair be approved including \$10,825 from church sources.

Voted to receive the report of Midway Junior College and to express regret that a proposed budget for the coming year was not submitted. We ask for further information regarding estimated needs for the year ahead.

Voted to accept the report of Northwest Christian College with commendation on the fact that the college is operating with a balanced budget. This includes approval of a budget for the coming year of \$117,000 of which \$65,000 is to be solicited from church sources.

Voted approval of the report and requests of the Oklahoma Christian Foundation including askings from church sources of \$3,350.

Voted that the report from Phillips University be received and that the Commission request information on the current budget and ask that the proposed budget be submitted annually for consideration by the Commissioners.

COMMISSION ON BUDGETS AND PROMOTIONAL
RELATIONSHIPS
ANNUAL REPORT

Voted that the Purdue Christian Foundation report be approved and request that an advance budget be prepared and submitted even though it is only tentative. The Commission respectfully counsels that an incomplete report provides no way for action regarding future budgets.

Voted that the report of Texas Christian University be approved.

Voted that the report of William Woods College including askings of \$7,500 from churches be approved.

Actions on Reports From State Societies Not in Unified Promotion

Voted that the report and budget of the Oregon Christian Missionary Convention be approved.

Voted that we acknowledge the receipt of the communication from the Kansas Christian Missionary Society, and while we recognize that no action is expected or required, we do appreciate their communication.

Voted to recommend to Unified Promotion that a rotation system be considered in the future selection of Unified Promotion Associate Members.

Voted that a communication be sent to the Campbell Home Committee urging diligence of the staff to follow up on collections of approximately \$150,000 in outstanding pledges for the purpose of Campbell Home restoration.

Voted recognizing the scope of the problems of financing Brotherhood colleges, it is recommended that the Commission on Budgets and Promotional Relationships appoint a sub-committee to meet with the President of the Board of Higher Education to consider initiation of plans for the establishment of a Brotherhood policy for financing its colleges.

Note: Appointed to this committee were M. M. Hargrove, Chairman, and W. L. Jones.

Voted that a sub-committee on Budgets and Promotional Relationships be appointed to meet with the proper agencies to make a study of plans for establishing new churches and to consider means of coordinating such plans and to bring a report back to the next meeting of the Commission on Budgets.

Note: The Commission recognizes that it will need to relate such a study to the Council of Agencies, the Home and State Missions Planning Council Committee on Effective Ministry, and the National Association of State Secretaries, and to assure these functioning groups that the Commission is placing its encouragement back of them.

Note: Appointed to this committee were Fred Henderson, Chairman, and Clinton Bradshaw.

Voted that the Commission on Budgets recommend to the Board of Directors of Unified Promotion that the name of the Brotherhood Finance Commission be reconsidered so that there would be less confusion.

Note: Perhaps the name "Commission on Unified Promotion Finance" might be clearer.

Voted that the informal request of the Board of Higher Education for a change of Higher Education Day to spring rather than January each year be referred to the committee to consider Higher Education problems.

Voted to recommend that provided the Board of Higher Education request the privilege of solicitation of funds designated "over and above" for the support of colleges in the Board of Higher Education and cooperating in Unified Promotion, that it be approved up to \$113,000.

Voted that the request of the Commission on Brotherhood Finance regarding a calendar for scheduling future campaigns be referred to the Executive Committee of the Commission on Budgets and Promotional Relationships. Furthermore, that all agencies be advised that such a calendar is to be prepared.

Voted approval of the request by the Pension Fund for observance of the Week of the Ministry, October 11-18, 1954.

Voted to express appreciation to Glenn Lacy and the Commission on Brotherhood Finance for their thorough work and clear presentation of their reports.

Respectfully submitted,
J. Clifford Shirley, Chairman
Gaines M. Cook, Secretary

The Council of Agencies

William T. Pearcy, Chairman

PURPOSE

The purpose of the Council as set forth in a preliminary draft of the by-laws shall be to heighten the spirit of cooperation throughout the Brotherhood of Disciples of Christ, and otherwise make more effective the cooperative life of said Brotherhood. To this end, the Council shall seek to deepen the fraternal relationships existing between the various staffs of the agencies of Disciples of Christ, maintain the fullest possible understanding between the agencies cooperating in this Council, endeavoring along broad lines to achieve the greatest possible degree of program coordination among member agencies, conduct or encourage to be conducted studies to the end that needs and opportunities involving the Brotherhood may better be met, and that tensions, impingements and obsolescence may be eliminated, and provide a medium through which all agencies may give support to each agency as it endeavors to perform its assigned functions.

The Long Range Program of the Disciples of Christ

A Three-Year Report

The Crusade was undertaken as the *1st step* in a program of advance for the Disciples of Christ. Much was achieved. However, to conserve these gains and continue this forward movement of the Brotherhood, the Long Range Program was conceived as the *2nd step* to cover the decade of the fifties.

There are 93 agencies reporting directly or indirectly to the International Convention. According to the 1952 Year Book, there are 7,915 congregations of the Disciples of Christ in the United States and Canada. Basically, this program consists of the churches and the agencies seeking, over a 10-year period, to achieve cooperatively certain objectives in all phases of the Christian task, that in this critical hour of history the Disciples might fully measure up to the needs and opportunities which they confront.

The Council of Agencies, authorized by the 1949 International Convention, and comprised of those agencies reporting to it, either directly or indirectly, has been requested to assume responsibilities in the creation, the development, and the promotion of this undertaking.

In order to set such a program in motion, several things were required:

First, it was necessary for the agencies to take stock and determine objectives that they needed to reach by 1960.

Second, it was necessary to determine Brotherhood wide objectives in the program of the individual church to be achieved by 1960.

Third, it was necessary to acquaint the churches with this total program of advance, then challenge each one to take stock and set specific objectives toward which it, too, would work during this 10-year period.

WHAT HAS BEEN ACHIEVED TO DATE?

The agencies have taken stock and set objectives. It has been a wholesome process for each one to think through these things which needed to be done if that agency measured up, both to its opportunities and its responsibilities in the next 10 years. It has been good for representatives of the agencies to sit down together, that each might know the other's problems and concerns. As a result, a more intelligent and effective job can be done by all.

In the next place—after considerable thought and study—Brotherhood-wide objectives *have been* agreed upon in the fields of evangelism, education, stewardship and the other primary functions of the local church.

Year by year some outreach of the church will be lifted up and some phase of its local program emphasized. In 1953-54 the outreach is foreign missions, and the local church emphasis is evangelism. For the remainder of the period the yearly local church emphasis and the outreach are:

Year	Local Church Emphasis	Outreach
1954-55	Stewardship	Institutional Missions and Social Welfare
1955-56	Education	North American Missions, State Missions and Church Extension
1956-57	Recruitment	Ministerial Pensions
1957-58	Missionary Education	Benevolence
1958-59	Christian Literature	Disciple Heritage, Ecumenical Concerns and Christian Unity
1959-60	Emphasis, Appraisal, Realization and Forecast	

The Long Range Program was launched in October, 1950, at the Oklahoma City International Convention. In the fall of 1951, through a series of 17 Area Assemblies, its objectives were presented to 25,000 of our church leaders throughout the United States and Canada.

In state and district conventions, in meetings of all kinds, during the past three years, this whole emphasis has received priority in presentation.

In recent months, 662 visitations have been made to local churches in 24 states, to tell the story of Disciples of Christ facing the future. Over 35,000 people participated in these meetings. This will continue in more churches in more states throughout the year ahead.

Our Brotherhood is moving out of the lowlands of short-range thinking and planning to the higher ground from which we can see the far horizons of the Kingdom toward which we set our hope and our faith. Together, through the power and the Spirit of Christ, the decade of the 1950's can be the truly golden years of the Disciples,

The National Benevolent Association of the Christian Church

J. Eric Carlson, General Secretary

16th Floor Landreth Building, Fourth and Locust Streets
St. Louis 2, Missouri

History and Purpose

In February, 1886, a group gathered in St. Louis, Missouri, to discuss the problem of the orphaned baby and the aged men and women of the Christian churches. Gradually a plan took shape, and on March 10, 1887, an organization was formed, a charter secured, and the National Benevolent Association of the Christian Church was born. The purpose, as set forth in the Charter, was: "To help the helpless, to give a home to the homeless, to provide care for the sick, and comfort for the distressed."

From that beginning 66 years ago, 15 NBA Homes have been developed—7 for Children and 8 for Aged. As it was never the intention of the NBA to centralize its work, these Homes developed from coast to coast where the need existed and the money was available.

Nearly 1,400 persons are served annually, and over 25,000 have been given Christian care since 1887. Other thousands have been directed to many channels which these NBA Homes were not equipped to serve. Each year nearly 1,000 children live in our 7 NBA Homes because they have lost one or both parents by death, were victims of broken homes, or wards of the juvenile courts, abandoned children, or foundlings, or children born out of wedlock. Six NBA Homes for Aged are totally dependent upon our churches for full support. Two NBA Homes were dedicated in 1949 requiring partial church support for aged pensioners, retired full-time Christian service workers, and a few able to pay for their care. Faithful members of the Christian churches, past 70 years of age, in a state of health acceptable to the Admissions Committees of the Homes, and who are without sufficient means to live elsewhere may become residents in the NBA Homes for Aged. They pay an admission fee of \$100 or \$150 for a couple, bring what they have, and the Church supplies what they lack. The Christmas Offering of the Brotherhood has been designated for these 15 NBA Homes.

Thousands of doctors across the country contribute their valuable specialization to keep "OUR OTHER FAMILY" hale and hearty. We truly appreciate their charity. The immediate oversight of the 15 Homes is committed to a Board of men and women, members of the church or churches in the Area in which the Home is located. The National Benevolent Association, with Headquarters in St. Louis, is the administrative body for the various Homes and members of the NBA Board of Trustees are elected in open assembly of the International Convention.

It goes without saying that social service is one of the objects for which the Church exists. It should always serve in providing somewhere to live—something to do—someone to care for the homeless and needy—through Benevolent Homes with their many facilities.

Manager and Assistant Manager***SIXTY-SIXTH ANNUAL REPORT**

The National Benevolent Association of the Christian Church is pleased to present herewith its Sixty-Sixth Annual Report for the year closing June 30, 1953.

The fifteen Homes of this Association cared for 1,380 persons during the year. Of this number 907 were children in 7 Homes; and 446 were aging men and women served in eight Homes; 27 were mothers who found assistance until they were able to readjust their lives to changed circumstances. 112 children were placed in foster homes for specialized care and 57 were placed for adoption. Of children served, 23 were full orphans and 124 were half-orphans. 257 children were returned to relatives during the year. We believe this is one of the most important phases of our work. It is very desirable to assist in solving their problems that as many children as possible may return to their families. 72 of our children were in high school; 230 were in grammar schools. There were 802 children whose applications were received but were not accepted for various reasons. Some needed care which our Homes are not equipped to give, and lack of room in a particular department at the time of application was another reason.

Of the 446 older persons served in 8 Homes, 200 were past 80 years of age; 34 were past 90 years of age; 7 were blind; 7 were wheelchair patients and 26 were bed patients. There were 11 ministers and 23 ministers' widows in these family groups. The average length of church membership represented in the family groups is 41½ years. In spite of the added facilities of recent years and consequent larger families, the waiting list of approved applicants numbers 125.

With a growing number of aging members in our churches, the NBA, upon recommendation of the International Convention, will undertake to expand its services to this group by providing a plan to serve applicants in their own homes and communities in cooperation with the local churches. Under this proposed program each Home would become a center of care for our brethren who have grown older. This plan is based on the premise that many persons applying for admission to one of our Homes do not require sheltered care immediately but with some assistance could remain happily in the home, community, social and church groups of which they have been a part for a long time.

During the sixty-six years of history, the Homes of the NBA have served 21,012 children and 1,933 aged men and women, each of whom received every needed care so long as he resided in one of the Homes.

Notable achievements during the year are the completion of a new addition to the building at Northwestern Christian Home, also the erection of a new workshop and storage building; the completion of the pre-school age building and living accommodations for employees at the Cleveland Christian Home; the completion of the new Bush Wing for the aged at Sarah Harwood Hall of the Fowler Homes in Dallas, Texas; completion of

DeVita Hall for older boys at the Colorado Christian Home; completion of a new building for the babies at the Child Saving Institute in Omaha, which will be dedicated November 15, 1953.

There have been several changes in personnel during the year. Mrs. Jane Hutton reached the age of retirement after sixteen years' service as Superintendent of the Illinois Christian Home for the Aged at Jacksonville. Mrs. Gertrude J. Funk is her successor. Mrs. Funk has been actively and generously interested in the NBA for a number of years and on two other occasions she has served as interim superintendent at the Home. We are indeed most fortunate that she has consented to serve at the Illinois Christian Home. Mrs. Katherine Burghard became Superintendent of the Carrie Hedrick Seay Memorial Home at Somerset, Pennsylvania, September 1, 1952, and is proving to be a very capable administrator.

The sudden death on July 2 of Mr. Hugh T. Blevins, Jr., brought to a close a very auspicious beginning of a great service to the Fowler Homes in Dallas. During the three short years of his service as Manager of these Homes, Mr. Blevins had made a very fine impression upon those with whom he worked at the Homes and among our people of the Texas churches. He was appreciated and beloved by all who knew him.

The support for maintenance received from the churches showed an increase over the previous year and amounted to \$848,755.70, of which amount \$492,700.26, or 58 per cent of the total, came in the Christmas offering. Increasingly, our churches are making the Christmas offering a church-wide observance rather than just a Bible School offering. Gifts by bequests for the year totaled \$277,275.14. Annuity gifts totaled \$41,415.95; these ranged in amounts from \$100.00 to \$5,000.00, and there were 31 such gifts received. The largest maintenance offering from a single church again came from the East Dallas Christian Church, Dallas, Texas, and totaled \$15,019.13. There were 791 Front Line churches and 949 Victory churches. Front Line churches give \$300.00 or more for maintenance and Victory churches contribute an average of \$1.00 per resident member during the year. A total of 4,274 churches shared in the support of this ministry of mercy during the year. We are most grateful for the continuing support of our brethren in this service to needy children and aged persons who constitute the families of these great Homes.

In every instance, these Homes have been made possible by bequests and memorial gifts from persons devoted to the cause of Benevolence. The future expansion of this ministry of mercy will depend upon the generosity of its friends who will make future memorial gifts and bequests.

The NBA faces the future in confidence believing that our people will continue to unite their efforts and contributions in meeting the needs of children and the aging who have a priority claim upon their love and support.

AUDITOR'S OPINION

To the Board of Trustees of
The National Benevolent Association of
The Christian Church

We have examined the accounts of:

**THE NATIONAL BENEVOLENT ASSOCIATION
OF THE CHRISTIAN CHURCH**

for the fiscal year ended June 30, 1953, and submit herewith balance sheet at June 30, 1953, and revenues and expenditures statement for the year then ended.

The Association's investments in bonds, stocks, and other securities are carried on the balance sheet at cost without determination of market values at June 30, 1953. Receipts and disbursements of funds in the custody of the Treasurers of the various Homes are included in the accompanying statements based on monthly reports received by the Association from the Home Treasurers. The scope of our examination of such funds was limited to an analysis of the Treasurers' reports and a review of the reports by independent public accountants received from Homes for the year under review. We have test-checked data on file in support of church receipts, bequests, trusts, etc., but we did not communicate directly with individuals and organizations to confirm the amounts recorded as received.

For the purpose of recording the amount of investment in fixed assets at the various Homes, the Association reflects on its balance sheet accounts described as "Investments in Homes' Property" and contra-account "Permanent Funds." Such assets are carried at original appraisal values (appraisals made many years ago) plus subsequent additions at cost less estimated depreciation. The total shown is therefore subject to increases and decreases which might be brought about if current appraisals were made, uniform in base and applied to all Homes.

In our opinion, subject to the exceptions stated in the preceding paragraphs, the accompanying balance sheet and statement of revenues and expenditures present fairly the financial position of the Association at June 30, 1953, and the results of its operations for the year then ended.

Yours very truly

HISTORY AND PURPOSE

Recognizing the extreme importance and value of a church representing the Disciples of Christ in the heart of the Nation's Capital, the International Convention of the Disciples of Christ, meeting in Memphis, Tennessee, brought into being as a Brotherhood institution the National City Christian Church. Alexander Campbell himself had expressed his keen desire for such a National Church, and other great leaders who followed him saw the desirability of having the Brotherhood establish this church, which would not only be a symbol of the strength and purpose of the Disciples, but would also be a home for the thousands of Disciple young people who through the years would come to Washington to work for the government of the United States, and would later return to their home churches.

Following the action of the International Convention, a Corporation with a board of fifteen trustees, was set up to hold the property of the church for the Brotherhood, and lots were purchased on Thomas Circle in Washington for a Sanctuary and an Educational Building. Construction was begun in 1928 and the Sanctuary was completed and dedicated in October, 1930. About 40,000 Disciples of Christ across the country made contributions and pledges for the Brotherhood's church in Washington, and several leading families made substantial gifts. However, because of the depression of the 1930's, many of the pledges were never paid, and in 1933 the debt on the Sanctuary was \$640,000. Getting the debt paid was a tremendous struggle, but through the strenuous efforts of the ministers of the church, the local congregation which gave most sacrificially, the contributions of the Christian Board of Publication, individuals, and the churches of the Brotherhood the mortgage on the Sanctuary was finally burned in April, 1950.

But the victory is only half won. Now the Brotherhood faces the responsibility of completing the building program of its National Church. The church cannot adequately fulfill the purposes for which the Brotherhood established it with only a partial building plant. For over twenty years the church has had to use for its educational, social and community programs, buildings erected in 1881, and located a block and a half from the Sanctuary. The local congregation will give sacrificially for the building campaign, but the National City Christian Church was established by the Brotherhood, and is owned by the Brotherhood, and the local congregation, with its constant turnover in membership, with over sixty per cent of its members single Government women living on clerical salaries, can never erect beside the present one-million-dollar Sanctuary an Educational Building in keeping with the original plans and dreams of our Brotherhood leaders.

The trustees of the National City Christian Church Corporation, led by Mr. Oron E. Scott, President had said that ground for the new Educational Building would be broken on Easter, April 5, 1953, if there was \$400,000 on hand in cash and pledges. Ground breaking ceremonies were held on May 24, 1953. We know that our great Brotherhood will do everything in its power to finish the building program of its institution, The National City Christian Church.

ANNUAL REPORT

The past year has been one of tremendous gains for the National City Christian Church. When the mortgage was burned on the Sanctuary building on April 30, 1950 after twenty years of struggling with a stifling building debt, a campaign was immediately started for an Educational Building. The original building plans for the church included an Educational Building, and property for it was purchased adjoining the Sanctuary, but nothing could be done about it until the debt on the Sanctuary was paid.

The campaign for the Educational Building has made great strides since 1950, and to date approximately \$400,000 in cash and pledges has been secured, \$200,000 of which has been given or pledged by the local congregation. On May 24, 1953, the ground was broken for the new building and on August 1 the old Vermont Avenue property which had been used for educational purposes, inadequate though it was, was sold and the congregation is now without an Educational Building until the new one is completed. Temporary quarters have been secured for the church school classes and every effort is being made to maintain the church's program at its usual high level during this difficult interim period.

On August 9, 1953, the contract for the new building was let to the William P. Lipsecomb Company, a local concern whose bid was the lowest of nine bidders. The approximate cost of the building, including architect's fees, will be \$650,000, unfurnished. The building is supposed to be completed within a year and will give the Disciples of Christ a beautiful structure in keeping with the majesty and dignity of the building which now stands in such an imposing position on Thomas Circle in Washington, D. C.

The campaign for the Educational Building Fund will be continued and it is our earnest hope that the Brotherhood will support this national institution to such an extent that the new building can be dedicated free of debt. The cost of the original building was over one million dollars. Today its value is far beyond the original cost, and the erection of the Educational Building will increase the financial value of the property tremendously. However, the greatest value of the new building will come from the lives of children, young people and adults who will be reached for Christ in a way never before possible at the National City Christian Church. The Brotherhood can rejoice that it has in the heart of the most influential city in the world a church which stands as a shrine and a symbol of all the great Christian truths and principles for which we as a Brotherhood have always stood.

ANNUAL REPORT

The National Evangelistic Association invites to membership those who are deeply and sincerely interested in the cause of evangelism and who wish to implement this cause among our churches. Dues of one dollar per year entitle each member to all the rights and privileges of membership without restriction.

The National Evangelistic Association is directly related to our great brotherhood of Christian Churches through its efforts to encourage evangelism in all our churches, and is a reporting member of the International Convention of Disciples of Christ. One of the most notable features of the continuing program of the Association is the convention immediately preceding the sessions of each assembly of the International Convention. The next N.E.A. convention will be held in Miami, Florida, October 24 and 25, 1954.

The National Evangelistic Association is in no way competitive with any other organization or agency in our Brotherhood life. It has no selfish purpose to further and indeed no objective beyond that of winning souls to Christ and strengthening the Kingdom of God on earth by undergirding the individual congregations. It is not interested in raising large amounts of money or in pressing for any particular type of evangelism over any other. Its purpose is to encourage the increase of ALL types of evangelism in EVERY congregation.

The annual convention desires to bring together the strongest and most effective advocates of Brotherhood evangelism to speak on its programs for the instruction, example, encouragement, and general inspiration of all who attend. The N.E.A. sees the Great Commission of our Lord, "Go ye into all the world and preach the gospel," as a matter of primary importance and wishes to set a good example.

The motto of the National Evangelistic Association has long been: "A Meeting in Every Church—Every Member an Evangelist." This twofold slogan would encourage every congregation to extend itself in special, concentrated efforts to win souls and build its strength, and would rest the chief responsibility upon the individuals who have been blessed by their Christian faith and experience.

Further, the National Evangelistic Association believes that if there are differences between Christ's people these differences can best be resolved as we labor and pray together and as we reap a bountiful harvest for our Lord and Savior Jesus Christ.

The National Evangelistic Association seeks the cooperation of all the Brotherhood and the blessing of Almighty God in its endeavors, and joins in fervent prayer for the well-being and progress of all the work of the church.

Respectfully submitted,

Joseph A. Garshaw, President

Gentlemen:

This is to certify that I have examined your books for the fiscal year beginning July 1, 1952, and ending June 30, 1953, and there is shown to be a balance in the amount of \$114.46 on hand for the Association.

Pension Fund of Disciples of Christ

Hollis Lee Turley, Executive Secretary
800 Test Bldg., Indianapolis, Indiana

History and Purpose

The Pension Fund is the servant of the total ministry and the total church. It is the "connecting link" that binds together some 5,000 ministers, educators, evangelists, chaplains, missionaries, state and national executives and approximately 7,900 churches in the support of the ministry in old age, death, and total and permanent disability.

The Pension Fund operates the Pension Plan, the 1919 Pension System and Ministerial Relief. It maintains an Additional Benefits Department for the ministry, enters into annuity agreements, receives bequests from wills, and administers gift money. Further, it invests the funds received, pays benefits, and conducts a Christian business organization for the benefit of the church and the ministry. All work is carried on under the policies laid down by the Trustees, and approved by the International Convention.

The promotion and operation of the Pension Plan is the largest single responsibility of the Pension Fund. Under the Plan, member dues are 2½% of the monthly salary; church dues are 8%. Churches, large and small, participate, with the larger churches helping to carry a part of the load for the smaller ones that every minister might be protected. As of June 30, 1953, there are 4,429 members supported by 4,614 church or organization accounts.

Retirement pensions are paid to members who retire after age 65. Disability pensions are paid to those who become totally and permanently disabled. Widow and minor child pensions are paid when the member dies in retirement, disability, or active service. There are 1,091 pensioners under the Plan as of June 30, 1953.

Many of the pensions paid today are small, due to short periods of membership, the lack of 8% dues, and the meager salaries of the depression years. Because of the increased cost of living, supplemental checks are issued each quarter to some 740 pensioners. These checks have been made possible by gift money received largely from the offerings of the churches. The Pension Fund shares in the money given to the causes of the brotherhood through Unified Promotion.

The first claim on the stewardship of the church is for the support of the preaching of the gospel. The ministry must be supported in the days of active service; but it must also be cared for in the time of retirement, as well as in those other times when death or disability comes. As the Plan grows older, the retiring minister will be cared for more adequately. When every minister and every church is enrolled in the Pension Plan, the total ministry will be undergirded.

bers who began paying their individual 2½% dues. As of December 31, 1952 there were 4,371 active members and 1,075 beneficiaries, a total of 5,446 covered by the Pension Plan. The member accounts were supported by 4,511 church, college and organization accounts.

Claims

During the year 1952 there were 19 deaths among active members, 17 new cases of total and permanent disability and 62 age retirements. Among total disability cases there were 5 deaths and 3 where health was regained and the member returned to active service. In the age retirement pension group there were 33 deaths and 4 ministers who returned to active service. Deaths among the active members and beneficiaries left 3 minor children and 39 widows as beneficiaries.

Auditor's Certificate

February 27, 1953

Board of Trustees:

Pension Fund of Disciples of Christ
Indianapolis, Indiana

Gentlemen:

We have examined the statement of financial condition of the Pension Fund of Disciples of Christ at December 31, 1952, and the related statements of receipts and disbursements of the several funds for the year then ended. Our examination was made in accordance with generally accepted auditing standards, and accordingly included such tests of the accounting records and such other auditing procedures as we considered necessary in the circumstances.

Our examination did not include a review of the actuarial basis of the pension plan, upon which an independent report is made by the Pension Fund's consulting actuaries.

In our opinion, the accompanying statement of financial condition and the related fund statements present fairly the position of the Pension Fund of Disciples of Christ at December 31, 1952, and the changes in the funds for the year then ended, in accordance with generally accepted accounting principles applied on a basis consistent with that of the preceding year.

Yours very truly,
GEO. S. OLIVE & CO.

Southeastern Christian Assembly

Black Mountain, North Carolina.
H. S. Hilley, Executive Secretary

History and Purpose

The Southeastern Christian Assembly began as an idea in the heart of three Asheville laymen who desired that our Brotherhood share in the building of a great Assembly for training our lay people. In 1947 the North Carolina State Convention authorized these laymen to buy 600 acres of land, 1 mile south of Black Mountain and hold it in trust for a brotherhood Assembly ground. In 1949 the Christian Assembly was accepted as an agency of the International Convention. Eight State Conventions have voted to help use and develop the Assembly grounds: West Virginia, Kentucky, North Carolina, Tennessee, South Carolina, Georgia, Florida and Alabama.

The preliminary objectives were: to pay for the beautiful 600 acre site; prepare topographical maps under competent engineers as a basis for future development; build necessary roadways; install necessary utilities; erect buildings for conferences and set in progress a program of Christian training for youth and adults for our churches across the nation.

Objectives thus far reached are; the site has been paid for in full; adequate surveys and maps have been made and five miles of all-weather roads have been built. The fourth phase that must be accomplished before the erection of buildings can begin is the installation of adequate utilities. Electricity is now available. The cost of water and sewer lines will be approximately \$30,000.00. Funds for this purpose are now being sought from individuals and churches.

The Board of Directors voted at the annual meeting August 8, 1953, to cooperate with brotherhood leaders in making possible the following activities on the Assembly grounds during the summer of 1954; Area Young People's Conference; Retreat for Business and Professional Women of the CWF; Regional Laymen's Meeting; Area Ministers' Retreat.

The Christian Assembly idea is on its way to realization. Disciples of Christ are gradually becoming aware of the imperative need for a national Assembly program. Other Protestant bodies have been developing Assembly grounds in Western North Carolina for 50 years. This is the greatest religious Assembly area in the world.

The United Christian Missionary Society

A. Dale Fiers, President,
222 South Downey Avenue, Indianapolis, Indiana

History and Purpose

The United Christian Missionary Society was created by the brotherhood of Disciples of Christ which long had sought a plan of cooperation for its missionary and religious education work. The American Christian Missionary Society, Christian Woman's Board of Missions and the Foreign Christian Missionary Society spent two years of intensive study and planning to prepare a proposed constitution. Modifications were made and it was given wide publicity and full discussion for a year.

In October, 1919, in Cincinnati, Ohio, it was approved by each of the boards and the International Convention. On October 20, the day following the Convention, the constitution was perfected and adopted at a meeting called for that purpose. The election that night of its first Board of Managers, officers and Executive Committee (now Board of Trustees) completed the formal organization. The Society was incorporated June 22, 1920, after careful legal study.

The Code of Regulations of the United Society states the following purposes and functions. "That the world may the more fully come to know Christ, the Son of God; that all men everywhere may increasingly appropriate for themselves His way of life; that a world of Christian brotherhood may be realized, and that the unity of God's people may be achieved, this Society is established.

"To this end the Society shall aid in the preaching of the gospel of Christ at home and abroad; shall create and foster a program of Christian education and training to the end that men's minds may be enlightened concerning the Christian way of life; shall lend encouragement and assistance to local congregations with a view of helping them to become as efficient units of the Kingdom as possible; shall interpret to the world the social implications of the teachings of Jesus; shall advance the cause of Christian womanhood; shall establish and maintain such institutions as schools, institutes, orphanages, hospitals and homes in the neglected areas of the world, and shall engage in such other forms of Christian service as will help to bring in the Kingdom of God, in which His will shall be done on earth as in heaven."

Since the Society began to function, the efforts of Disciples of Christ in missions and Christian education at home and abroad have been coordinated and made stronger by this central organization.

The United Society is a proved instrument. The churches chose it as a way of work. The churches continue to support it. The work continues to move forward.

STUDENT WORK

Send the names of students going to college to the following list of persons who are ministering to Disciples of Christ students in various educational institutions. Home churches and pastors are encouraged to correspond with each center about their own young people who are coming. The type and inclusiveness of the program varies with each place. Not all of the contacts on each campus have been listed and no doubt some campuses with religious programs for Christian Church students have been overlooked. Information about such will be welcomed by the Student Work Office. If no name is listed, check elsewhere in the Year Book for the pastor of the nearest church.

This list is published in the interest of making available Christian guidance for increasing numbers of young people in institutions of higher education across the land. The letters in parentheses designate the position of the person listed. (M) Minister of local church. (SW) Person mainly responsible for student work. (P) Administrative and faculty personnel. (I) Interdenominational personnel. *Indicates appropriation.

THIRTY-THIRD ANNUAL REPORT

Executive Statement, A. Dale Fiers, President

The annual reports of the fifteen departments comprising the four divisions of the United Society reveal a consistent picture of progress and outstanding achievement for the year 1952-53. They also speak eloquently of the vast program of work which is made possible by the consecrated service of the Society's world staff. The world staff of The United Christian Missionary Society is composed of 2,665 persons. This number includes general officers, executive secretaries, national directors and associates, the headquarters staff, mission pastors, home missions personnel, and 2,071 national Christians related to the work on foreign fields. It is a privilege of the highest order to work with such an impressive and consecrated group of men and women. The reports are submitted to be carefully read and studied by the churches whose support has made the work possible.

Especially noteworthy is the significant upward trend in evangelistic results on the foreign fields. The number of baptisms reported total 9,150, which is an increase of 4,045 over the previous year.

Despite the Society's inability to meet all of the needs it faces across the world, the increased financial undergirding made possible an expanded program of Christian education, home and foreign missions. It is a significant fact that the United Society was able to carry on a \$3,849,669.04 program of work on the basis of regular giving of the churches totaling \$2,240,269.17.

During the year the United Society has shared fully in the planning, promotion and implementation of the Long Range program of the Disciples of Christ. Preparation for a year of evangelism and missions has provided a strong foundation for lifting up these important aspects of the Long Range program during the next year. Within the Society coordinated long range planning has been undertaken in such a way as to better enable the Society to take its full part in the development of a comprehensive Long Range program designed to lift the level of the total life and work of the churches through their local, state and national agencies.

One of the most urgent and important undertakings of the Society during the past year has been the Capital for Kingdom Building campaign. Permission was granted the Society by the Commission on Brotherhood Finance and the Commission on Budgets and Promotional Relationships of the International Convention to raise \$750,000.00 by June 30, 1954, for capital improvements, repairs and replacements in home missions institutions and on foreign fields. On June 30, 1953, total commitments had already been made by the churches in the amount of \$355,963.00. Total cash received at that time was \$78,875.78. The response of the churches to this over and above appeal has been generous and there is every promise for the full success of the undertaking.

Robert Tobias has completed a seven-year period of service as special representative of the Disciples of Christ in Europe. During this time the work of Mr. Tobias has been made possible by the United Society. Four major phases characterized his responsibilities in this special representative capacity: (1) representative responsibilities for the Disciples as a brotherhood, particularly in relationship to the World Council of Churches and in the administration of inter-church aid gifts to the Disciples in Europe. He also maintained direct participation in the ecumenical developments in the European area; (2) service to the World Council of Churches,

which included direct responsibility for administering all relief funds and supplies in Greece, Turkey and Yugoslavia and among the orthodox churches of Europe; (3) liaison work between Disciple churches of America and churches of similar faith and polity on the Continent; (4) interpretation of the European situation and the ecumenical movement to the Disciples of Christ in America and Canada. Mr. Tobias has rendered a distinguished service in this capacity. It is fortunate that an additional year of interpretation has been made possible through a special Committee on Ecumenical Fellowship and Service sponsored jointly by the United Society, the Association for the Promotion of Christian Unity and the Committee on Relief Appeals of the International Convention.

During the year the president made a trip around the world for the purpose of visiting major mission fields. This has given him a deeper understanding of the opportunities and problems of foreign missionary work. In addition to visiting England, Europe and the Middle East, the president made visits to the Belgian Congo, the Central Provinces of India, Thailand and Japan. Four impressions stand out as the result of this journey:

(1) The greatness of the world enterprise established cooperatively by the Disciples of Christ through The United Christian Missionary Society and its antecedent boards.

(2) The soundness of the structure of The United Christian Missionary Society which combines in one organization the great causes of Christian education, home missions and foreign missions. It is obvious that the world enterprise of the church is becoming one comprehensive program in which all aspects of the church's life must be related. The United Society was organized for such an hour as this.

(3) The necessity of adequate financial undergirding of our world program. The objective of doubled giving in the Long Range program as one views the home and foreign fields becomes crucial. This basic stewardship goal must be reached and indeed exceeded if we are to lay hold of the opportunities that everywhere present themselves. The indispensability of the Capital for Kingdom Building program was also apparent.

(4) The timeliness of the development by the division of foreign missions of a comprehensive strategy for the world mission of the Disciples. The fluid revolutionary state in which mankind now finds itself necessitates a strategy designed to meet the need of the world for Christ in the light of contemporary conditions, while emphasizing our apostolic mandate, our distinctive Disciple witness and our relationship with the growing ecumenical movement.

DIVISION OF GENERAL ADMINISTRATION

Audio-Visual Services

The department of audio-visual services seeks to serve the churches of our fellowship as they grow in their appreciation for and use of audio-visual materials in most every phase of the life of the church. Through the work of the department the great resources of films, filmstrips and recordings are being geared to the educational and devotional purposes of Christian living. These resources have proved their merit in the fields of secular education, military training and entertainment, so the forces of religion cannot afford to neglect their development as instruments of Christian nurture and training.

During the past year four productions have been prepared and released through the department—COLIMA STREET, a sound filmstrip portraying the work of Mexican Christian Institute; MBUJI AND NTEJI OF THE CONGO, a silent color filmstrip for use with children showing the life and habits of two children of the Congo; ON RECORD is a 33 $\frac{1}{3}$ rpm recorded message of Miss Jessie M. Trout prepared for use with women's groups to portray the significance and program of the International Christian Women's Fellowship; and FIRST CHURCH SERVES ITS COMMUNITY, a sound filmstrip done for the department of social welfare to aid churches in comprehending and meeting their opportunities for social service through a Committee on Social Action.

For the missionary study theme of 1953-54 we shared interdenominationally in the production of the sound film A PEOPLE WITHOUT FEAR, a Julian Bryan production which portrays the life and task of the church around the world. FOR EVERY CHILD, a color sound film in which we shared is a production initiated by the children's committee of the Division of Christian Education of the National Council of Churches. Released during Christian Education Week of 1953, the film will receive wide usage among the churches and particularly the children's workers of all Protestant bodies.

The Society cooperated with Unified Promotion in producing the first major sound film, THE HIDDEN HEART, in the interest of Christian stewardship within our brotherhood. The production was shared with the Congregational Christian and Evangelical & Reformed churches. This contemporary educational film is made available through the audio-visual libraries of the Society and the Christian Board and through the offices of most state societies, for the cost of handling, as a service to stewardship education throughout our brotherhood.

We continually strive to help the leaders of our churches adequately evaluate audio-visual materials and to use them effectively as instruments of education. To this end the department shared in eight audio-visual training institutes and workshops during the year.

Men's Work

The aims of men's work were accomplished in part during the year by the following services:

Field Work. All members of the staff spent 60% or more of their time doing field work with the churches. Seven dollar-a-year men also served, giving a minimum of two weeks of their time.

Publications. The manual for men's work, *The Why and the How of Men's Work*, was distributed widely. Over 5,000 packets were sold. Programs for men's monthly meetings were also widely distributed in about the same number. A bi-monthly news letter was sent to officers and leaders of men's organizations. Articles in news items were contributed regularly to our state and national papers, particularly to *The Christian-Evangelist*, which published special issues on men's work during the year.

Conventions. Practically all the state conventions, the International Convention, and interdenominational meetings were attended. In practically all of these meetings addresses were made on men's work.

Retreats. The summer months are no longer vacation months for the department. With practically every state in our brotherhood holding from one to eleven retreats annually, the staff is constantly serving these retreats.

Four-Point Program. Churches have become more dynamic through the use of the Four-Point Program presented by the department showing how men can serve in activating inactive members, gaining new members through visitation evangelism, shepherding the new members and undergirding the local church by leadership and stewardship. The assistant executive secretary was loaned to Florida for six months during the year, particularly to give a demonstration of this program in that state.

Central Committee. A national laymen's advisory commission, composed of state presidents of men's work, serve the department. The members of its central committee are: Lewis J. Ackers, chairman; Joe Brown, vice-chairman; Wm. H. McKinney secretary; W. B. Pearce; Don Collins; Garth Henrichs; J. J. Lamb.

Life Members. The Commission elected the former chairman Harry Hines, and the first executive secretary, H. B. Holloway, as life members of the Commission and ex-officio members of the Central Committee.

Wider Cooperation. Departments of interdenominational men's work have been organized as part of many state and city councils of churches during the year. These have the cooperation of our men. The men of our brotherhood are represented on the Board of Managers of the United Church Men, a department of the National Council of Churches. The executive secretary served during the current year as president of the Conference of Men's Work Secretaries of Protestant churches in the United States and Canada.

Resources

A primary responsibility of the resources department is to report and interpret the scope of work carried on by The United Christian Missionary Society and to keep the churches informed of the accomplishments attained.

Interpretation and Publicity. During the year, ten issues of the Society's bulletin, *Leaven*, were mailed to some 55,000 persons in 4,000 churches. The bulletin carried news of the Society's work and answered questions raised by interested church members on policies and actions of the Society.

In September, 1952, the department assumed responsibility for the church bulletin service. Through this service, the Society offers material on brotherhood special days and cooperative work in missions and Christian education. More than 600 churches used the bulletin service regularly during the year.

News of the Society's work and personnel was released regularly through the daily press and brotherhood publications. Biographical sketches and publicity pictures were released on all missionaries and staff taking field assignments.

Field Service. During the past year some 1,500 assignments were made to local churches for Sunday worship, Woman's Day, C.W.F., C.M.F., C.Y.F., Schools of Missions, and Link Missionary visits. Personnel was provided also for youth meets, district and state conventions, Adult and Youth Conferences, and other special events.

Link Relationships and Direct Object Support. As of June 30, 1953, there were 532 Missionary Link Relationships with 471 churches and individuals. All Links are identical in significance and cost of support, the United Society receiving \$1,000 (per link) of missionary link support from each one. In addition, partial link support was received for 13 retired missionaries and 18 missionary children.

Another phase of mission support is Direct Object giving, such as: a scholarship, hospital bed, outstation, medicine, evangelist, Bible women, etc. This support is within the regular budget.

Wills and Annuities provide an excellent means for Christian stewardship and an opportunity to invest in the missionary cause. A generous interest rate provides income on the Gift Annuity while the donor lives, and then it becomes part of the ongoing work as provided in the agreement. To name the United Society in your will also undergirds the work when you can no longer give personally. This missionary year the United Society received in Bequests and Annuities \$204,555.87.

Individual and Special Gifts. The stewardship of consecrated men and women is a significant supplement to the regular offerings from the churches; and is vital in undergirding the work of education and missions.

Regular Giving. At the close of this missionary year, June 30, 1953, the United Society received in offerings from the churches \$2,232,784.01 for the general fund, from home and foreign mission fields \$684,413.08. The gain in promotional receipts for this year was \$215,419.48.

Service Department

The service department exists for the purpose of operating the headquarters building and providing the necessary clerical and office personnel involved in doing the work of the various departments of The United Christian Missionary Society. To do this requires the services of approximately 100 persons. The names of this group seldom appear in print, yet they daily make real contributions to the work of the brotherhood. Very appropriately this group of loyal and devoted persons feel they have a vital part in the total enterprise of the United Society.

Personnel. Because of retirement, marriage, and other reasons, we are constantly recruiting new people. Missions Building affords an opportunity for consecrated Christian young men and women who are trained in business methods to give full-time service to our brotherhood churches and mission fields. Capable young people with such skills and commitment are encouraged to write us for details.

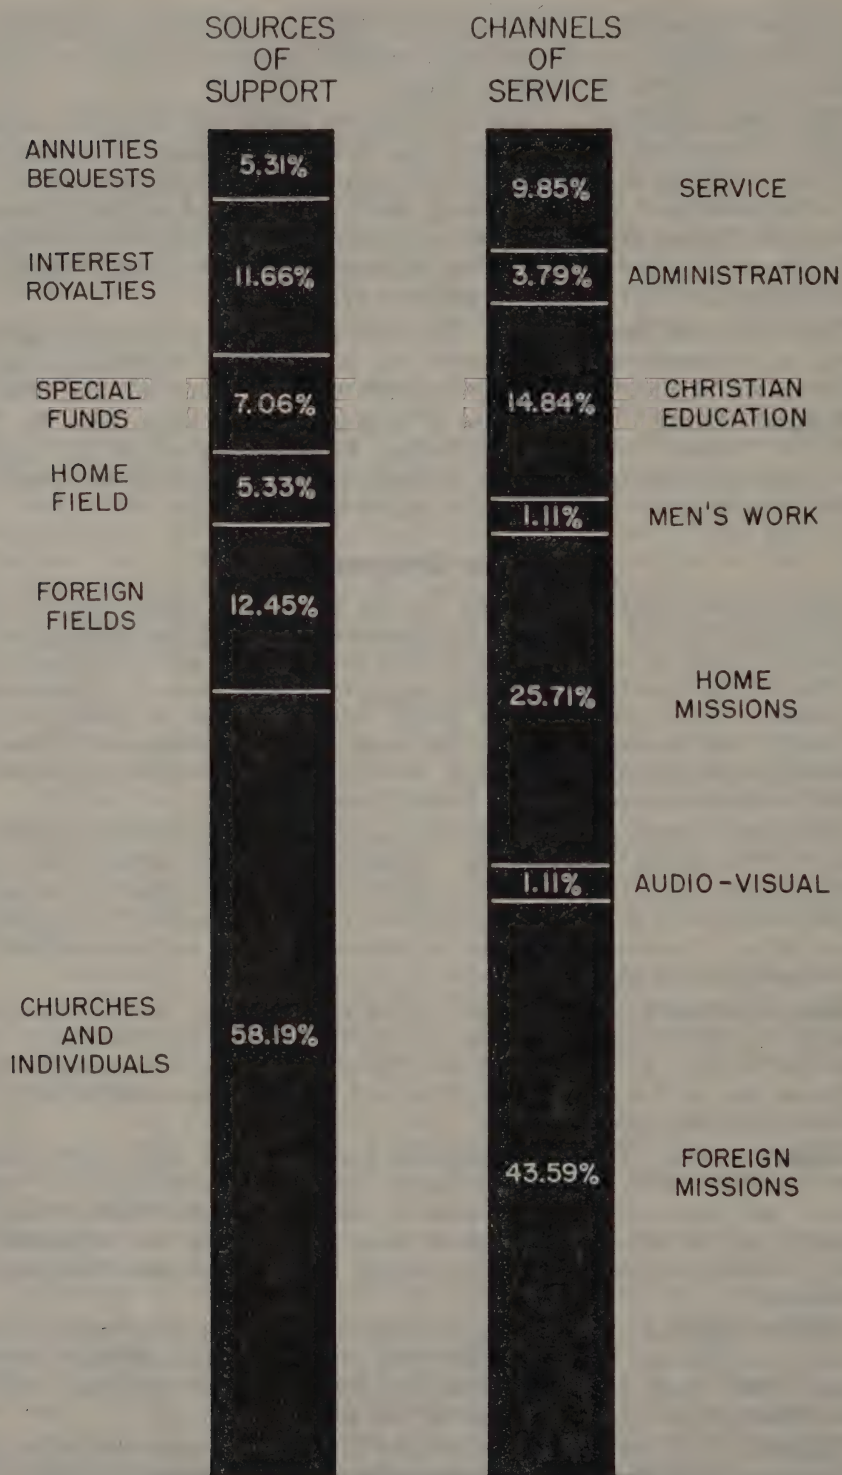

Sales Literature. This section makes available the best in missionary literature to local church groups and individuals. Last year over 2,000 orders per month were received and filled. Another increasing activity for this section is the covering of state and national conventions with book and literature displays.

Library. The library at Missions Building now has approximately 26,000 volumes. Many of these books are not available in the public libraries, but contain valuable resource material on our brotherhood. It constantly serves the staff members here at headquarters, students and others. Interested persons are frequently making welcomed additions to the library.

Service Sections. For purposes of efficiency, convenience and economy the work is divided into the following sections: Transcribing, Church Records, Print Shop, Incoming Mail, File Room, Remittance Mail, Addressograph, Mimeograph, Mail Forwarding, and Stock Room.

Visitors. We encourage our people to become acquainted with their headquarters staff and facilities, and when visits are pre-arranged wives of staff members act as volunteer hostesses to help make your visit pleasant and profitable.

Certificate of Auditor

Board of Trustees
The United Christian Missionary Society
Indianapolis, Indiana

We have audited the accounts of The United Missionary Society for the fiscal year ended June 30, 1953, and have verified the cash, securities and other assets as of that date.

We have also examined the Treasurer's report, a copy of which is attached hereto, showing assets of \$8,876,136.67, total liabilities of \$343,478.98, and total fund balances of \$8,532,657.69 as of June 30, 1953.

We certify that the Balance Sheet shown in the Treasurer's report is in agreement with the records of the Society and with our report of audit as of June 30, 1953, and in our opinion, correctly presents the financial condition of The United Christian Missionary Society at that date.

DIVISION OF FOREIGN MISSIONS

General. The division of foreign missions is able to report a very significant year in the world outreach of the Society. Some very hopeful advances in the total program have been revealed by the reports from the various fields. The statistical report, always a poor measuring stick, telling so little of the life and drama behind the figures, yet shows a rather amazing response to the presentation of the Gospel.

Baptisms, 9,150, a gain of 4,045.

Church membership, 105,950, a net gain of 6,756.

Students in school, 20,447, a gain of 5,263.

Hospital treatments, 747,028, a gain of 61,257.

Giving of the native churches \$176,652.22, a gain of \$28,504.96.

Total raised on the field, \$479,132.35, a gain of \$53,749.92.

Virgil A. Sly was appointed a delegate to the International Missionary Conference held at Willingen, Germany, in July of 1952. A. Dale Fiers and Virgil A. Sly made a tour of the World Council interests in Europe and visited the Disciples of Christ Congo Mission bi-annual conference in November and December, Mr. Fiers continuing on to the World Council meeting at Lucknow, India, which enabled him to visit other mission lands prior to returning to America. Mrs. Mae Yoho Ward visited Jamaica in March.

1952 was a banner year for visits of American churchmen to mission lands. Because of the World Convention of Disciples of Christ, held in Melbourne, Australia, in August, many laymen and ministers were able to visit from two to four of the mission fields en route or returning to the Convention. In connection with the World Convention, Miss Jessie Trout, Vice-President of the United Society, Spencer Austin, Executive Secretary of Resources, and Mark Rutherford, director in the Department of Men's Work, were able to visit a number of the fields. Russell Harrison was a delegate to the Youth Conference at Travencore, India, and was a visitor to the mission fields. Mrs. Rosa Page Welch, beloved singer of the Disciples of Christ, made an extensive mission tour during 1952. Wherever she went, she left a lasting residue of friendship and understanding.

The ominous threat of unsettled world conditions, the rising tide of Communism and Nationalism, have posed many problems for the world outreach of the church. The fact, that in spite of these disturbed and unsettled conditions, the Word has been received with such enthusiasm, is most heartening. The rising tide of responsibility being assumed by the leadership of the younger churches on the mission field is one of the most promising signs of the coming maturity of the church established by the Mission.

Missionary Selection and Training

Seventeen candidates were appointed and sent to the fields in 1952, and twenty-six volunteers were accepted into candidacy. The number of candidates in preparation was thus increased by nine, making the total 103.

The department reported to the board of trustees that the papers of fifty-four volunteers had been studied to select the twenty-six. Of the other twenty-eight, twelve would probably be ready later. Seven did not complete the procedures; and the others decided to serve Christ in the United States.

The names of volunteers for Christian service abroad continued to come at the rate of two hundred and fifty a year. Two *World Call* articles published in June and September on *What Makes a Missionary and the Selec-*

Foot notes: It will be noted that no report is provided for China. Since 1950, no facts regarding the work in China have been received. It is the judgment of the Foreign Division that we should eliminate the China report until further information is received.

*This total can be explained by the fact that there were 11 China missionaries who were still on pay roll in 1952.

tion and Training of Missionaries answered many of the questions that young persons ask. More than two hundred copies of these articles, tear sheets from the magazines, were mailed to students, teachers, parents, pastors, and others with personal letters that gave additional information. Plans were made to revise the articles for a pamphlet entitled, *Now—What Shall I Do?* The foreword will say, "You have asked for help in deciding about your lifework. Or you want to know what it takes to become a missionary. Or you have signed a life commitment card and don't know what to do next. Or perhaps you've taken some of the other steps and now want help. This pamphlet will answer a good many of your questions."

Dr. O. L. Shelton in Indiana, Dr. Stephen J. England in Oklahoma, and Dr. Myron T. Hopper in Kentucky made arrangements with state schools of agriculture for candidates working for B.D. degrees to take the second year in the state educational institutions.

Africa Missions

The Belgian Congo is a prize example of those sections of our world where "the old order changeth, giving place to the new." And the corollary to that is that nobody knows just what the new order will bring. Christian missions is in the midst of this process of change trying to shape the future according to the laws of righteousness found in the life and words of Christ.

The Church. This year's evangelistic figures show over 7,000 baptisms. This places a heavy load on the shoulders of the Congo ministry, most of whom have not had very many years of training. For this reason, a growing emphasis is being placed on leadership training. The first Minister's Retreat for leaders from all of our stations was held at Longa in July. About 40 good co-workers of the missionaries attended this meeting and a program of advance was planned.

Mondombe continues to have a revival throughout its villages. During the year there seemed to be an increased awakening of the native church to its responsibilities in this area. With no more evangelists and pastors in the field than before, there were new fields opened, 4,774 new converts, and over 100% increase in offerings.

Medical Work. "Another busy year" characterized the work of the hospitals.

At all of our hospitals where surgery is done, the electric light plants have meant improved facilities for operating. The leper work has grown, and happily we can report arrested cases due to the latest treatment. Within the leper colonies one finds church and school facilities, and gardens and handwork, for it is good therapy to keep those occupied who can do work. Each colony must be a community, for wives and children are there with the men who are sick. In the Mondombe colony there were 30 baptisms among the patients and nonleperous population.

Thriving baby clinics are held weekly on every station. At Bolenge almost 300 babies were born during the year. Mission hospitals are helping to win an important victory in the improvement of the mortality-natality ratio.

Educational Work. At present on every station all dormitories and classrooms are crowded. And yet with better buildings and more room and more educational missionaries many of these schools could double enrollment. The Mission is now providing more and better schools far back in the Congo forest than ever before. There are over 200 such schools.

Congo boys today have a strong desire for higher education, so we are offering at our station schools special preparatory courses for these higher schools. These youth are badly needed as teachers as the mission tries to reach all the children possible in over 1,500 villages. At Wema alone 2,000 were enrolled in these village schools last year. And from such schools we get about one-third of our total yearly baptisms.

At Bolenge we have a special school for training government clerks in which 59 were enrolled last year. These came not only from our mission stations but from other missions as well. From this course students may enter the higher courses for medical workers, post office and telegraph clerks, and for pilots of river steamers.

Congo Christian Institute closed the school year of 1952 with a graduating class of twelve. During the year arrangements were completed for making C.C.I. a union enterprise, in which a Swedish Baptist mission and an American mission of the Covenant Church are cooperating with us. A new administration and classroom building was completed on the campus to care for the expanding program.

The Press. During 1952 there was a steady flow of books out of our press not only to our own stations, but to many other missions as well. Our newest primers have been printed in two languages and some of our religious books soon will be. Our press has printed school helps of many kinds as we try to raise the standards by putting improved methods in the hands of our Congolese teachers. Likewise helps for our preachers have been printed and sent out to the back country.

South Africa. The most significant event in the South African program for 1952 was the return to the United States for a brief furlough of Mr. and Mrs. Basil Holt, United Society representatives. This was the first time that they have been back since they went to the field in 1946. Mr. Holt had opportunity to represent his South African colleagues at the Lund, Sweden Conference on Faith and Order. Mr. and Mrs. Holt were also guests in the annual conference of our Churches of Christ in Great Britain.

The six South African Churches are growing slowly. They all have a minister and they are contributing over \$12,000 a year to their own support. Our churches have become affiliated with the Christian Council of South Africa, the Christian Education Movement of South Africa, and the South African Institute of Race Relations. A significant move has been the formation of the Disciples of Christ Social Welfare Society which will permit our churches to go forward with their plans for a Bantu native work in the Johannesburg area.

The Peter Ainslie Memorial Lecture on Christian Unity at Rhodes University was given in 1952 by the Rev. Sir George Macleod, D.D., founder of the Iona Community in Scotland.

China Missions

China. There is no word from China. Through the Far Eastern office of the Foreign Division of the National Council of Churches of Christ, we have received a regular bulletin of news concerning China and our interests there. This keeps us in contact with what can be known of continuing Christian work. We are supporting the work of the United Board of Christian Colleges in China which is now able to aid Chinese students outside of the China mainland. We are able to provide this support out of the China Reserve which is made up out of special and designated funds on hand for China when the missionaries were brought out. No promotional money has been placed in this fund and it is very small, about \$50,000.

All the China staff are now relocated in other fields or have taken positions here in the United States. Our prayers must continue to be raised on behalf of our China colleagues who are carrying forward their work under the most difficult handicap the church has ever known.

India Missions

In spite of a staff shortage of missionaries, which continued to require adjustments and hamper regular work, the India Mission and Christian Churches look back on 1952 as a memorable and historic year. By a coincidence 52 visitors from America came to our mission area in "52," K. L. Potee noted after A. Dale Fiers and Mrs. Rosa Page Welch had completed the total which was started by India secretary Donald F. West at the year's outset. The two parties of touring Disciples who had attended the Melbourne World Convention accounted for the largest number who visited (chiefly in the Bilaspur area) and a smaller contingent of Travancore Youth Conferees arrived (as did Mrs. Welch) in time to attend the December Conventions of Mission and Churches. The visitors, equal in numbers to the regular missionary staff, have become "missionaries" in their own right upon returning home, where many have challenged their home churches to give greater support to India work.

New Adventures in "Regions Beyond" (Surguja and Orissa) fulfilled the exploratory steps taken in 1951, when the India Mission, backed by the Board of Trustees in America, joined hands with British Churches of Christ and the Baptist Mission Society (also British) in these highly responsive areas. Although not included this year in our Foreign Missions statistics, the number of baptisms reported in these two areas compare favorably with the number reported (198) in our present established work. A medical team visited Surguja and rendered valuable surgical and advanced medical services, supplementing the dispensary of Mrs. J. C. Christie. Relief funds from the Week of Compassion were also shared with Surguja workers, in addition to a substantial budget allotment. In Orissa the L. Franklin Whites moved in mid-year to Sambalpur, began the study of Oriya, and undertook after the "rains" to tour an area of roughly 7,000 miles, where Christians are living in 300 villages, and half a thousand families in sixty villages are on record as "inquirers" after the Christian Way. Initial steps were taken to establish a new mission center in West Utkal, looking forward to settling new missionaries there.

With many colleagues in America on furlough, the work settled more heavily upon those who assumed extra duties for the interim. Advances were made in several instances, notably in total membership, with a net gain of 107, Sunday School membership, net gain of 90, and in day schools, with a gain of 87. One less baptism than was reported in 1951 was the slight variance in a record made still more impressive by a gain of 12 in the enrollment of student nurses, and a \$948 increase in the stewardship of nationals, which totaled \$6,187. The number of nationals employed by the Mission increased by eight, totaling 285.

Building operations in progress in 1951 brought to completion or near-completion the Nursing School Building at Jackman Memorial Hospital and the Boys' High School, both in Bilaspur, and the Louise and L. J. Bently Memorial Eye Ward and related buildings at Mungeli Christian Hospital.

The Disciples of Christ in Indiana were ably represented in deputation and study assignments in America by Dr. Daisy Lawrence, Dr. and Mrs. Samuel Maqbul-Masih, and Dr. Moti Solomon, the latter serving as one

of the Vice-Presidents of the Melbourne World Convention while en route to the United States. Dr. Maqbul-Masih served as special Lecturer in Missions at Butler University School of Religion in the fall and winter of 1952-1953.

Japan Missions

Japan. The return of political independence, with renewed emphasis on national historical culture and religions, Shinto and Buddhism, has put the Christian movement to a new test, on its own merits; but there is every indication of steady, wholesome development, with insincere accretions sloughed off, like excess baggage.

During 1952 membership in the thirteen churches registered a net gain of 57, in spite of considerable revision of rolls to represent actual working membership. There were 105 baptisms in our own congregations, but at least 22 more, in other churches, from among students in our Boys' and Girls' High Schools. Membership as of December 31, 1952, stood at 1102, including the infant congregation, newly organized church, at Kita-Urawa.

There was a gain, from 181 to 205, in the number of full-time workers; ministers, teachers, medical and social staff, a gain from 20 to 23, in the number of regular preaching places; increase is shown in the number of youth groups, of persons in ministerial training, of orphans given care in our Foundling Home, of treatments given in the East Tokyo Hospital, of kindergartens and day nurseries.

In money raised on the field there was gain in every department: the churches raising \$12,084, the Hospital \$9,735, the schools \$67,422, the Foundling Home and Day Nursery, in special gifts, \$3,973.00. The mission cooperates in four Union Educational Institutions: namely, Tokyo Woman's Christian College, The International Christian University, the Tokyo Union Theological Seminary, and the Japan Biblical Seminary. The Disciples have a missionary teaching in each of the union seminaries, one appointed to teach in the Woman's Christian College and in furnishing the services of a missionary nurse, to supervise nurses' training in the United Church Hospital at Kinugasa.

During 1952 the missionary force of the United Society in Japan was increased to seventeen, one new missionary residence and one church building were acquired, and one new parsonage constructed.

Latin America Missions

Argentina. The first Protestant church to be built in the provincial capital of Resistencia was dedicated in February. In Buenos Aires in the suburb of Tablada the first room of a Christian education unit was built on land previously purchased. A primary day school was conducted in addition to Sunday and weekday religious services. The public address system at Saavedra made it possible for many people sitting in the plaza across the street to hear the Gospel Message. Jorgelina Lozada was the international delegate to the International Missionary Council meeting at Willingen, Germany. She also attended the meeting of the Commission on Life and Work of Women in the Church, of the World Council of Churches.

The Union Theological Seminary had the highest enrollment to date, 73 representing 8 communions. Five students were Disciples and two of the 13 graduates, Winnie and Angle Peiro, Disciples. Colegio Ward's enrollment was 1213, with 81 graduates. In July the American School division ceased to be part of Colegio Ward as it merged with Lincoln School to form the new American Community School. The Disciples furnished 5

leaders and 31 conferees of the more than 250 who attended the four summer conferences on the campus.

Zona Smith, veteran Disciple missionary (1910-1933) and for 33 years editor of the monthly publication of the Argentine League of Evangelical Women, passed away December 22, 1952, at the age of 78.

Jamaica. 1952 was a year of repair, relief and readjustment, to meet needs arising from the hurricane damage of 1951. Relief, in the form of staple foods and worn clothing, was administered to the needy.

James Sugioka, national director of construction and maintenance, from February to April supervised reconstruction under the Jamaica relief and rehabilitation program. In December, Freeman Redding of Delhi, India, went as supervisor. He immediately began construction of a church at Bito, to replace the one destroyed.

Lyrel Teagarden, formerly of China, was added to the missionary staff. C. A. and Mrs. Robertson, of Christian College, returned from study leave in U.S.A. The school now offers courses in agriculture and domestic science.

Five new CWF groups were organized, bringing the total to 10. Five of them had a successful service project of making garments for needy children, from colorful feed sacks sent by church women in America.

Sunday school and church attendance increased, partly as a result of the clothing received from churches in America. Three new CYF groups were organized by Miss Gladys Harrison, minister of Christian education. There were 249 baptisms, bringing the membership to 2,759. A foreign mission offering of \$345.25 was given.

Mexico. The church at Remedios finished its new building in time for the Convention of the Disciples. The Convention was marked by high evangelistic fervor with fifty confessions of faith, and twelve baptisms. Central Church, at San Luis Potosi was host to the National Convention of Evangelical Churches of Mexico.

A Maternity Clinic was opened again by the congregation at San Luis Potosi. Colegio Ingles graduated twenty-five and had such a good year financially that all the teachers had salary increases.

In the Jerez Valley five Daily Vacation Bible Schools, one Youth and one Intermediate conference and one Institute for women were held.

In Aguascalientes, the church began Saturday afternoon classes in neighborhood homes to reach non-churched children. The Rita Reed Home for Nurses was dedicated with the donor, Mrs. Laura Reed and her granddaughter, for whom the home is named, present.

Casa Hogar, rural girls' school, was filled to capacity with 12 girls. Mountain of Light Farm, rural center for boys, is administered by the Evangelical department to train lay leaders and to prepare students for the Seminary. The primary boys attend school in town; the high school boys are taught in private classes. All work on the farm. The earnings of the farm were consistently good during 1952. The annual youth conferences were held at the Farm. The Pabellon congregation averages 45.

Paraguay. Purchase of a block of valuable ground for a nominal price to be used for a social center, Friendship Mission, was the outstanding event of 1952. Contributions from alumni and friends were generous.

Regular preaching services were held in four points. Seven were baptized in Asuncion and nine in Coronel Oviedo, making a 20% gain in church membership. The women's organization in Asuncion was active and effective. Two seminary students sent to the Union Seminary at Buenos Aires were supported by local effort.

Colegio Internacional had a record enrollment of 626 and a good year. There were 17 high school graduates, all going on for further study. The school auditorium was used for various large interdenominational gatherings.

In Coronel Oviedo a missionary home is in process of building. Church and Sunday school each averaged 30, in spite of often impassable roads. Some serious persecution came at the end of the year at Tacuacora, country preaching point, but did not daunt the desire of the people for a church.

Puerto Rico. The total offerings raised by the churches were increased by 11%, from \$88,651.76 to \$98,910.12, and the per capita giving increased from \$15.69 to \$16.96. Puerto Rico raises in church offerings as much as the other mission fields combined.

Building programs were carried on by sixteen churches. The funds for these came in loans from the Board of Church Extension, gifts from the United Society and offerings raised by the local churches.

Sponsored by the Mission the Union Seminary began extension courses in Bayamon. Two Disciple pastors and a seminary professor did the teaching. The Mission paid the travel and the fees of the pastors who took advantage of this program.

The office of the Mission was moved from McLean Conference Grounds to Bayamon. The office shares a building with the Cooperative Bookstore, a branch store of the interdenominational bookstore at Ponce.

Philippines

"The year of our Lord, 1952, was a good year for the Philippines and for the work of the United Society in the Philippines." The Hukabalahap uprising was contained and realistic measures used to cure the evils out of which it arose. But economic imbalance as reflected in a recession was injurious to school enrollments. This directly affected our own mountain high schools especially.

These schools at Lamao in Abra province, and at Kabukao in Apayao, ministered in 1952 to the craving for education which is everywhere manifest in the Philippines. The first commencement in the Kabugao school made history in the entire sub-province. A similarly dramatic effect resulted from substantial additions to equipment in Lamao, where the entire community benefited from the accession of a 2500-watt generator, making possible electric lights, the use of an amplifying system, and a motor-driven rice mill.

A serious situation developed in Kabugao due to the establishment by the Roman Catholic priest of a competing high school, thus clouding the hope that an optimum enrollment would guarantee most of the necessary income. The strength of other work fortifies the total picture in this area. Whereas in 1946, only a remnant of former work remained, in 1952 there were four full-time pastors, three full-time deaconesses, thirteen part-time evangelists and six native Apayao Bible women. Seven established churches were augmented by regular services in twenty-five barrios (villages) and occasional services in sixteen others.

The Tagalog churches (in and around Manila in southern Luzon) adopted a new constitution providing for greater representation on the governing body of the Convention, and making for a more functional program. The churches were edified by the leadership of full-time evangelistic leadership on the part of two able men, and full-time leadership in the field of stewardship and church finance is also reflected in an increased number of completely self-supported congregations. Youth work, including atten-

tion to students, advanced during the year; Disciple youth were represented by one of their number at the Travancore (India) Youth Conference in December.

Summary figures indicating progress in 1952: seven hundred and sixty-six baptisms; \$21,974.40 contributed by nationals, with a total of \$31,819.01 raised on the field.

The I. Hubert Reynolds and Leonard Brummett families augmented the mission staff in 1952, thus strengthening the bond between Filipino and American Disciples in Luzon.

Thailand

December, 1952, completed our first half year of full administrative responsibility for the Thailand Mission. From January through June Mrs. Percy Clark and Miss Esther Halliday, British missionaries, were in charge. Dr. Clark was on the field, but not able to help, as he has been an invalid since the last world war. During these months we contributed some funds toward repairs and other special items. Also Mrs. Edna Gish was in Nakon Pathom, representing us as a helper, studying language, and becoming acquainted with the work. In March our board decided on full cooperation in this mission.

The first of July Mrs. Clark and Miss Halliday retired from active missionary service. Miss Halliday returned to Britain, but the Clarks are remaining in the station. On July 3, George and Margaret Cherryhomes, with Christopher, 3 years old, and Daniel, 7 months, arrived from America. The British Churches of Christ are continuing to send funds toward the Field Budget. British interest in this field continues high and regular reports are sent to their Missionary Committee, just as to our Society. This has become a joint undertaking of our brotherhood in America and Britain. We believe it to be a real step forward in cooperation and find it a happy experience.

The work during this second half of the year has continued much the same as before. There is just one well-developed station at Nakon Pathom. This is a large town thirty-five miles west of Bangkok. We have here two organized churches, one Thai and one Chinese, with a total membership of 553. There is also a good twenty-five bed hospital, a Thai School for Girls, a Thai School for Boys and a Chinese Primary School. A national staff of 57 workers is serving in these institutions. Evangelistic trips are made to scattered groups within a radius of some twenty miles and regular work carried on at three out-stations. The people all over the area are very friendly and many open doors are waiting to be entered.

DIVISION OF HOME MISSIONS

Interdenominational Co-operation. The division co-operated through staff participation and financial support with the following organizations: National Council of the Churches of Christ, U.S.A.; John Milton Society for the Blind; Student Volunteer Movement; National Religion and Labor Foundation; National Conference of Social Work; National Service Board for Religious Objectors.

Home and State Missions Planning Council. Much of the major program planning of the division of home missions was done through the Council, an organization founded "to study the home missionary needs and opportunities of the United States and Canada and on the basis of these to prepare and make available to member organizations plans, programs and materials; and to encourage the correlation of all home missionary

activity of the brotherhood"—the Council functioning always as a program planning agency without usurping administrative functions of its members. Membership in the Council consisted of every state missionary society (except Wisconsin); the All-Canada Committee; the Division of Home Missions of the United Society; the Christian Board of Publication; the stewardship section of Unified Promotion and a large group of members-at-large and consultative members. Work of the Council was carried forward during the year by eight standing committees: Christian Service, Effective Ministry, Evangelism, Local Church Life, Missionary Policy and Strategy, Stewardship, Town and Country Church, Urban Work. The Council met in biennial session in December, the committees in semi-annual sessions in December and May.

Church Development and Evangelism

Personnel. Mr. T. R. Leen, who had been recalled to service with the Air Forces chaplaincy, returned to the department in September, 1952, relieving Clark Buckner, acting director of evangelism. Mrs. Chloe E. Kelly resigned in August to become secretary of the Ohio Christian Women's Fellowship. Mr. Lyle V. Newman, who came to the department at the beginning of the Crusade as supervisor of city evangelism and later became director of urban work, resigned in June, 1953, to return to the pastorate.

Inter-agency Co-operative Program. As indicated in the division report, much of the department's program of evangelism, church maintenance, church development, ministerial services, town and country and urban work was developed through the standing committees of the Home and State Missions Planning Council. The executive secretary of the department served as administrative secretary of the Council and other staff members as recording secretaries of several standing committees. The majority of the program materials developed and sponsored by the Council was further developed and financed through the program areas of the department.

In addition to the excellent program planning of the Council, the department shared in planning and clearances made through the National Church Program Co-ordinating Council of which the department's executive secretary served as administrative secretary and other members of the department's staff in various official capacities.

Long Range Program. The department co-operated in the development of the Long Range Program for the brotherhood in the fields of evangelism, church organization, new member integration, membership cultivation, worship, the Christian ministry (recruitment, training, salary and pension, placement), town and country church and urban church. Techniques and materials were presented in the *Local Church Program Planning Guide* and other printed releases and in the fall church visitation and other meetings and conferences. Strong support of and co-operation with all phases of the Long Range Program will continue throughout the decade.

Evangelism. The major part of the evangelism program revolved around the Year of Evangelism emphasis to be made in 1953-54. Four major consultative conferences, in addition to many smaller conferences with local and state leaders, were held in strategic parts of the country for preview and planning for the Year of Evangelism and a comprehensive program was released to the churches the latter part of the year. Leadership was also provided for 61 evangelistic conferences, institutes and workshops. The national evangelist held 23 successful meetings, attended seven con-

ventions and conducted 65 group meetings, combining a helpful service of preaching, visitation and program planning. The pre-Easter project, *Christ Gives Power for Today*," was used by many of the churches and basic planning was completed for the 1953-54 project, "The Uplifted Christ Lifts Men."

Church Development and Ministerial Services. The department co-operated with religious education and stewardship forces in preparing and distributing the fall program packet to the churches, the department's special emphases being Church Loyalty Month, nonresident members and integration of new members. Special emphasis was given the use of the *Portfolio for New Church Members* and the code of ethics for ministers. Two institutes were sponsored for Negro ministers in Goldsboro and Plymouth, N. C., with courses in basic Christian beliefs, sermon building and preaching and minister's work. Ninety-four ministers were aided in locating pulpits. Personal conferences were held with seminary faculty and students concerning brotherhood program and ministerial placement.

Church Maintenance and Mission Churches. Sixty ministers were given financial support in 46 white churches, five Negro churches and three pastoral unities in the United States, and six churches in Canada. Fourteen state missionary societies, including All-Canada, were given support through staff salary or travel and/or general program appropriations. Three home mission fields with a program of pastoral guidance and support, radio, kindergarten and general church program were supported in Louisiana (French-Acadian), Texas (Mexican), California and Colorado (Japanese). The total membership gain for all supported churches was 15.2%, with the greatest gain, 20.6%, among the white churches in the United States. Five churches contributed over \$1,000.00 each to missions and one made missionary contributions totaling \$2,503.05.

In connection with the church maintenance and mission church program department staff members made extensive field trips, holding consultative and planning conferences and conducting surveys leading to church grants, purchase of property and establishment of new churches.

Town and Country Church. Direction and promotion of Church Life Revival projects among the town and country churches received major attention, such projects improving and expanding local programs of evangelism, Christian education, stewardship and organization. The celebration of Rural Life Sunday among all churches was promoted and a new series of guidance materials was issued. In-service training scholarship aid was given 177 ministers in seven schools. Special emphasis was given the matter of church and community surveys looking toward improved church and community program and relationship.

Urban Church. Aid was given in conducting city church and community surveys, both denominational and interdenominational. Special surveys were also conducted in connection with the formation and relocation of churches, especially those in suburban areas. Because of the urgency of large defense community needs, a portion of the urban church director's time was given this phase of activity. Encouragement and aid were given city associations of churches and basic writing was done on guidance for this field.

Rochester Hospital Chaplaincy. The department continued to co-operate with the Minnesota Christian Missionary Society and the Iowa Christian Missionary Society in maintaining Vernon H. Carter, chaplain at Rochester, Minnesota. The chaplain served several thousand patients of Mayo Clinic, both individually and in assistance to relatives and friends.

Goldsboro Christian Institute. The institute, which functions primarily as a state office and training assembly for the Negro churches of North Carolina and adjacent territory, was continued with the department giving financial and advisory support to the director, C. L. Parks.

Scholarships. Student scholarship loans were granted 11 students, 10 Negroes and one Mexican, to enable them to prepare for full-time Christian service. Aid was also given the Taylor Fellowship House at Butler University, Indianapolis, Indiana, a dormitory for students.

Institutional Missions

Southern Christian Institute, Edwards, Mississippi. During the year the work of Southern Christian Institute was reviewed and re-evaluated. A committee composed of Riley B. Montgomery, president of College of the Bible, Lexington; Benjamin Mays, president Morehouse, College, Atlanta; Maurice F. Seay, chairman of Department of Education, Chicago University; Elmer Henson, minister, Houston, Texas; with Dr. Harlie L. Smith, president of Board of Higher Education, as chairman, made a survey of the school. The study took into consideration the unmet needs growing out of changing educational status of Negroes in Mississippi.

Basing their action on the recommendations of the committee, the United Society's trustees approved a possible merger with Tougaloo College. Located 37 miles from S.C.I., Tougaloo is a four-year college and preparatory school sponsored by the American Missionary Association of the Congregational-Christian Church. The merger of S.C.I. with Tougaloo will make possible a strong church-related liberal arts school. The two schools together will be able to offer a much stronger program in general and preprofessional education than either board could do alone.

While plans are being developed toward the consummation of the merger the academic program of S.C.I. was suspended May 31, 1953. The plantation remains in operation, and whatever community services are feasible will be promoted.

The survey committee also pointed out other possibilities for the continuing program of S.C.I. These are being studied.

All Peoples Christian Church and Community Center, Los Angeles. All Peoples made strides forward in three major areas: (1) acceptance of responsibility by more lay leaders, (2) property changes and improvements, (3) continuing close relationship with an increasing number of community families. The church closed the year with a membership of 249. The nursery-kindergarten served 90 children during the year. There were 260 regularly affiliated with the community center, 400 others participated in its program, and 1,200 were served through related groups. The work at All Peoples is overflowing its building capacity.

Hazel Green Academy, Hazel Green, Kentucky. The academic program for 100 young people was augmented by several community services of significance during the year. The Hospital: 3,650 treatments, 130 hospital inpatients. Rural Schools: 108 visits made, each with program of music, games, stories; 3,430 books circulated. Community Library: 6,860 books read. Rural Churches: 102 Sunday School sessions conducted with an average attendance of 21. "Jot-Em-Store": 5,400 served; 700 people or organizations donated clothing. Conferences: 3,500 people visited campus for one day or more in conferences, Home Coming or special meetings. Farm: Its value as a demonstration center for better farming was increased by application of lime and phosphate and the planting of permanent pastures; 150 farmers visited the farm for observation and demonstration.

To make its program more flexible for meeting the new emerging needs of the area a technical survey was planned to study the current program. A committee appointed to make such a survey will present its report and recommendations sometime during 1953-1954.

Mexican Christian Institute, San Antonio, Texas. The year marks the fortieth anniversary of this community service program. Dr. Samuel Guy Inman, originator of the program, returned to give an outstanding address at the significant occasion. Strengthened inter-cultural relations within the city were especially noted by Dr. Inman as an evidence of the influence of applied Christianity as practiced by M.C.I. Some 4,000 people were served during the year through all its multiple activities in clinics, kindergarten, playground, clubs, classes, camps.

Jarvis Christian College, Hawkins, Texas. A change in administration occurred when Dr. John Eubanks, executive vice-president, resigned and Dr. Cleo Blackburn, executive consultant, was named ad-interim president. The education program of Jarvis this year made progress toward a broader service to East Texas through the program of Fundamental Education. This program combines the broadening aspects of undergraduate general education for pre-professional and other graduate training with the practical skills and techniques essential to life above the subsistence level in agriculture and industry.

Yakima Indian Christian Mission, White Swan, Washington. One of the highlights of the year was the organizing of a Christian Youth Fellowship for young people in the Mission as well as some from near-by homes. Miss Wenona Wilkinson is the leader. The clinic, with Dr. Douglas Corpron, physician, and Mrs. Malcolm Norment acting nurse, gave over a thousand treatments. The small chapel has been crowded beyond capacity, which has given added evidence of the need for the new church that is to be erected during 1953-54. Three vacation schools were held during the summer, including the one at Celilo Falls.

Social Welfare

Institutes, Seminars and Clinics. During the year the department co-operated with state committees to conduct institutes in Iowa and Illinois. Working with the New York-New Jersey commission on social education and action, it carried out a church and community clinic at East Orange, New Jersey. Institutes on world order were sponsored on the campuses of Phillips University, Lynchburg College, and jointly with the College of the Bible and Transylvania University.

One hundred and twenty-seven ministers, teachers, students, laymen and laywomen were registered for our annual United Nations Seminar held in New York City. In cooperation with other church groups the department sponsored the Churchmen's Washington Seminar where twenty-six Disciples met in Washington, D. C., with 200 other churchmen to study the relations of religion and government.

Fraternal Workers, Migrant Workers, Exchange Students and Work Camping. During this year, Mr. and Mrs. Tom Hanna and Ted Jones, three of our fraternal workers in Europe supported by Week of Compassion funds, returned to this country after almost two years' service with the World Council of Churches. Jimmy Gribble, a fourth member of the group, will return for a vacation in September, leaving behind him a fine record of service and friendship among the peoples of Greece. Plans are already being worked out for the placement of other young people in similar situations in the near future.

The department working with the Division of Home Missions of the National Council of the Churches of Christ in America sent out twelve young people to work among the migrant groups employed in the harvest fields during the summer of 1953. Their activities will include nursing care, recreation leadership, worship leadership, religious instruction and health guidance.

Four German high school students were placed in Christian Church homes for this past school year as part of a process of building international understanding and good will. For the year 1953-54 the department has placed 9 young people in Disciples homes.

Working with the department of missionary selection and training, the social welfare department has arranged for four young people to serve as internes at Flanner House during the summer of 1953.

In cooperation with the student work department and the department of Latin America missions a work camp at Jamaica was planned and carried out. Nineteen young people from various parts of this country and 7 young people from Jamaica made up the personnel of the camp which ran for six weeks. The major project of the camp was assisting in the rebuilding of some of our hurricane-destroyed Disciples churches.

Material Aid and Refugee Service. The department has this year continued to help refugees in adjustment to and becoming assimilated in American communities. It has also headed up and arranged for relief shipments of used clothing, layettes, shoes, sewing equipment and bedding from our churches. Over sixteen thousand pounds of these materials were shipped to Trieste, the Philippines, Paraguay, Germany, Japan, India, Jamaica, Africa and to some of our home missions institutions during the last year.

Social Education Emphases. During the year the department has distributed materials for the observance of Race Relations Sunday, World Order Sunday and Labor Sunday. For Freedom and Democracy Sunday the department prepared and distributed the materials to 839 churches. It has provided packets of materials to go with the Summer Conference syllabi dealing with social action themes. It has furnished speakers and leaders for a number of state and district meetings and workshops. Its staff members have written a number of articles and study units for various brotherhood publications.

Materials and Publications. Among the regular contributions to brotherhood thinking is the department publication Social Action News-Letter, which appears eleven times during the year. A regular column in *World Call* by Dr. Crain is another service of the department. A sound filmstrip, "First Church Serves Its Community" was sponsored and produced under the department's leadership and is available for the guidance of local church committees. Twenty thousand copies of the pamphlet, "Service Gifts—Where Do They Go?" were produced and sent out. A folder describing the nature and function of the department of social welfare has just recently been completed and is being made available to the church.

Personnel. Mr. Barton Hunter joined the department as national director of social education, October 1, 1952. Mrs. Ruth E. Milner of the department was elected to the presidency of the Indiana Conference of Church Social Workers.

Christian Women's Fellowship

Christian Women's Fellowship. Although local organizations are at perfect liberty to choose their own name, Christian Women's Fellowship is the general name under which all women's organizations are recorded

with the exception of business women's organizations that have not yet become a group in the Christian Women's Fellowship. Business Women's groups within the Christian Women's Fellowship are usually called Fellowship Guilds and their record is included in the Fellowship of which they are a part. On June 30, 1953, there were 3,615 Christian Women's Fellowships; and 296 business women's organizations making a grand total of 3,911 organizations.

The development of the International Christian Women's Fellowship has progressed with plans perfected in the election of officers at the first provisional assembly to be held at the time of the International Convention in July, 1953.

At the Women's Session of the World Convention of Disciples of Christ held in Melbourne, Australia, August, 1952, it was voted to start work on the organization of a World Christian Women's Fellowship, the same to be completed at the time of the World Convention to be held in Toronto, Canada, in 1955. Miss Jessie Trout was elected chairman of the interim committee charged with this responsibility.

The Long-Range Program. Because Christian Women's Fellowship is a channel for transmitting the church's program to women, the department has worked closely with the Council of Agencies in presenting the various elements of the Long Range Program through programs and visitations. In addition the women have set four goals for themselves.

1. **Deepened Spiritual Life.** Widespread development of prayer cells, deepening interest in devotional books and Bible reading and study are outward evidences of the realization of this goal which is really basic to the attainment of the other goals.

2. **Doubled Membership.** There were 193,680 members reported in 1952-53.

3. **Doubled Giving.** Regular offerings for 1952-53 were \$1,114,175.36 and \$49,079.36 in designated. Regular offerings showed a gain of \$101,955.03. This is a gain of 10% for the year and a gain of 47% since 1949-50.

4. **An Annual School of Missions in Every Church.** This remains a goal in the long range program for Christian Women's Fellowship although it is the business and responsibility of the total church. The report shows 366 in 1952-53 compared to 182 in 1949-50.

Annual Staff Meeting. The annual staff meeting of field and national personnel was held at Clifty Falls State Park, February 24 to March 1. The staff was joined by state presidents and state guild chairmen. The meeting was a most significant one in the development of Christian Women's Fellowship. The women initiated a study of the service and status of women in the churches, which promises to have wide outreach.

Volunteer Workers. The year brought to a close the generous and capable service of three volunteer workers, namely, Mrs. H. B. McCormick, of Indianapolis, Mrs. Stella C. Peek of Bloomington, Illinois, and Mrs. Theodore Leen, Indianapolis. These women have given valuable leadership in various aspects of women's work. They will be succeeded by the president and vice-president of International Christian Women's Fellowship.

Training Program. Mrs. Chloe Kelly participated in the special training program for state secretaries of Christian Women's Fellowship.

Missions Tours. Two missions tours for business women were conducted by Miss Katherine Schutze; one to Mexico and the other to Hazel Green Academy and Southern Christian Institute. This latter, the first Home

Missions Tour, proved equally as popular as is the already popular foreign missions tours.

State Organizational Changes. The year has brought two interesting and challenging changes, which separately or together may have great significance in the future of our work. The state Christian Women's Fellowship of Tennessee, Louisiana and Mississippi joined together to employ a full-time secretary, set up an office and office secretary. The three states maintain separate boards and separate programs and the executive secretary works with all three boards. The executive secretary is Miss Mary E. White.

For the last six months of the year, Florida has tried an experiment whereby their work would be carried on by volunteer work on the part of state board members under the direction of the president. It is too early to pronounce a verdict on the experiment which will continue for another year.

Personnel. Miss Alice Rist was married on June 12, 1953, and as Mrs. Alec J. Langford she continues her work as program coordinator.

With the reorganization of the sales literature section, Miss Edith Eberle was transferred from the department of Christian women's fellowship to service.

Changes in state secretaries are as follows: Mrs. I. C. Harriman succeeded Miss Gay Gattis in Arkansas; Mrs. Paul Sears resigned in Florida; Mrs. John Price succeeded Mrs. Ernest M. Backstrom in New England states; Mrs. Chloe E. Kelly took office in Ohio; Mrs. Madge Tissue succeeded Mrs. Earle Biddle in West Virginia; Mrs. Bessie Hart and Mrs. George E. Purdy retired from Texas and Iowa respectively.

Missionary Education Department

Program. Encouraging progress has been made in the past year toward the objectives of the Long Range Program in missionary education. Many churches have established for the first time departments or committees on world outreach, these departments cooperating with departments of Christian education in planning and maintaining comprehensive missionary education programs in their churches. Reports, orders for materials, and requests for service indicate the strengthening of programs through church schools of missions, Christian Women's Fellowships, Christian Men's Fellowships, and youth and children's groups. Program planning and the training of missionary education leaders have enlisted the service of department staff in institutes, workshops, and state and district planning meetings. Multiplied numbers of church schools of missions have brought new missionary interest to hundreds of our churches. The increased missionary offerings noted in other reports are concrete evidence of more effective missionary education in the various groups in the churches.

In its advance planning, the department has taken account of the yearly Long Range Program emphases of the brotherhood, integrating them into the program and materials wherever possible. For 1953-54, the Evangelism and World Missions emphases have been incorporated into the study materials on "The Life and Task of the Church."

The year's study of "Home Missions and Human Rights" and "Africa" has been stimulating and profitable in a large proportion of our churches. The necessity to reprint several pieces of material attested to the broad extent of the study.

Materials. A significant contribution to the Africa study was the publication in the early winter of *I Saw Africa*, by E. R. Moon, an absorbing and

informative account of the experiences of this pioneer missionary. Other items issued for the current studies, in addition to age group materials, included: *Concerned*, by Lois Anna Ely, a booklet of biographical sketches related to human rights; *Congo Portfolio*, by Virgil A. Sly; *They Went to Africa*, by Louise Browning, missionary biographies; a missionary picture sheet, *Witnesses in Africa*; and a pictorial place mat related to Africa. Through the Joint Commission on Missionary Education of the National Council of Churches, the department participated in the publication of a comprehensive schedule of books and related materials on the two themes which set new standards of excellence in both content and format, and met with unprecedented sales.

An important venture of the department was the publication of a complete curriculum on the missionary work of the Disciples for church schools of missions for 1953-54, with courses for all ages from kindergarten to adults. Other general materials issued include: *Our Brotherhood Serves*, by Chloe Gammill, a set of orientation programs on the work of the brotherhood; the annual missionary reading list, *Toward World Christianity*; the semi-annual bulletin, *Memo for Ministers*; guidance material of various types for leaders, including sharing in the quarterly *Guideposts for Service* issued by the department of Christian Women's Fellowship.

Materials for age groups included:

Children: Units in Junior Programs; units on home missions, Mexico, and India for primary and junior Bethany Graded Lessons; the weekly two-page section, "Friends Around the World," in *Junior World*; missionary informational articles in the Uniform Lesson quarterlies.

Youth: Units for *Fellowship* and *PM Pack*; World Fellowship Youth Meet materials; *CYF Studies World Outreach* and *Chi Rho Studies Outreach*, resources booklets for leaders related to the study themes; monthly program guidance in *World Call*; revised summer conference courses.

Adults: Program packets on the two study themes for Christian Women's Fellowship; two missionary programs for Christian Men's Fellowship; discussion packets for general adult use; a program adaptation for Woman's Day, and a resource booklet for speakers; Easter Week of Prayer services, *Lovest Thou Me? Feed My Sheep!* and a booklet for personal intercessory prayer, *Whatsoever*, prepared by Mrs. H. B. McCormick; the monthly program page, worship service, and Women and World Highways page in *World Call*.

Staff. Much of the field service of the department is effectively carried through the field staffs of the religious education department and of Christian Women's Fellowship, and no little credit for the expansion and strengthening of the program of missionary education in our churches goes to these field workers.

Mrs. Josephine Piel served on a part-time basis as research associate in the department until June, when Miss Marilynne Hill assumed this position.

DIVISION OF CHRISTIAN EDUCATION

Christian Education Curriculum and Program Council and Christian Education Assembly. In May of 1953 an arrangement was approved by the United Christian Missionary Society board of trustees and the directors of the Christian Board of Publication whereby these two organizations would jointly create, sponsor, and finance a Christian Education Curriculum Program Council, and a Christian Education Assembly which will supersede and replace the Curriculum Committee. The new setup will continue

essentially the same sort of organization and procedure as that of the Curriculum Committee. There will be biennial meetings of the larger consultative body, the Christian Education Assembly. There will be annual meetings of the smaller body, the Curriculum and Program Council, which will carry responsibility for determining the nature of the Christian education curriculum and program. The chief creative work will be done by the children, youth, adult and educational administration sections of the Assembly and the corresponding general committees of the Council. The purpose of the new organization as set forth in the first paragraph of its *Statement of Function, Organization and Procedure* is as follows: "In order that the changing needs of our churches in their task of Christian education may be adequately and continually considered; in order that a comprehensive integrated Christian education curriculum and program may be planned to meet those needs; and, in order that the Christian education program may have an effective part in the total program of the churches of our brotherhood, the Christian Education Curriculum and Program Council and the Christian Education Assembly of the Disciples of Christ are established."

The chief administrative responsibilities for the operation of the Council and Assembly are carried by the sponsoring organizations through their following departments: the Departments of Religious Education, Missionary Education and Social Welfare of the United Christian Missionary Society and the Department of Church School Literature of the Christian Board of Publication. These departments are known as "sponsoring departments." Other departments and agencies of the brotherhood that have responsibilities related to the Christian Education Program of our churches are also participating in the work of the Council and Assembly and are known as "participating groups." Those enrolled as participating groups are: Departments of Audio-Visual Services, Resources, Men's Work, Christian Women's Fellowship, Church Development and Evangelism and the Division of Foreign Missions of the United Christian Missionary Society; Department of Church School Sales, Christian Board of Publication; Board of Higher Education of Disciples of Christ; and Unified Promotion.

Religious Education

Children's Work. Carefully chosen, skilled workers, totaling 232, serve as state and district chairmen of children's work in 40 states; 186 have served more than one year, 52 are newly appointed. There are 13 employed state directors of children's work. There are 221 persons who are accredited instructors for laboratory training schools.

Children's Missionary giving is increasing remarkably. In 1952-53 the children gave \$9,844.48, an increase of \$3,093.77 or 46.2% over the previous year. The number of children's groups participating increased from 341 to 393.

Church camping for juniors continues to grow, with 32 resident camps in 1952 reported from 9 states. Many local church day camps were also held.

Youth Work.

National Training School for Adult Workers With Youth. In April of 1953 at the Butler School of Religion a new venture was made in training youth leaders by using the observation practice procedure. The National Training School was attended by 82 youth teachers and sponsors from 26 states and by 79 intermediate and high school youth from six

ANNUAL REPORT

churches in Indianapolis. They were in six class groups, three of them demonstrating the use of Sunday morning Bethany materials and three of them Sunday evening Bethany materials. The adult workers, also divided among the six instructors, observed, evaluated, helped plan and conduct later sessions, and studied and discussed theory and principles.

International CYF Commission. The 1952 Commission met on the campus of Purdue University, Lafayette, Indiana, in August, attended by 196 representing 35 convention areas. The Commission planned program emphases for 1953-54 under the general theme of "Forget Thyself and Follow Me."

Youth Missionary Activities. Youth missionary giving through the Christian World Friendship Fund continues to make rapid increases. The total in 1952-53 was \$79,700.48, a gain of \$12,128.41 over the previous year. The number of youth groups contributing increased from 1,951 to 2,327.

United Christian Youth Movement. The Quadrennial Christian Youth Conference of North America was held on the campus of Purdue University, Lafayette, Indiana, in August, 1952. A total number of 140 Disciples delegates attended and were greatly enriched by the breadth of vision and interdenominational fellowship they experienced in the Conference. Many hundreds of Disciple young people participated in the regional summer conferences of the UCYM.

Special CYF Worker. Miss Peggy Humbert, the 1953 president of the International CYF Commission, served for four months as a special CYF worker in the fall of 1952. She visited youth groups in 9 states and Canada. A total of 3,881 persons participated in the meetings where she spoke, representing 225 churches.

Student Work. Disciples Student Fellowship groups now total 129. Ten of them are at Disciples-related college centers, 9 at independent colleges, and the remainder at state supported schools. The Student Workers Association Conference was held at Estes Park, Colorado with its largest attendance, 122 persons in August, 1952. The theme, "What are you saying to students" was ably developed by a corps of resource leaders. The DSF Ecclesia Conference also convened at Estes Park with 308 students and adult leaders from 66 campuses in attendance. The theme "If I be Lifted Up I Will Draw All Men Unto Me" was seriously considered as the conference became a real workshop. It was at this conference that Kappa Beta, national society for University women of the Disciples became integrated with the national DSF.

Third World Conference of Christian Youth. The 300 delegates, from 55 nations meeting in Travancore, India, December 11-25, 1952, transcended the differences of languages, customs, economic and political backgrounds and religious concepts to search together for the meaning and significance of the theme, "Christ, the Answer." Our delegates were Kenneth Henry, a sophomore ministerial student at Jarvis College; Newton Fowler, a senior ministerial student at Lynchburg College, and Russell F. Harrison, national director of youth work, who was the fraternal representative of the World Convention of Churches of Christ. Each of these delegates visited our mission stations in India, Thailand, Philippines and Japan. On their return Mr. Henry and Mr. Fowler spent from February to August, 1953, visiting churches, conventions, student groups, youth meetings and other gatherings, telling of the Conference and their observations and convictions concerning the progress of the Christian gospel around the world. The fund that financed their round-the-world trips and their itineraries across the

country on their return was made possible by the generous contribution of youth and student groups, individuals, churches and the Christian Board of Publication.

Church on Texas Bible Chair Grounds. In 1946 the University Christian Church in Austin, Texas, was organized by our Bible Chair director, Paul Wassenich. This church throughout its existence has met in the Texas Bible Chair buildings. It has grown and prospered. It built a new residence for our Bible Chair director, Mrs. Waissenich, so that the church could use the Bible Chair residence for its Sunday school classes. The Bible Chair building was enlarged to provide a small sanctuary for the church. In May, 1953, construction was started on a new sanctuary on the Bible Chair property alongside the present building. The church now has 350 members and greatly enriches our ministry to the students of the University of Texas.

Adult Work. Emphasis has been placed on helping teachers and leaders of adult study groups to improve their teaching skills. The use of Adult Observation Schools has continued. An in-service training guide on *Teaching Adults* was issued. An appointed delegation of Disciples shared in the interdenominational conference at Lake Geneva, Wisconsin, in July, 1952, on young adult work. The findings of this conference were published in the booklet *Planning for Young Adults in the Church*.

Christian Family Life. A set of four sound filmstrips on Christian Family Life were produced interdenominationally and released in October of 1952. Their titles are: *For the Record*, *No Easy Answer*, *A Harvest From Holidays*, and *Built Upon a Rock*.

In June, 1953, a Conference on the Church and Marriage was held at the Ecumenical Institute near Geneva, Switzerland, with delegates attending from 11 countries, representing 15 major communions in North America, Great Britain and Europe. Three of the delegates from the United States were J. D. Montgomery, our national director of adult work and Christian family life, and Mr. and Mrs. Richard E. Lentz of the National Council of Churches staff.

Educational Administration. The seventh annual three-day conference of the National Fellowship of Disciples Directors was held at Cincinnati, Ohio, in February, 1953, with 64 in attendance. Of the 107 persons attending the interdenominational Workshop for Directors at Lake Geneva, Wisconsin in July, 1952, 44 were Disciples. The office of the national director of educational administration serves as an exchange of information concerning persons available for employment as directors of religious education for local churches. The demand greatly exceeds the supply.

A series of monthly workers' conference suggestions on the Bible was prepared and published in the *Bethany Guide*.

Field Program. The director of field program planned and conducted ten-day periods of orientation in Indianapolis and St. Louis for two groups of new field staff members. Religious education organizations in six states have been revamped so as to have better procedures for training leaders of leaders, planning for local church, district and state programs and reaching the local church with the programs planned.

Death of Miss Anna M. Clarke. After many months of illness and suffering, Miss Anna M. Clarke passed away on June 10, 1953. For the past fifteen years she has given faithful and efficient service as state director of Christian education in Indiana.

Unified Promotion

C. O. Hawley, Executive Secretary
Box 5636, Indianapolis 19, Indiana

HISTORY AND PURPOSE

Unified Promotion is an agency through which boards reporting to the International Convention (and voting to cooperate) appeal unitedly to the local churches for the support of their work.

The purpose of Unified Promotion is:

- to inspire our people regarding the total Christian enterprise.
- to mobilize the total strength of our brotherhood for the proclamation of the gospel to the whole world.
- to eliminate both the fact and the spirit of competition in the promotional approach of the agencies to the churches.
- to avoid overlapping of effort by the correlation of the facilities and the personnel of the existing agencies.
- to serve the local church through a stewardship program of education, the provision of stewardship plans and the preparation of stewardship materials.
- to assist the local church through making available plans and materials for the enlistment of every member for the support of the current expense and missionary budgets.

The request for this united procedure came from the churches through a resolution passed at the International Convention Assembly at Wichita in 1931. This resolution called for the Commission on Budgets and Promotional Relationships to hold a conference of the representatives of agencies reporting directly or indirectly to the convention for the consideration of improved promotion.

This conference was attended by seventy-five persons. A continuation committee was appointed and in subsequent meetings the plan of Unified Promotion was developed.

The suggestions were approved in principle at the Pittsburgh Convention in October, 1933, and the detailed plan was approved by the Des Moines Convention in October, 1934. It was put into operation July 1, 1935, after fifty-three agencies had voted to participate.

ANNUAL REPORT OF UNIFIED PROMOTION

I. The Eighteenth Year

The eighteenth year of the operation of Unified Promotion has been in many ways the greatest year of its service to the brotherhood and the kingdom of God. In days of extreme opposition to the Christian program, Disciples of Christ have strengthened their position on the side of Christ.

There has been encouraging progress toward the objective of doubled giving in the decade of the fifties. When in three years the offerings have increased more than one million dollars indeed the Christian witness has been strengthened. Around the world Disciples of Christ have been able to be more effective in their effort against enemies—ignorance and despair, superstition and shrewd materialism, calloused wealth and soul-destroying poverty, and spiritual wickedness in high places, and rulers of darkness in this world. The gospel of Christ has been told increasingly.

A. The Theme

The theme for the year was "That We May Know Him." The following interpretation was a helpful guide. Jesus is unveiled by the courageous faith of his followers; when men and women know Jesus they are anxious to reveal Him, as He is the son of God and the Savior of man.

If the world is to know Christ as Redeemer and Lord, we of the church must increase our knowledge of Him. To know Him means that the mind, the spirit and the purpose of Christ be at the center of our lives. A part of knowing Him is to know the power of His resurrection. As Christians we follow a risen Christ, one that has overcome death and leads from victory to victory. We need to fellowship in His suffering, which involves sacrifices on our part that His will in its fullness may be demonstrated to all the world. To know Him is essential to an effective Christian witness.

B. The Procedure

1. There was dependence upon the ministers and other leaders of local churches and their organizations to accept the responsibility to interpret the significance of the theme to the total church as basic in the church's program. Also there was dependence upon the same people to promote giving for the support of the causes of Christ.

2. The promotional program of the year was launched and promoted in the spirit of the theme. This included the promotion of special days and the work of the Christian Women's Fellowship, the Christian Men's Fellowship, Youth and Children's Groups.

3. The secretary of the state missionary society in states cooperating in Unified Promotion has served as the state director of Unified Promotion. The secretary of the Christian Women's Fellowship and the area director of Religious Education have served as representatives of Unified Promotion. The Executive Secretary of Unified Promotion has worked in cooperation with the state director and representatives. In each state there was a State Committee of Unified Promotion which has rendered effective help in the spirit of cooperation.

C. Stewardship

1. The Director of Stewardship under Unified Promotion has given his first full year of leadership in a program of stewardship education and commitment. This program seeks to develop and train a brotherhood of Christian stewards, which will mean better living as well as larger giving. Stewardship was developed and promoted in cooperation with national

UNIFIED PROMOTION ANNUAL REPORT

and state agencies. The Stewardship Committee of the Home and State Missions Planning Council gave counsel and assistance. The gospel of stewardship was spread in every possible way through the printed page, through conventions and by personal messages and conferences.

2. Service to Local Churches. All stewardship plans and materials were designed to help local churches train their members as Christian stewards. The fall Stewardship Manual gave plans and materials for the year, and especially for the observance of stewardship month in October or November. The spring manual developed a stewardship program from Easter to Pentecost, with major emphasis upon tithing. The eight stewardship leaflets produced during the year have been widely distributed by churches, which have ordered over 200,000 of each. "The Hidden Heart" was the first major stewardship film produced jointly by Disciples of Christ with other communions. Other audio-visual aids for stewardship were recommended regularly.

3. In January, 1953, the Council of Agencies designated 1954-55 as the Year of Stewardship emphasis in the local church. This assignment of responsibility for promoting such a year has been accepted as a great and challenging undertaking.

4. Stewardship Reflected by Increased Disciple Giving

Year	Per Capita Giving		
	Per Capita Giving Local Expenses	Missions and Benevolence	Total per Capita Giving
1949-50	\$21.18	\$4.55	\$25.73
1950-51	21.70	4.48	26.18
1951-52	23.70	4.61	28.31

D. Every Member Enlistment

1. Every Member Enlistment. An annual Every Member Enlistment was considered necessary to care for the growing needs of the kingdom of God and to keep an active interest and financial support of all members. Some churches and finance committees have assumed that when enough money was in sight to pay the bills, no canvass was needed. Or when the active members have made their pledges, the enlistment has been stopped. Prosperity has proven dangerous if it lulls the church into complacency. Then the church without regular and systematic financial support of a larger proportion of its members has found itself lacking sufficient funds. It has been discovered that it is unfair to church members not to enlist every possible member in full support of the church and its program. The principle has been emphasized that discipleship requires stewardship. When people have the most money they have ever had, unless the Lord receives an increased portion, experience has proved it to be a curse rather than a blessing. This is the reason why an annual Every Member Enlistment has been advocated during the year.

2. Cooperation

a. Unified Promotion cooperated with Religion in American Life whose purpose is:

- to emphasize the importance of religious institutions in our national life.
- to urge all Americans to attend the church of their choice.
- to appeal to the millions of Americans who do not go to church and profess no religious affiliation,

- b. Unified Promotion cooperates in the United Church Canvass, which is a plan for all churches of a city, town, community or county to make their appeal to their community for financial support simultaneously.

E. Special Days

Offerings are received on Thanksgiving, Easter and Children's Day for the support of the brotherhood causes participating in Unified Promotion. While, basically, this is a Sunday school program, an increasing number of churches are sharing in these special offerings.

Unified Promotion makes available to all churches and Sunday schools materials for the purpose of promotion and observance of the Special Days. These materials include informative leaflets, teachers' manuals, worship manuals, and coin envelopes and boxes.

The observance of Special Days have both an educational and a promotional value. The work of brotherhood causes, along with needs, are presented as motivating factors in achieving a deepened stewardship. Growth of observance of the Special Days is revealed by the following record of orders for materials from churches and Sunday schools. Most of these churches and Sunday schools now have standing orders for materials.

	1951-52	1952-53
Thanksgiving	2,336	2,554
Easter	2,446	2,639
Children's Day	2,504	2,737
Special Day offerings, 1952-53		
Thanksgiving		\$180,357.38
Easter		263,158.97
Children's Day		169,926.81
Total		\$613,443.16

All Special Day offerings are credited as regular giving unless otherwise requested.

F. Publicity

Unified Promotion has received generous and helpful cooperation from the state and national publications in the regular program, including special days, stewardship and the cooperating causes.

These publications have provided a very effective channel for carrying the story of the work to a larger per cent of the constituency. In addition, advertisements have been carried in the state and national papers concerning the program of the year. There is genuine gratitude for this cooperation of the publications of the Christian Board of Publication, *World Call* and the state papers.

The Minister's Bulletin has been issued each month in behalf of the program.

Across the nation the secular press has used a large amount of material announcing special meetings and disseminating information concerning the causes cooperating in Unified Promotion.

G. Field Cultivation

Following are two features of the field program during the year.

1. The Regular Program

- a. The contacts of the representatives of the cooperating agencies with the churches have been a vital part of the program.

- b. The state director of Unified Promotion and the state representatives have served devotedly during the year in the interest of the local church and its world causes. These workers have rendered very valuable service in the promotion of church program planning, in the making and releasing of financial goals, in goal acceptances, in stewardship, in special days and in local church visitation.

2. Church Visitation. The Council of Agencies is of the opinion that church visitation is the most effective way to assist the local church in the formation and execution of the Long Range Program. Unified Promotion has cooperated wholeheartedly in this project. More than one thousand churches participated in the local church visitation project during the year. The majority of the reports of the team members and state leaders have been favorable. The response from the churches has been enthusiastic. There was great value in the new approach of going to churches to help them in their programs.

H. Central Receiving Agency

The churches have the privilege of remitting offerings to Unified Promotion or to any of the cooperating causes. The total of remittances to the Central Office has increased gradually. The cooperating agencies have, as a rule, been prompt in sending a report of offerings remitted directly to them at the end of each month. On or before the fifteenth of each month the Central Office has made a report of offerings for the month and distribution has been made of the funds to the cooperating agencies. Each agency has received its full share at least by the end of each quarter. Comparative reports have been issued for many of the months. A statement showing the offerings in each state by churches and organizations has been issued monthly. Records of the offerings remitted to Unified Promotion or reported by the cooperating agencies have been accurately kept.

It is understood that the churches are to make their choice concerning where their money is remitted free from pressure from Unified Promotion or the cooperating agencies.

I. Commission on Brotherhood Finance

The commission held two meetings during the year. The commission divided the increase in offerings of June 30, 1953, which were subject to division. Also it conducted hearings when the agencies presented their budgets according to needs for 1953-54. The total of the approved budgets of askings was \$3,463,600.00, which was the total budget of askings submitted to the International Convention and was approved.

In addition the Commission serves in the matter of Capital Fund Campaigns for the agencies cooperating in Unified Promotion. Glenn B. Lacy served as the director of research for the commission.

J. Financial Report

1. **Increased Receipts.** The offerings from the churches, Bible schools, Christian Women's Fellowships, youth and children's groups and individuals comprising the amount reported by the cooperating agencies as well as the amount received direct by Unified Promotion subject to division totaled \$3,190,967.44 as of June 30, 1953. This is a gain of \$323,071.73 from comparable sources for the year closing June 30, 1952, or 11.27%. The comparison with the results as of June 30, 1950, shows an increase of \$1,042,999.90 or 48.55%. In addition there was a gain of \$114,175.47 in gifts designated over and above percentages over June 30, 1952, and \$427,903.23 over June 30, 1950.

4. Certificate of Auditor

February 20, 1953

The Board of Directors
Unified Promotion, Inc.,
Disciples of Christ
Indianapolis, Indiana

We have audited the accounts of Unified Promotion Inc., Disciples of Christ, for the year ended January 31, 1953, and have proved the correctness of all account balances as of that date.

We found that all recorded receipts had been deposited in the bank and distributions have been made according to the principles set forth in the by-laws. We also found that expense items have been properly allocated and the funds correctly handled.

In our opinion, the records have been properly kept for the year under review.

Committee on Week of Compassion

Box 5636, Indianapolis 19, Indiana

HISTORY AND PURPOSE

The Week of Compassion stemmed from the Brotherhood Dinner observance. The first Brotherhood Dinner was held in 1938. For the first three years no offering was promoted, the dinner being only for fellowship. At the Brotherhood Dinner in 1941 the churches were urged to make offerings for the work of the Churches of Christ Missionary Committee of Great Britain to be used for their foreign mission work. Our British brethren, because of war conditions, were finding it difficult to maintain their missionaries. Five thousand dollars was suggested as the goal. The offering totaled \$13,009.66. In 1943 the Committee on Relief Appeals of the International Convention promoted an offering on the occasion of the Brotherhood Dinner to the end that the following causes might be aided: The American Friends Service Committee, the Y. M. C. A. War Prisoners' Aid, the American Bible Society, the Church Committee for China Relief, the Y. W. C. A. World Emergency Fund, the American Committee for Christian Refugees, the Central Bureau for Inter-church Aid and the International Missionary Council Orphaned Missions Fund. The offering totaled \$36,728.47.

Sensing the necessity of continuing and expanding the work of the Committee on War Services, covering the 8% pension dues of Disciple chaplains serving in the Armed Forces and the inadequacy of our Brotherhood's response to the emergency causes cleared through the Committee on Relief Appeals, the Commission on Budgets and Promotional Relationships of the International Convention authorized an effort, to be known as the War-time Service Fund, to raise \$250,000.00 for these causes. As a part of this effort the first Week of Compassion was held in February, 1944, with the Brotherhood Dinner as a part of the week's observance.

The Purpose is to:

- alert Disciples of Christ to a keen appreciation of their responsibility to those in distress in other lands and to enlist their support to the greatest possible extent in order that the material benefits of these projects may be widespread, alleviating homelessness, illness and despair without regard to race, color, or creed.
- develop the Christian values inherent in the work of relief, reconstruction and rehabilitation, not only in the Christian response to acute human need, but also in the inevitable strengthening of Christian witness around the world through this sharing of possessions in the spirit of Christ.
- bring about a greater understanding and realization of the brotherhood of all the children of our Heavenly Father and to generate among the peoples of the nations a mutual trust and an international friendship of people upon which alone can be built a solid structure of world unity and world peace.

ANNUAL REPORT**I. PROCEDURES**

The 1953 Week of Compassion was observed February 15-22. The observance was continued because of the continuing responsibility of Disciples of Christ to alleviate the physical and spiritual needs of humanity in a world troubled by war. The theme was "It Is Time to Share."

It was sponsored by the Week of Compassion on behalf of the Committee on Relief Appeals of the International Convention of Disciples of Christ, the Committee on Military and Veteran's Services and the Pension Fund for Chaplains' pensions. Each of these groups presented their askings to the Committee on the Week of Compassion. As a result of the study of these requests, the minimum financial goal was \$500,000.00.

By the request of the Committee on the Week of Compassion, the promotional responsibility was carried by Unified Promotion. One Great Hour of Sharing was jointly promoted by a number of Protestant bodies. Disciples of Christ, as well as some other groups, received their offerings at an earlier date and gave token cooperation in One Great Hour of Sharing which again reflected a united voice for ecumenical fellowship in Christian sharing.

The contributions from the churches totaled \$418,676.85, which was an increase of \$45,949.29 over last year.

II. DISTRIBUTION OF FUNDS

Following is a list of the distribution made to the participants as of June 30, 1953:

HISTORY AND PURPOSE

The first Committee on Relief Appeals of the International Convention of Disciples of Christ was appointed at the assembly held at Richmond, Virginia, in 1939.

The purpose of the committee is to deal with the various appeals coming to Disciples of Christ for assistance in times of distress and destitution in the war-torn areas of Europe and Asia in work of relief, rehabilitation and reconstruction. This purpose is being realized through cooperation with Church World Service, an agency created for such service by several Protestant bodies.

In carrying out this purpose the program has shifted according to the changes of the crucial needs of humanity both physical and spiritual. It has received from the churches generous support through the years. It has received its funds from the Week of Compassion.

DISTRIBUTION OF FUNDS

During the year closing June 30, 1953, there was received from the Week of Compassion \$418,676.85, which was an increase of \$45,949.29 for the causes which this committee has sponsored. These services include assistance to refugees, youth work, displaced persons, theological scholarships, inter-church aid and relief, laymen's work, orphaned missions, world student Christian federation, material aid, and the distribution of the Scriptures.

It is of interest to know that assistance was given to flood relief emergencies in Holland and Japan. Also \$7500.00 was given to the Milk Fund which paid for the transportation of 300,000 pounds or 10 earloads of dried milk to the needy areas of the world. It meant the provision of a cup of milk a day for one year for 12,500 people. Also \$3000.00 has been given for relief in Japan because of the flood.

Following is a list of the askings and allocations as of June 30, 1953.

MATERIAL AID

Appeals to the brotherhood for material aid to devastated areas has been under the direction of the department of Social Welfare of the United Christian Missionary Society through mutual understanding with the Committee on Relief Appeals. Mrs. Ruth Estes Milner, National Director of Church and Community Service, was in charge of this task. Approximately 12½ tons of relief goods have been sent to mission fields at home and abroad, to relief centers in Europe and to Korea through American Relief for Korea. The material gifts included hundreds of layettes, clothing of all kinds, sewing materials, as well as school items, which were sent to headquarters by women's groups, Sunday school classes, youth and children's groups.

This in addition to material aid given by members of Christian churches in community efforts and sent through Church World Service.

Cooperative relationships have been maintained with CROP, CARE, and the Heifer Project Committee for the promotion of gifts in kind, heifers and goats for devastated areas.

Report of Committee on Military and Veterans Services

(From Week of Compassion Receipts)

222 S. Downey, Indianapolis, Ind.

1952-53

Upon recommendation of the International Convention of Disciples of Christ the United Christian Missionary Society established the Committee on War Services at the beginning of World War II. In 1947 the name of the committee was changed to Committee on Military and Veterans Services. From the beginning the Board of Trustees of the United Society has given broad freedom of action to the committee. Without cost to the committee it has provided all of the general services made available to the various departments of the United Society. The financing of the program of the committee has been dependent, however, upon receipts from the Week of Compassion.

I. Staff

Without cost to the committee as to salary and travel Willard M. Wickizer has served from the beginning as the executive secretary of the committee. Carl M. Boyd serves as director of chaplaincy services. W. S. Van Arsdale, Jr. serves as director of camp and defense community services. Mrs. Marie Crawford serves as office secretary. Mrs. O. B. Morris has served for the past six months as a field worker in camp and defense communities. Additional field workers are being sought by the committee.

II. Chaplaincy Services

One of the major program activities of the committee is that of service to Disciple chaplains serving with the Armed Forces and Veterans Administration. This service takes the form of chaplaincy procurement, maintaining fellowship with chaplains while on duty, and assisting with the relocation of chaplains released from active service.

(1) *Chaplaincy Procurement.* Currently the Disciples of Christ have 118 chaplains on active duty with the Armed Forces, 12 with the Veterans Administration as full-time chaplains and five as part-time chaplains, mak-

*There are 33 Reserve Chaplains on active duty who are not enrolled in the Pension Plan at present. Our experience during World War II was that many, not previously enrolled, later became members and wished to claim 8% dues for their Chaplain service period. We are prepared for such action in the present situation by carrying this amount in reserve.

ing a total of 135 chaplains. Until early spring the Disciples of Christ were up to or beyond quota in all branches but a very sizable hike in Armed Services quotas has left our brotherhood in need of thirty-five or forty additional chaplains as of year-end.

During the year the staff of the committee has carried on an extensive correspondence with ministers interested in the chaplaincy. Practically all of our Bible colleges have been visited at least once by a staff member for the purpose of presenting the opportunity of chaplaincy service and counseling with senior students. A booth has been maintained at the International Convention with outstanding representatives of the various chaplaincy services present for purposes of information and counseling with ministers interested in considering service as a chaplain.

The committee has worked closely during the year with the Commission on Chaplaincy Endorsement of the International Convention, making available to that commission without cost to it the services of Carl M. Boyd to serve as secretary of the commission. The chairman of the commission, Frederick W. Helfer, also serves as a member of the Committee on Military and Veterans Services.

(2) *Maintaining Fellowship with Chaplains.* To serve as a chaplain is a lonesome task. A minister is cut off from his Brotherhood, from normal professional associations and, in many instances, from his family. To overcome this as far as possible the committee has sought to maintain the bonds of fellowship with all Disciple chaplains to as great an extent as possible.

The director of chaplaincy services seeks to visit on his station at least once each year every Disciple chaplain stationed in the United States. The director also visits each class of chaplains enrolled in the Chaplains' Schools of the Armed Services. Annual retreats for Disciple chaplains are also held by the committee. On August 11-13, 1952, a retreat for Disciple chaplains stationed in Europe was held at Geneva, Switzerland, with 16 chaplains and a number of wives present. A second such retreat was held in Germany in April, 1953, with all of our chaplains stationed in Europe present with a single exception. A retreat for Disciple chaplains stationed in the south and southwest was held at Athens, Texas, November 11-14, 1952, with 21 active duty chaplains present and 4 reservists. On February 25-27, 1953, a retreat for east coast chaplains was held at Fort George Meade, Maryland, with 23 chaplains present. A retreat for west coast chaplains is scheduled for the fall of 1953.

A twelve- to sixteen-page bi-monthly news sheet, entitled *The Disciple Chaplain*, is published by the committee. This gives news of our various chaplains, keeps all chaplains in touch with one another, provides significant Brotherhood news of special interest to our chaplains and keeps the chaplains informed of the services available to them from the committee.

Each Disciple chaplain is presented with a large type, leather bound, zipper-fastened RSV New Testament. This gift is made in the name of the Brotherhood and is presented as the chaplain enters active service.

Complimentary subscriptions to *World Call* and *The Christian-Evangelist* are given to all our chaplains. Also a *Year Book* is presented to them each year. Recently a gift copy of *Christian Worship—A Service Book*, by G. Edwin Osborn, was presented to each chaplain.

The committee makes available without cost a large selection of pamphlets which a chaplain can secure and distribute to his men. This is a significant service which the committee expects to expand by the addition of new titles.

The committee carries on an extensive personal correspondence with our chaplains on active duty and the director of chaplaincy services answers

many unusual and specific requests for aid which come to him from various men.

(3) *Relocation of Chaplains.* From time to time chaplains are released from active duty and return to civilian pulpits. It is always a matter of serious concern to these men as to whether or not a satisfactory church will be open to them when they are ready to return to civilian life. The committee cooperates with the regular ministerial placement forces of the Brotherhood to see that chaplains returning to civilian life are suitably and promptly placed in a pulpit.

III. Service to Men and Women in the Armed Forces

The end point of all the service being rendered by the committee in connection with our Armed Forces is a Christian ministry to the men and women of the Army, Navy and Air Force. Of necessity this ministry is largely indirect, but it is nevertheless real and vital.

The committee seeks to encourage our local churches to follow their men and women serving with the Armed Forces with fellowship and concern. Guidance as to the best ways of accomplishing this has been made available to local church leaders through numerous magazine articles that have appeared throughout the year. At year-end a basic guidance pamphlet is in the hands of the printers and will soon be distributed to all churches. This pamphlet presents in a comprehensive way the means by which a church can best maintain contact with its members while they are away from home serving with our Armed Forces. Probably at this point the churches of our Brotherhood have been most derelict for few congregations are making any effort whatever to keep in contact with their young men and women while they are away in military service.

As has been indicated, through our chaplains the committee makes available specially prepared literature for distribution to military personnel. This is an expensive but vital service and one which must be expanded.

Through the General Commission on Chaplains the committee gives financial and promotional support to the United Fellowship of Protestants. More will be said about this organization later in the report.

IV. Camp and Defense Community Services

(1) *Camp Communities.* Our nation's defense effort is piling up hundreds of thousands of young men and women in a relatively few communities adjacent to Army camps, Air Force bases and Navy stations. These young people swamp all community facilities and make impossible demands upon local resources. Our churches located in these communities feel the same overwhelming pressures as do other community institutions and must not be left to face the situation alone.

The committee seeks to aid our churches in camp communities in a number of ways. In such communities where we have no churches it stands ready to assist financially in the organization of a congregation. In camp communities where we have only small, inadequately housed congregations, it cooperates to provide better facilities and a higher type of pastoral leadership. Through a staff of field workers it hopes to provide a specialized ministry to camp community churches for periods ranging from two to six months. These workers come on a field to organize and train the local church forces, conduct special calling efforts upon military personnel and their families and otherwise strengthen and expand a local church's program in behalf of men and women serving with the Armed Forces. Through correspondence, field visits and published literature the committee provides guidance to all camp community churches as regards a ministry to military

personnel. The director of camp and defense community services is currently engaged in visiting every major camp community in America in which there is to be found a Christian Church. In certain instances, where the opportunity of service is unusually great the committee joins with a local camp community church in employing a part- or full-time worker to give leadership to a ministry in behalf of military personnel and their families.

(2) *Industrial Defense Communities.* The industrial side of our nation's defense effort continues to cause thousands of American workers and their families to be on the move. This is particularly true in connection with such atomic energy centers as the Savannah River Project in South Carolina, the Paducah, Kentucky, Project and the even newer project just being launched in southern Ohio.

In connection with such communities the task is that of building new churches, quickly expanding the facilities and leadership of small churches already in existence, providing recreational activities for children and youth, relating to the church through unusual evangelistic efforts the thousands of newcomers in the community and otherwise seeking to build as normal a community life as possible.

V. Interdenominational Cooperation

The committee seeks to cooperate fully with the various national, state and local interdenominational agencies working in the fields of chaplaincy services, ministries to military personnel and service to industrial defense workers.

(1) *General Commission on Chaplains.* This commission, with headquarters in Washington, D. C., is the agency through which the major religious bodies cooperate in dealing with the Armed Forces and the Veterans Administration concerning chaplaincy matters and in providing an interdenominational ministry to military personnel and veterans to be found in Veterans Administration hospitals. A major feature of the program of the General Commission is the promotion of the United Fellowship of Protestants organization. This is to the young men and women of the Armed Forces what Christian Youth Fellowship is to the young people of our local churches. As a part of this program there is published each month and distributed free to military personnel thousands of copies of a little magazine entitled *The Link*. This is probably the finest piece of Protestant literature reaching any large number of young people serving in the Armed Forces. The commission also publishes on a bi-monthly basis a semi-professional magazine entitled *The Chaplain*. This goes to all Protestant chaplains serving with our Armed Forces and is proving to be an effective link to bind these men together in a common fellowship. Current support of the General Commission on the part of the Committee on Military and Veterans Services is at the annual rate of \$9,800.00.

(2) *Committee on Ministry to Service Personnel of the National Council of Churches of Christ in the U. S. A.* This is the committee through which the Protestant bodies cooperating in the National Council coordinate their services in behalf of military personnel. Local interdenominational projects in camp communities are investigated and approved through the committee and denominational support is encouraged. The Committee on Military and Veterans Services is currently supporting this committee at the annual rate of \$1,200.00.

(3) *Committee on Ministry to Defense Communities.* This is a committee of the Division of Home Missions of the National Council of Churches of Christ in the U. S. A. Through the committee an interdenominational ministry is carried forward in certain of the major industrial defense com-

munities. The committee is, for instance, maintaining interdenominational religious work directors in the Savannah River Atomic Project area, the Paducah, Kentucky, Atomic Project area and the Southern Ohio Atomic Project area. The Committee on Military and Veterans Services is currently supporting the program of this committee at the annual rate of \$2,500.00.

(4) *State and Local Projects.* Through the year the committee has given financial support to the following state and local interdenominational projects in behalf of military personnel and defense workers:

Ohio Council of Churches -----	\$500.00
Protestant Council of New York City -----	\$100.00
Seattle, Washington, Council of Churches -----	\$750.00
Denver, Colorado, Council of Churches -----	\$720.00
United Church, Los Alamos, New Mexico -----	\$600.00

VI. Budget and Appropriations

During 1952-53 the Committee on Military and Veterans Services operated on the following budget:

Salaries and Travel of National Staff -----	\$ 17,500.00
General Contingent -----	4,000.00
Office Expense, Postage, Etc. -----	3,000.00
General Commission on Chaplains -----	9,800.00
Committee on Ministry to Service Personnel -----	1,200.00
Committee on Ministry to Defense Communities -----	2,500.00
Chaplaincy Services Program -----	12,000.00
Camp Community Program -----	25,000.00
Industrial Defense Community Program -----	25,000.00
	<u>\$100,000.00</u>

During the year the committee appropriated \$5,000.00 to each of the following new congregations to apply on the construction of church buildings: Jacksonville, North Carolina; Fayetteville, North Carolina; Oak Ridge, Tennessee. An appropriation at the annual rate of \$1,800.00 was also made to the new congregation at Aiken, South Carolina, to apply on the minister's salary and an additional appropriation at the annual rate of \$300.00 to apply on his car expense. Appropriations of \$600.00 each were made to the congregations at South Charleston and St. Albans, West Virginia, to apply on a program of evangelism and car expense. Interdenominational appropriations elsewhere listed in this report were in addition to the foregoing grants.

The committee had hoped during the year to make a considerably larger number of appropriations to camp and defense community churches but local response in a number of instances proved to be much slower than the committee had anticipated. 1953-54 should see the program greatly expanded.

World Call

George Walker Buckner, Jr., Editor
222 South Downey Avenue, Indianapolis, Indiana

HISTORY AND PURPOSE

World Call was established in 1919 as an "International Magazine of Disciples of Christ." It was formed by the merging of five magazines directly related to various national boards and subsidized by them.

Seven years of preparation made possible the uniting of these five magazines and also gave a voice to four other national organizations without a regular publication. This venture in cooperation occurred a year before the forming of The United Christian Missionary Society. The organizing agency was the Men and Millions Movement.

The first editorial sentence in the first number of *World Call*, January, 1919, was:

"This magazine is meant to be a channel through which the call of the world's supreme needs and the challenge of Christ's supreme leadership may reach the people of God." In further defining its purpose it went on to say: "The world that is the church's field is not merely the geographical world. We must Christianize the whole range and content of every nation's life, especially our own. . . . *This magazine we believe to be here by God's appointment with the simple duty of making known in word and photograph the reality, scope and urgency of the world call and the progress of Christian forces in answering the call.*"

World Call is managed by the World Call Publication Committee on which there are six representatives from the various phases of work of The United Christian Missionary Society, and one each from the Association for the Promotion of Christian Unity, the Board of Church Extension, the Board of Higher Education, and the National Benevolent Association. The Pension Fund cooperates but has not taken membership on the Publication Committee.

Other national agencies may be admitted to membership by vote of the Publication Committee. The agencies agree to share in any deficit on a basis to be determined mutually. It has never been necessary to apply this provision.

The Editor and Chief of Staff is elected by the Publication Committee. He is in charge of editorial and circulation policies and reports to the Committee.

World Call carries no local church news. Its concern is with the total world outreach of the church in the broad sense of the term. While it deals chiefly with the work of Disciples, much space is given to the larger aspects of the Christian world. While practically all Disciple ministers subscribe to *World Call*, its typical reader is the interested and active member and lay leader of the local church.

ANNUAL REPORT

Committee: The World Call Publication Committee is composed of representatives of the cooperating boards. Representing the United Christian Missionary Society are Genevieve Brown, Harry G. Helwig, Virgil A. Sly, Jessie M. Trout, Mae Yoho Ward and Willard M. Wickizer. J. Eric Carlson represents the National Benevolent Association; William T. Pearcey, the Board of Church Extension; H. L. Smith, the Board of Higher Education; and Doyle Mullen, the Association for the Promotion of Christian Unity.

Circulation: The average monthly circulation for the year ending June, 1953, was 63,826, a gain of 1,825 over the year before.

Financial Report: Receipts from advertising and subscriptions for the year ending June 30, 1953, were \$116,405.69, a gain of \$6,997.16 over the year before. The year closed with a cash balance of \$14,911.21. Further increases in the cost of production have come during the year, and total costs of operation will be even greater in the year ahead.

Ten Per Cent Legion: In the September issue of *World Call* 733 churches were listed in the Ten Per Cent Legion for having sent in subscriptions (with a minimum of ten) equal to ten per cent or more of their resident membership as reported in the Year Book. This was an increase of 44 over last year. There were 145 churches with subscriptions equal to or more than twenty per cent of their membership, and 27 churches more than doubled their subscriptions within the year.

First Ten Churches: The churches listed below led the brotherhood in *World Call* subscriptions. The two named last tied for tenth place. In the first and second churches *World Call* goes to all families supporting the missionary, benevolent and educational work of the church.

MINISTERS' DIRECTORY

This list was compiled from all available sources. Each name was checked for proper classification with the State Secretaries or individuals themselves. Every effort has been made to compile a complete and accurate list of all known ministers who are either (1) preaching or (2) ordained. Names without known addresses have been omitted. This list was up to date as of December 1, 1953.

NOTE: Commission on Veterans and Military Services will forward only first class mail addressed to Chaplains at the addresses below.

Statistical Tables

PERIOD COVERING: July 1, 1952, to June 30, 1953, except as otherwise noted.

CHURCHES LISTED: those congregations which according to the best knowledge of the Year Book Office are affiliated with the religious body designated in government statistics as "Disciples of Christ." The minister designated as serving each Church is the minister of such Church *at the time the Year Book went to press*. Such minister may not necessarily have been serving the Church during the year ending June 30, 1953.

THE COLUMNS are uniform in all States EXCEPT Kansas, Kentucky, Oregon, Texas and the Canadian Provinces. Offerings which are not classified under a column are listed at the end of each State report.

EXPLANATORY NOTES:

DESIGNATED OFFERINGS: includes offerings given through Unified Promotion to any of its cooperating agencies (sometimes given direct to agency) and which are not subject to division. They are monies "over and above" the regular percentage share of the recipient. The National City Christian Church participates in Unified Promotion only through designated money.

TOTAL OFFERINGS: includes all monies given to all causes.

PER CAPITA GIVING: based on the total giving of each church excluding local expense.

CODES:

- | | |
|--|--|
| e—Estimated. No report received. | **—Indicates some offerings for church listed at end of State. |
| ss—Bible school organization only. | †—Consists of offerings made to directly supported missions, charity, Red Cross, Church World Service, American Bible Society, World Council of Churches, National Council of Churches, Community Chest, Committee on Relief Appeals, and to any other agency or cause to which the church has contributed during the year except to organizations reporting to the International Convention of Disciples of Christ. |
| cwf—Christian Women's Fellowship. | |
| $\frac{1}{2}$, $\frac{1}{4}$, $\frac{1}{8}$ —The fraction in front of name of church indicates the proportion of time the church has preaching during the month. | |
| irr—Irregular preaching. | |
| *—Indicates the local expense. Figure includes money raised during the year for Building Fund purposes | |

THE EXPENDITURE OF THE U.S. DOLLAR

Computed by the Golden Rule Foundation on the basis of the report of the U. S. Department of Commerce for personal consumption expenditures.

TAXES include direct payments shown in the Department's report to which is added a low estimate of "hidden taxes."

LUXURIES include alcoholic, beverages, tobacco, cosmetics, jewelry, and many items in recreation and foreign travel and selected luxuries in clothing and accessories. There are undoubtedly many other "luxuries" in other categories that are not easily determined which would increase this low estimate.

ACTUAL COST OF A CHARITABLE GIFT—AFTER TAX (FOR 1953)

Here is what you actually pay out in cash for your charitable gift. The first line below is the amount of your gift. That gives you a tax saving according to your income. Find your income at the left, then the table to the right shows you the real cost of each gift. It is the initial cash outlay, less the tax saved by making the gift.

If the income after deductions (excluding the contribution) and exemptions for a

MIDWAY JUNIOR COLLEGE

Operated under the name of the
Kentucky Female Orphan School,
 for more than 100 years
 at
Midway, Kentucky

Ministers and official boards of the Disciples of Christ, throughout America and Canada, as well as their missionaries in foreign countries, are invited by the Midway Junior College to appoint a Midway School Committee to represent their church. It will be the responsibility of this committee to search in their own neighborhood for needy and worthy girls from broken homes who are ambitious to secure a Christian education and who are capable to taking training in the fields of liberal arts, teacher training, pre-nursing, home-making, business training, music and religion.

Midway Junior College, with eleventh to fourteenth grades, is a member of the American Association of Junior Colleges, and is fully accredited by the Southern Association of Colleges and Secondary Schools.

We cordially invite your cooperation.

The United Christian Missionary Society is a channel through which the churches of the Disciples of Christ carry forward a world-wide program of Christian Education and Missions.

We are deeply cognizant of our responsibility and most grateful to the churches for their support. It is our prayerful hope that together our united efforts be expressed in fulfillment of "The Great Commission" that the kingdoms of this world become the kingdoms of our Lord and Saviour Jesus Christ.

ENDICOTT'S NEW
Cushion-Eze*
CHURCH PEWS

designed to provide
MATCHLESS COMFORT
EASY CLEANING
LONG-LASTING BEAUTY...

FOAM CUSHIONING
at its best!

Why not be comfortable in church, too? You enjoy "easy chair" comfort in the home . . . theaters provide it . . . and it's a "must" in modern transportation seating.

Cushion-Eze is an aid to worship. This soft, resilient foam cushioning provides a new kind of comfort . . . makes for a more relaxed and attentive congregation.

Endicott's exclusive cushioning method. Soft foam rubber is covered with colorful Naugahyde, a soil-proof, plasti-fused fabric. Four individual sections are tacked, glued and splined to Endicott's form-fitting pews. Rugged Naugahyde outwears ordinary fabrics and leather, doesn't crack, peel or scuff. Guaranteed for 15 years.

Cushion-Eze seating adds new beauty to your church. Fabric available in many

RAISE FUNDS

BY SELLING

CHURCH *Fotoware*

Hundreds of church groups are selling these lovely Commemorative plates to raise money for building funds, organs, furnishings, etc.

FOTOWARE is photography on chinaware. Yes, a photograph of YOUR CHURCH is actually reproduced on pre-sensitized chinaware, after which a protective treatment is applied making it a permanent and decorative keepsake.

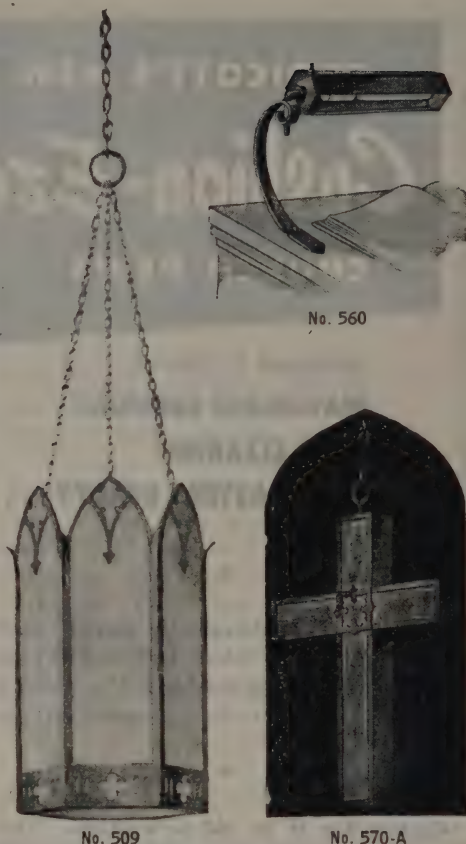

Your group will enjoy this fascinating and yet dignified means of raising funds. Imagine how eager each member will be to have a lovely gold-bordered plate, picturing her own church in the warm soft tones of a photograph.

- Initial orders for as few as 25 plates, re-orders for 12 or more.
- Large 10" plates with choice of gold leaf border or plain gold rim.
- No art charge for removing unsightly objects from photo or adding others to enhance its beauty.

THE HIDDEN HEART

A thirty-minute feature sound motion picture

• • • • •

First, meet Charlotte, the daughter and Mr. and Mrs. Stephen Ware. They are shocked to learn that Charlotte has formed a life philosophy based on their actions rather than on the ideals they thought to teach. With them you will be shocked to hear her say, "I know what I want: comfort and security . . . this year, this month, today!"

Then meet Phil the son. He has just returned from a summer work camp.

As you share in the excitement, drama and humor of their story you will also be led to consider the Christian's responsibility for complete dedication of life.

Can your church afford not to have
"Carillonic Bells"?

Enthusiastic leaders of churches owning instruments tell us that the worth of this electronic carillon cannot be expressed in dollar value, or even in the pleasure its beautiful music gives the community. Again and again they agree on ten outstanding benefits *they have tested* after choosing "Carillonic Bells":

1. They "advertise" the church.
2. They prepare folks for worship.
3. They increase attendance.
4. They enhance the beauty of the service.
5. They increase membership.
6. They comfort the sick and shut-ins.
7. They inspire new character in many.
8. They bring religious thoughts every day.
9. They create a cultural atmosphere.
10. They build the influence of the church.

We'll gladly arrange for you to hear "Carillonic Bells" played on an installation near you. Then judge its superiority for yourself, and see how reasonably your church can install one. Write for descriptive literature:

THE "GO SIGN" IS ON NOW IS THE TIME TO ENROLL!

The Pension Plan makes available the five following benefits: (1) one-third of the church's annual income now participating in the Pension Plan enroll in the "Family Protection Program" by July 1, 1954.

RETIREMENT

Pension payable upon retirement after age 65.

ANNUAL PENSION—The accrued Pension Credits—1/70th of total salary upon which required dues have been paid.

WIDOW PENSION—One-half of Member Pension.

DEATH BENEFIT—\$500 to Members retiring under Family Protection Program.*

TOTAL AND PERMANENT DISABILITY

Protection available after one year's membership up to age 65.

ANNUAL PENSION—10% of average salary but not to exceed \$200 a year. Plus maximum of \$300 a year for all entering Disability under the Family Protection Program, making a total disability pension not to exceed \$900 a year.

WIDOW PENSION—A maximum of one-half accrued Pension Credits or \$300 a year, whichever is greater.

MINOR CHILD PENSION—\$100 a year.

DEATH BENEFIT—\$500 upon death in Disability under Family Protection Program.

DEATH IN ACTIVE SERVICE

Protection available on receipt of first dues payment.

DEATH BENEFIT—\$1,000 as under the present Plan

Plus one year's salary or lump sum up to \$4,000 for members to age 65. Members age 65 and above still in active service receive lesser amounts established by proven actuarial tables.

WIDOW PENSION—A maximum of one-half of accrued Pension Credits or \$300 a year whichever is greater.

MINOR CHILD PENSION—\$100 a year.

FULL ORPHAN PENSION—Continuance of Widow Pension in addition to Minor Child Pensions, equally divided among the orphans.

The above Plan incorporating all the benefits of the Present Pension Plan and "The Family Protection Program" will call for participating member dues of 3% of the monthly salary and an amount equal to 9% for the church.
